COUNTY OF LOS ANGELES SHERIFF'S DEPARTMENT

INVESTIGATIVE SUMMARY

INCIDENT: On-Duty Hit Shooting - Suspect Deceased

IAB FILE NUMBERS: SH 2379076

URN#: 015-01773-2318-013

DATE/TIME: May 7, 2015, 1621 Hours

LOCATION: Palm Place, Cerritos, CA

On Thursday, May 7, 2015, an Internal Affairs Bureau (IAB) team comprised of Lieutenant Dominic Valencia, Sergeant Catrina Khasaempanth, and Sergeant John Adams responded to a hit shooting in the Cerritos Patrol Station jurisdiction.

Suspect Nephie Arreguin (Suspect Arreguin) sustained one gunshot wound to his chest during the incident, and died at the scene, after driving his vehicle toward and striking Deputy Fitzgerald. Deputy Fitzgerald suffered bruising and abrasions from being struck by the vehicle during the incident.

Sergeant Joseph Ramirez and Detective Raymond Lugo from the Los Angeles County Sheriff's Department Homicide Bureau arrived and assumed control of the shooting investigation. For further information, refer to the Homicide case book, Homicide interviews, and transcriptions of those interviews (Exhibit A).

IAB Lieutenant Valencia checked to see if the watch commander, Sergeant Michael Guthrie, took reasonable steps to ensure the involved and witness personnel gathered in the company of a supervisor until they provided a statement to the assigned investigators.

Internal Affairs Bureau Investigators interviewed Department personnel as part of this shooting investigation. Following is a summary of the investigation, including their interviews. For more information and precise wording, see the attached verbatim interview transcriptions in the Involved Deputy Interviews. Homicide Bureau Investigators interviewed Department personnel and civilian witnesses in this shooting investigation. For more information and precise wording, see attached verbatim interview transcriptions in the Homicide Case Book (Exhibit A).

SYNOPSIS

On May 7, 2015, Cerritos Sheriff Station received a telephone call from an anonymous female. The female caller told the telephone operator a female Black came to her door looking for someone that does not live at the location, and gave the location as Beach Street in the city of Cerritos. The female caller described the female Black as being 25 years old, wearing pink sweatpants and a black shirt. The female caller advised, the female Black left the area in a Gray Chevrolet Impala vehicle, with a California license plate of (Exhibit A, CD #1, Call for Service).

Deputy Long, Unit 230G1, was assigned the handle on the call for service, Incident #CER15127-0130 (Miscellaneous Documents), and Deputy Fitzgerald assigned the assist. Deputy Long coordinated the call on with Deputy Fitzgerald and a plan was formulated to check the area for the vehicle and the female Black (Exhibit A, CD #1, Deputy Ortiz heard the radio traffic on and added himself to the call to assist (Ortiz, page 4).

IAB Note: Over the past two years, the city of Cerritos suffered a series of residential burglaries. Deputy Fitzgerald and Deputy Long were assigned to a Burglary Suppression Team. The Burglary Suppression team consisted of a sergeant and six deputies. The team had worked together for approximately two years at the date of the shooting and conducted specialized training together.

Prior to arrival in the area, Deputy Fitzgerald conducted a Department of Motor Vehicles (DMV) check of the license plate provided in the call, California and learned the vehicle was a rented vehicle from PV Holding Corporation. Deputy Fitzgerald recognized the modus operandi (M.O.) pattern as being a part of a pattern the Burglary Suppression Team dubbed the "Knock Knock" technique (*Fitzgerald, pages 6-7*).

IAB Note: The "Knock Knock" pattern described a way residential burglaries were being done. Two to four suspects entered residential neighborhoods, chose a house, and one suspect knocked on the residence front door. If a home owner answered the door, the suspect asked the homeowner for an unknown person. If a homeowner did not answer the door, the suspects burglarized the home. It was common for the suspects to have used a rental car during the burglary to avoid detection.

When Deputy Fitzgerald arrived in the area, he checked the neighborhood east of Beach Street, where the call was generated, while Deputy Long checked the neighborhood west of Beach Street. Deputy Fitzgerald checked the area for several minutes when he came to Palm Place and Pires Avenue. Deputy

Fitzgerald looked to the east on Palm Place and saw a female Black (Suspect talking on a cellular telephone. Deputy Fitzgerald saw Suspect crossing the street, north to south, and walking east on Palm Place (Fitzgerald, pages 8-10).
Deputy Fitzgerald saw matched the general description given in the call and drove his marked black and white patrol vehicle east on Palm Place toward he suddenly saw a Gray Chevrolet Impala with the California License plate, parked along the north curb of Palm Place. Since this vehicle matched the suspect's vehicle described in the call, and not wanting to drive past the vehicle, Deputy Fitzgerald stopped his patrol vehicle in the middle of Palm Place, approximately one vehicle car length away, and slightly angled to the suspect's vehicle (Fitzgerald, pages 10-11).
Deputy Fitzgerald exited his patrol vehicle, glanced into the suspect's vehicle without seeing anyone, and decided to detain period by the period out to and ordered her to stop. Deputy Fitzgerald glanced briefly into the suspect's vehicle again through the windshield, and again saw nobody inside of the vehicle. Deputy Fitzgerald continued to give commands to white simultaneously walking up to the front left quarter panel of the suspect's vehicle. Suddenly, Deputy Fitzgerald saw a male (Suspect Arreguin) in the driver's seat of the suspect's vehicle sit up from the reclined driver's seat. Deputy Fitzgerald un-holstered his duty Beretta 9MM handgun, pointed it at the driver in the suspect's vehicle, and ordered him to show his hands. Suspect Arreguin quickly reclined completely back, slightly out of view from Deputy Fitzgerald, and acted to be asleep. Deputy Fitzgerald hit the front left quarter panel with his hand and again yelled at Suspect Arreguin to put his hands up. Suspect Arreguin partially sat up, pretended to wake up, but did not put his hands up (Fitzgerald, pages 15-19).
Deputy Fitzgerald, who now stood between the front left tire and driver's door mirror of the suspect's vehicle, believed he had a burglary suspect inside of the car. Deputy Fitzgerald requested assistance regarding the call and gave his updated location (Exhibit A, CD #1). While he waited for his assisting units, Deputy Fitzgerald continued to give commands to Suspect Arreguin, and watched him through the windshield of the suspect's vehicle. Deputy Fitzgerald also watched who cooperated with his orders. Deputy Fitzgerald saw Suspect Arreguin slightly raised his hands, then quickly lowered them toward his waistband area, out of Deputy Fitzgerald's immediate view. Suspect Arreguin looked at Deputy Fitzgerald, reached toward his waistband area numerous times, and did not comply with Deputy Fitzgerald's commands. Deputy Fitzgerald feared Suspect Arreguin was retrieving a weapon, so he maintained his focus on Suspect Arreguin.

Deputy Long heard the assistance request from Deputy Fitzgerald, acknowledged the request on the radio, and rolled Code 3 toward Deputy Fitzgerald's location (**Exhibit A, CD #1**). Deputy Long drove toward the location and passed Deputy Ortiz (*Long, pages 9-10*). Deputy Ortiz was unsure of the exact location of Deputy Fitzgerald, so he followed Deputy Long, and believed Deputy Long knew the exact location of Deputy Fitzgerald (*Ortiz, page 6*).

As Deputy Fitzgerald waited, he heard sirens in the distance. He continued to give commands to Suspect Arreguin, and knew his assisting units were near. Within a minute, Deputy Fitzgerald saw Deputy Long arrive, along with another assisting unit (Deputy Ortiz). Deputy Long parked his patrol vehicle, off-set and behind Deputy Fitzgerald's, and exited his patrol vehicle. Deputy Long walked along the passenger side of Deputy Fitzgerald's patrol vehicle, and to the front, a few feet to the right of Deputy Fitzgerald. Deputy Fitzgerald told Deputy Long he had one suspect in the vehicle and one suspect down the street. Deputy Long looked east on Palm Place and saw lying down on the sidewalk, being cooperative. Deputy Fitzgerald continued to give verbal commands to Suspect Arreguin. Deputy Long covered the suspect inside the vehicle with his weapon drawn and prepared to remove the suspect with Deputy Fitzgerald (Fitzgerald, page 20; Long, pages 13-14).

Simultaneously, Deputy Ortiz arrived, parked his patrol vehicle, behind and slightly off-set, to Deputy Long's patrol vehicle, and exited. Deputy Ortiz saw the suspect's vehicle and immediately recognized the license plate as being the same as the one indicated in the call for service. Deputy Ortiz saw Deputy Fitzgerald pointing his handgun at the suspect's vehicle and heard him yelling, "Let me see your hands!" to Suspect Arreguin (Ortiz, page 12).

Within seconds of Deputy Long and Deputy Ortiz' arrival, Deputy Fitzgerald saw Suspect Arreguin sat up and heard the engine of the suspect's vehicle turn on. Deputy Fitzgerald, realizing he was in a bad position, took at least one step back and one step to his right, and tried to create a safe space for himself (*Fitzgerald*, page 24). Deputy Ortiz heard the engine of the suspect's vehicle "rev" up, so he looked over his left shoulder for an avenue of escape if needed (*Ortiz*, page 13).

Deputy Fitzgerald heard the engine of the suspect's vehicle "rev" loudly and saw the vehicle lunged forward and turned to the left, driving directly toward him. Deputy Fitzgerald felt the suspect's vehicle hit the left side of his body, causing his left foot to come off the ground. Simultaneously, Deputy Fitzgerald attempted to push himself away from the suspect's vehicle using his left hand, while maintaining his weapon in his right dominant hand. Deputy Fitzgerald felt his right foot leave the ground and was now partially on the hood of the suspect's vehicle. Deputy Fitzgerald feared Suspect Arreguin would use his vehicle to smash him into his patrol vehicle, so he fired two rounds from his duty weapon through the front windshield of the suspect's vehicle. As Deputy Fitzgerald fired his weapon, he simultaneously pushed off the hood of the suspect's vehicle

using his left hand. Deputy Fitzgerald's momentum from being struck by the suspect's vehicle, combined with him having pushed off, caused him to land face first onto the ground, striking his head on the front of his patrol vehicle. Deputy Fitzgerald saw the suspect's vehicle continue on, so he got to his feet when he heard Deputy Long broadcast "998" over the radio (*Fitzgerald*, pages 25-26).

As Deputy Ortiz was looking for an avenue of escape, he heard the suspect's vehicle's engine "rev" loudly. Deputy Ortiz turned his attention back to the suspect's vehicle and saw it travelled left, away from the curb line at a high rate of speed, directly toward Deputy Fitzgerald, Deputy Long, and himself. Deputy Ortiz moved quickly to escape the path of the suspect's vehicle and heard two shots. Deputy Ortiz did not see who fired the shots. Deputy Ortiz continued to move, and saw as the suspect's vehicle sped past him, narrowly missing him (Ortiz, pages 13-14).

Deputy Long saw the suspect's vehicle suddenly accelerate and turn left, directly at Deputy Fitzgerald. Deputy Long saw Suspect Arreguin turning the steering wheel to the left as the suspect's vehicle sped away. Deputy Long had to quickly move to avoid being struck by the suspect's vehicle. Deputy Long saw Deputy Fitzgerald get struck by the suspect's vehicle and go down to the ground. Deputy Long yelled to Deputy Ortiz over the radio to get the suspect's vehicle (Long, pages 16-19). Deputy Ortiz entered his patrol vehicle and quickly backed up into a driveway to proceed after the suspect's vehicle. Deputy Long, recognized Deputy Fitzgerald appeared "OK", entered his patrol car and quickly backed up, going west on Palm Place. As Deputy Ortiz entered the driveway to complete a three point turn, Deputy Long backed up past him, and backed up all the way to Pires Avenue. Deputy Long looked south on Pires Avenue and saw the suspect's vehicle had crashed into a light pole, severed a fire hydrant, and came to rest against a block wall. Deputy Long drove to the collision and parked his patrol vehicle behind the suspect's vehicle, with Deputy Ortiz close behind him (Long, pages 20-21).

Deputy Long saw water from the fire hydrant was spraying all over the suspect's vehicle. Deputy Long saw the windows on the suspect's vehicle were still up and he was unable to see into the vehicle due to the water and tinted windows. Deputy Long yelled commands to Suspect Arreguin, without any response. Deputy Long approached the vehicle from the passenger side, with his handgun drawn, and attempted to open the passenger door of the suspect's vehicle. Because the passenger door was locked, Deputy Long was unsure if Suspect Arreguin had a firearm or was injured. Deputy Long looked through the front windshield and saw Suspect Arreguin was leaning back in his seat, not moving. Deputy Long believed Suspect Arreguin was injured, so he changed his mind set to a lifesaving one. Deputy Long attempted to break out the passenger window with his asp, as Deputy Ortiz provided cover. The window did not break, so Deputy Long utilized his window punch, and broke the window. Deputy Long

believed if he breached the car window, he would have a better view of Suspect Arreguin (*Long*, pages 21-25).

Once Deputy Long broke the passenger window of the suspect's vehicle, he utilized his asp to break out the glass for a clear view. Deputy Long got wet from the fire hydrant, saw Suspect Arreguin was not moving and was not a threat. Deputy Long opened the passenger door, which required to be forced opened, and realized he was unable to safely get Suspect Arreguin out. Deputy Long looked at Suspect Arreguin and believed he was not going to live, so he exited the suspect's vehicle (*Long*, pages 21-25).

As Deputy Long and Deputy Ortiz attended to the suspect's vehicle and the collision, Deputy Fitzgerald dealt with decocked his duty weapon, ordered complied with the orders, and Deputy Fitzgerald handcuffed her without incident (Fitzgerald, page 28).

Deputy Ortiz maintained control of the scene of the traffic collision while Deputy Long returned to the scene of the shooting to check on Deputy Fitzgerald.

The Los Angeles County Fire Department Station #30 eventually turned the water from the severed fire hydrant off, rendered the electrical wires off, and attended to Suspect Arreguin. Suspect Arreguin died at the scene.

Deputy Fitzgerald was treated at the scene by Los Angeles County Fire Department Engine #30, and transported by ambulance to La Palma Hospital for further treatment.

DISTRICT ATTORNEY'S LETTER OF OPINION

The District Attorney's Office reviewed the investigation and authored a Letter of Opinion stating Deputy Edward Fitzgerald was justified in using deadly force and acted in lawful self-defense and in the defense of others. There would be no further action from the District Attorney in this matter (**Exhibit B**).

WITNESS CIVILIANS INTERVIEWED BY HOMICIDE

Homicide Investigators interviewed numerous civilian witnesses, summarizing their statements in the Homicide Case Book (Exhibit A, pages 57-77). For a detailed account of the interviews, refer to the attached transcripts in the Witness Interview Transcripts.

On May 7, 2015, Witness was interviewed by Sergeant Joseph Ramirez and Detective Raymond Lugo from Homicide Bureau. Witness told Homicide Detectives she knew the driver of the silver Impala (Suspect Arreguin) as "Levi," but did not know his last name. Witness and Suspect Arreguin met earlier in the day and he picked her up to buy marijuana. Witness and Suspect Arreguin stopped on an unknown street. Witness needed to use the restroom, exited the silver Impala, and walked away. As Witness looked for a spot to urinate, she heard a deputy yell at her. The deputy told her to "Stop," so she did and laid on the ground. While on the ground, Witness heard gunshots, saw the silver Impala speed off, and saw the deputy on the ground. After the silver Impala speed off, the deputy walked over to her and handcuffed her. Witness and did not see who fired the shot.

WITNESS

On May 7, 2015, Witness was interviewed by Sergeant Joseph Ramirez and Detective Raymond Lugo from Homicide Bureau.

Witness told Homicide Detectives he was driving his grandson's friend home and when he turned onto Palm Place, he saw a police car stopped in the middle of the street. Witness topped his vehicle approximately two houses away from the police car. Witness turned his head and began to back his vehicle away. Witness to did not see a vehicle leaving at high rate of speed and did not hear any gunshots. Witness as a saw a female get handcuffed by a deputy only.

WITNESS - - - - -

On May 21, 2015, Witness was interviewed by Sergeant Joseph Ramirez and Detective Raymond Lugo from Homicide Bureau.

Witness told Homicide Detectives on the day of the incident, he was inside of his home when he heard someone yell from outside. Witness heard, "Get out of the car! Get the hell out of the car right now."

Witness looked outside his window and saw a deputy pointing a gun at a silver sedan. Witness saw two more deputies arrive and saw the silver sedan suddenly speed away and almost hit one of the deputies. Witness believed the suspect tried to run the deputy over. Witness saw the deputy quickly jump out of the way and the other two deputies open fire.

WITNESS

On May 7, 2015, Witness was interviewed by Sergeant Robert Gray and Detective Daniel Morris from Homicide Bureau.

Witness and told Homicide Detectives she was being dropped off at her home on Palm Place by her friend's dad. Witness was seated in the backseat of the vehicle when they stopped on Palm Place because of a police car in the street. Witness watched from the backseat as a deputy pointed his gun at the suspect's vehicle. Witness saw as other deputies arrived. Witness saw the suspect's vehicle drive away really fast and simultaneously heard gunshots. As the suspect's vehicle sped away, she heard one more gunshot. Witness saw a deputy get into a police car and chase after the suspect's vehicle.

WITNESS -

On May 7, 2015, Witness was interviewed by Sergeant Joseph Ramirez and Detective Raymond Lugo from Homicide Bureau.

WITNESS

On May 7, 2015, Witness was interviewed by Sergeant Robert Gray and Detective Daniel Morris from Homicide Bureau.

Witness told Homicide Detectives she was inside of her residence with her father, Witness watching television when she heard two "pops" from outside. Witness saw a white or silver vehicle speed away on Palm Place. Witness got onto her hands and knees and did not see what occurred outside. Witness saw several patrol vehicles arrive a short time after she heard the "pops."

DEPUTY INTERVIEWS

IAB SH2379076

WITNESS INTERVIEW

SERGEANT EDWARD FITZGERALD

Hoyt: All right, good morning. Today is March the 10th of 2017. It is

approximately 9:40 a.m. My name is Sergeant Jonathan Hoyt. This is my partner, Sergeant Ron Ridley, with the Internal Affairs Bureau, which is commanded by Captain John Roberts. Today we are at Internal Affairs Office with Sergeant Edward Fitzgerald, and we are going to be speaking with him in regards to case SH2379076. And this is in regards to a deputy-involved shooting from May 7th of 2015. Real quick, we're going to go around the room, identify ourselves for the transcriber. Again, my name is Sergeant Jonathan Hoyt, J-O-N-A-T-H-

A-N, last name is H-O-Y-T.

Ridley: Sergeant Ron Ridley, last name spelled R-I-D-L-E-Y.

Hoyt: And, Sergeant Fitzgerald, do me a favor. Fist name, last name, spelling

both for the record.

Fitzgerald: Edward Fitzgerald, ED-W-A-R-D, F-I-T-Z-G-E-R-A-L-D.

Hoyt: And today you're being represented by?

Okwuosa: Maureen Okwuosa, O-K-W-U-O-S-A, with Greene & Shinee.

Hoyt: Thank you. All right, Sergeant Fitzgerald, do you mind if I call you

Edward?

Fitzgerald: Yes, that's fine.

Hoyt: It's just easier. Prior to the interview, did I provide you with this

administrative rights shooting investigation form?

Fitzgerald: Yes.

Hoyt: Did you have a chance to review the form?

Fitzgerald: Yes.

Hoyt: At the top there are two boxes, one in regards to policy and procedures

and the other one are you familiar with its contents. Did you mark "yes"

and initial both those boxes?

Fitzgerald: Yes.

Hoyt: And did you continue reading the form and also sign the bottom of the

form?

Fitzgerald: Yes.

Hoyt: Any questions in regards to the form prior to proceeding?

Fitzgerald: No.

Hoyt: Thank you very much. And just remember you are ordered not to

discuss the facts of this case with anyone with the exception of your

representative or Internal Affairs, okay?

Fitzgerald: Okay.

Hoyt: Any questions before we proceed?

Fitzgerald: No, sir.

Hoyt: All right, what is your employee number?

Fitzgerald:

Hoyt: And what is your current unit of assignment?

Fitzgerald:

Hoyt: Current job title?

Fitzgerald: I am a sergeant.

Hoyt: And a little bit of history on the Department, tell me from when you got

into the academy, what have you worked, what units, what stations, up

until today.

Fitzgerald:

the state of the s

SH 2379076

Page 2 of 32

DEPUTY FITZGERALD

Hoyt: Very good, thank you. All right, we're going to go back a little ways.

We're going to go back to May 7th of 2015. Do you remember that

day?

Fitzgerald: Yes.

Hoyt: Okay. On that day, where were you working at, what station?

Fitzgerald: Cerritos Station.

Hoyt: And were you a deputy or sergeant at that time?

Fitzgerald: I was a deputy.

Hoyt: And what were you working at that time?

Fitzgerald: I was assigned to a residential burglary team.

Hoyt: And what did the residential burglary team consist of?

Fitzgerald: It's a six-man team, and all we handled were residential burglaries that

occurred in the city of Cerritos.

Hoyt: Were they having a large problem with that at that time?

Fitzgerald: Yes.

Hoyt: Okay. And how long were you on that suppression team?

Fitzgerald: Five years.

Hoyt: Five years, okay. Were you a single-man, two-man units?

Fitzgerald: We would do both, but at that time we were single-man cars, single-

man units.

Hoyt: Okay. And going back to that day again, do you remember what you

were wearing on that day?

Fitzgerald: I was wearing a Class A uniform.

SH 2379076 Page 3 of 32 DEPUTY FITZGERALD

Hoyt: I'm going to show you a picture, a picture of you. Look familiar?

Fitzgerald: Yes.

Hoyt: Was that the uniform you were wearing that day?

Fitzgerald: Yes.

Hoyt: Can you go ahead and just describe it for me, please?

Fitzgerald: It's a Sheriff's Department Class A uniform, tan shirt with a badge,

green pants, and patches that say Los Angeles County Sheriff's

Department.

Hoyt: And long sleeves, correct?

Fitzgerald: And long sleeves, yes.

Hoyt: Okay. Do me a favor, I'm going to have you sign the back of this.

That's what you wore on the day of the incident, correct?

Fitzgerald: Yes.

Hoyt: Okay. All right, next thing we're going to go through is what equipment

did you have on you that day? In fact, I'm going to go ahead and show you a picture of your gun belt. Does that look familiar? Is that yours?

Fitzgerald: Yes.

Hoyt: Okay. Go ahead and describe to me everything you had on your gun

belt for that day.

Fitzgerald: It's my County-issue Sam Browne with my holster, with my Beretta, 9-

millimeter, two handcuff cases, County-issue radio, County-issue

pepper spray and magazine holders.

Hoyt: Okay. And were you equipped with a taser on that day?

Fitzgerald: On that day, no.

Hoyt: And what about a baton?

Fitzgerald: Yes.

Hoyt: And where was the baton kept at?

Fitzgerald: That was kept with me in the front seat.

Hoyt: Okay, very good. Thank you. Just go ahead and sign the back of this

one for me, please, just acknowledging that is your picture and your gun

belt.

Hoyt: And what type of firearm did you carry?

Fitzgerald: 9-millimeter, Beretta.

Hoyt: That's a 9-millimeter?

Fitzgerald: 92F.

Hoyt: Okay. And what configuration did you have your firearm? How did you

have it loaded?

Fitzgerald: I had it 15 in the magazine, one in the chamber, with the safety on.

Hoyt: Very good. All right. May 7, 2015, did you respond to a call for service

in regards to a suspicious person?

Fitzgerald: A suspicious vehicle.

Hoyt: Okay, suspicious vehicle. And do you remember where that call was

at?

Fitzgerald: It was on the process on Beach Street which is just east of

Shoemaker, so on the corner of Shoemaker Avenue and Beach.

Hoyt: Okay. And do you recall how that call read?

Fitzgerald: No.

Hoyt: I'll tell you what I'll do. I've got a copy of the call with me, and this is

dated May 7, 2015. It's tag number 130, Cerritos Station. Go ahead and look it over, and if you can, just read the top of it for me, please,

and see what it says.

Fitzgerald: Incident is Beach Street, that's the address of the home. 925A.

which is a suspicious vehicle. Informant is 911N, doesn't want to be contacted, is anonymous. It describes a female black, 25 years old, wearing pink sweatpants, black shirt, knocked on informant's door

looking for someone that doesn't live there. Left in a gray Impala, license plate unknown occupant. And --

Hoyt:

And that's it?

Fitzgerald:

That's it.

Hoyt:

Okay. So you remember -- as you read it, do you remember the call

coming out?

Fitzgerald:

Yes.

Hoyt:

Do you remember if it was priority, if it was voiced?

Fitzgerald:

I don't remember, but usually calls like that that we get that we think it's something our team would handle, they'll voice it, but I don't recall if it

was voiced or not.

Hoyt:

Okay. And who had the handle on that call?

Fitzgerald:

My partner, Sergeant Long. I believe he was 230-George-1.

Hoyt:

Okay. And you were working --

Fitzgerald:

230-George-3.

Hoyt:

Okay. So at the time Deputy Long, now Sergeant Long, had the handle

and you had the assist?

Fitzgerald:

Yes.

Hoyt:

Do you remember if anyone else had the assist on that?

Fitzgerald:

No. It was just us initially.

Hoyt:

Okay. As you either heard the call or you read the call, was it a normal

call or did it raise suspicion to you at all?

Fitzgerald:

It raised suspicions to me.

Hoyt:

And why was that?

Fitzgerald:

Doing residential burglaries, we learned that this was one of the techniques that they use, which we call them knock-knock burglars to

see if a resident is home or not.

SH 2379076

Page 6 of 32

DEPUTY FITZGERALD

Hoyt: Okay.

Fitzgerald: And if a resident is home, the person will make some excuse, "Oh, I'm

looking for John Doe," just to walk away from the house without

suspicion.

Hoyt: Okay. So as a burglary suppression deputy, you recognized that as a

pattern, or an MO, as we call it?

Fitzgerald: Yes.

Hoyt: Okay. And was the call coordinated on either the patch or see ?

Fitzgerald: We did it on After I ran the car, I realized it was a rental, which

is also one of the methods they use while they're casing

neighborhoods, so on least I contacted Sergeant Long and told him, "Hey, I'll go into the neighborhood east of the house. You go to the neighborhood west of the house and see if we can find this car."

Hoyt: Okay. And you said that was on right?

Fitzgerald: Yes.

Hoyt: And was it just the two of you that coordinated together or --

Fitzgerald: Yes.

Hoyt: -- did the other units --

Fitzgerald: No, just us because we were the only two on the call.

Hoyt: Okay. As you were on your way to the call, was it ever updated in any

way that the suspects may have left or maybe now were at a house,

anything like that?

Fitzgerald: No. We were -- I remember or recall dispatcher putting out additional

information on but it was never added to the call.

Hoyt: And do you remember what kind of information that was?

Fitzgerald: I believe it was that the female may be wearing sweats or pajamas.

Hoyt: Okay. All right. Who arrived in the area first?

SH 2379076 Page 7 of 32 DEPUTY FITZGERALD

Fitzgerald: I believe I arrived first.

Hoyt: Okay. And did you go to directly to Beach Street, the location of the

call?

Fitzgerald: I went -- I didn't go to the call because the informant was anonymous,

so I know she didn't want to be contacted, so I basically -- her house is

east of her house.

Hoyt: Okay. So when you drove past the location, did you see the suspects

at that time?

Fitzgerald: No.

Hoyt: Okay. So that's why you drove around the neighborhood to see if you

could find the suspects?

Fitzgerald: Yes.

Hoyt: All right. And as you arrived and you did not see the suspects on

Beach Street, did you advise them suspects were not at the location and you're going to look around or advise them to look around other

areas?

Fitzgerald: I told my partner, Sergeant Long, "Hey, you look in the neighborhoods

east or west, and I'll look in the neighborhoods east of the area"

because I didn't know if they had left or if they were still driving through

the neighborhoods.

Hoyt: Okay. And so you said you went east?

Fitzgerald: Yes.

Hoyt: And as you began to look around, how long do you think you were

looking around the neighborhood for?

Fitzgerald: Oh, I hit all those streets and all those cul-de-sacs, so I was looking 10

minutes, 15 minutes.

Hoyt: So you spent a good amount of time looking?

Fitzgerald: Yeah, because up and down every street because it's nothing but cul-

de-sacs and a lot of streets in that neighborhood.

SH 2379076 Page 8 of 32 DEPUTY FITZGERALD

Hoyt: Okay, so you're pretty familiar with the area?

Fitzgerald: Yeah.

Hoyt: Okay. Were burglaries in that area being hit hard?

Fitzgerald: Yes.

Hoyt: Okay. All right, so eventually you get to Palm?

Fitzgerald: Yes.

Hoyt: And the other street is?

Fitzgerald: It's going to be Palm -- the north and south street is Pires.

Hoyt: Piers, and that's -- how do you spell that?

Fitzgerald: P-I-R-E-S.

Hoyt: Okay. And so the east-west would be -- was Palm?

Fitzgerald: Was Palm.

Hoyt: And so you get to Palm, and how far away is Palm from Beach?

Fitzgerald: Oh, it's probably half a block, maybe half a mile. It's going to put us

almost in the middle of Shoemaker and Carmenita. So it's --

Hoyt: Several blocks?

Fitzgerald: Yeah.

Hoyt: Okay. It's not like one street to the next?

Fitzgerald: No.

Hoyt: It's several streets apart?

Fitzgerald: Yeah.

Hoyt: Okay. And as you get to Palm, what happened? What did you see?

Fitzgerald: I'm getting ready to pull onto Palm and I'm -- it's a cul-de-sac, and I see

a female black walking across the street. I go well, that fits the

SH 2379076 Page 9 of 32 DEPUTY FITZGERALD

Hoyt: Okay, so you're pretty familiar with the area?

Fitzgerald: Yeah.

Hoyt: Okay. Were burglaries in that area being hit hard?

Fitzgerald: Yes.

Hoyt: Okay. All right, so eventually you get to Palm?

Fitzgerald: Yes.

Hoyt: And the other street is?

Fitzgerald: It's going to be Palm -- the north and south street is Pires.

Hoyt: Piers, and that's -- how do you spell that?

Fitzgerald: P-I-R-E-S.

Hoyt: Okay. And so the east-west would be -- was Palm?

Fitzgerald: Was Palm.

Hoyt: And so you get to Palm, and how far away is Palm from Beach?

Fitzgerald: Oh, it's probably haif a block, maybe half a mile. It's going to put us

almost in the middle of Shoemaker and Carmanita. So it's -

Hoyt: Several blocks?

Fitzgerald: Yeah.

Hoyt: Okay. It's not like one street to the next?

Fitzgerald: No.

Hoyt: It's several streets apart?

Fitzgerald: Yeah.

Hoyt: Okay. And as you get to Palm, what happened? What did you see?

Fitzgerald: I'm getting ready to pull onto Paim and I'm -- it's a cul-de-sac, and I see

a female black walking across the street. I go well, that fits the

SH 2379076 Page 9 of 32 DEPUTY FITZGERALD

description, so I kept driving up and then I realized, oh, there's a silver car that matches.

Hoyt: Okay.

Fitzgerald: And then I realized, oh, that's the license plate, and I stop my car right

there once I realized that that's the car.

Hoyt: Okay. So you didn't pass Palm, see them, and then go down Palm?

Fitzgerald: No.

Hoyt: You actually came down Palm --

Fitzgerald: I had to turn onto Palm.

Hoyt: And that's when you saw them?

Fitzgerald: Yeah.

Hoyt: Okay. And as you turn onto Palm and you see the female black and

even the vehicle, did you advise your other units that you found them or

what did you do next?

Fitzgerald: When I realized oh, that's the car, I stepped out and looked to see if

anybody was in the car.

Hoyt: Okay.

Fitzgerald: The car was empty, so my thinking is I see her walking. She's got a cell

phone. I need to get that phone because that's how they communicate

with each other.

Hoyt: Okay.

Fitzgerald: She's the lookout. I don't know where these guys are at, but if I can get

that phone, I can get my guys here and set up a big containment before

they know we're here. So that was my thinking right at that point.

Hoyt: Okay. And you believed getting her phone would help you out due to

what?

Fitzgerald: Tactically, I would be able to prevent her from calling her partners that

are in somebody's house and them getting away.

SH 2379076 Page 10 of 32 DEPUTY FITZGERALD

Hoyt: Okay. And you believed that through your experience as being on the

team, correct?

Fitzgerald: Yes.

Hoyt: Okay. Now as you see her and you stop your vehicle, did you believe

that she was the only suspect in the immediate area or were you aware

of the second suspect prior to arrival on that street?

Fitzgerald: No.

Hoyt: And so as far as the call said, there was one suspect?

Fitzgerald: Yeah. And unknown occupants, so --

Hoyt: Okay. So you said the female black was walking away. How far away

from her did you stop the car?

Fitzgerald: She was probably two houses away from me, and she's walking in a

southeast direction. She didn't even know I was there.

Hoyt: Okay.

Ridley: Real quick, I just want to ask a question. In regards to your burglary

suppression team that you were assigned to, is there something about that position that made you aware of whether or not these people work

alone or in groups?

Fitzgerald: From my experience, there are either two to four in that crew. We've

had male/female, female/female. Usually one driver will look out. Everybody else is in the house. And I've had it from two up to four,

occasionally five, but it's usually two or more.

Ridley: And that's why in this case you thought there were additional suspects?

Fitzgerald: Yes.

Ridley: Okay, thank you.

Hoyt: And as you stop your vehicle, prior to getting out of your vehicle, how

close -- well, where in the street did you stop?

Fitzgerald: I stopped almost in the center of the street a little bit to the driver's side.

Hoyt: Okay. And why did you stop there?

SH 2379076 Page 11 of 32 DEPUTY FITZGERALD

Fitzgerald: Once I realized that was the car, I stopped. I go -- there's usually

multiple -- I don't want to drive past that car. It's a cul-de-sac. She's going to know I'm there once I drive past her, and I don't know where the other guys are going to come out of, if they do come out on the

street.

Hoyt: Okay. And you said you exited your vehicle?

Fitzgerald: Yes.

Hoyt: The female suspect is still walking away and it appears she has --

doesn't even realize you're there. You look into the vehicle and you see

nobody in it?

Fitzgerald: Yeah. Windows are tinted, car is empty.

Hoyt: And which window do you look in originally?

Fitzgerald: I stepped out and looked through the windshield first.

Hoyt: Okay.

Fitzgerald: Looked in, no one's sitting in the car. I started to step out to call to her,

get her attention, she turns, and that's when the driver pops up.

Hoyt: And when you say "pops up" --

Fitzgerald: He was reclined and covered up with a jacket in the front of -- in the

driver's seat of the car.

Hoyt: Okay. So that explains why you didn't see him the first time.

Fitzgerald: Right, correct.

Hoyt: Because he was leaning back, all right. What I'm going to do is real

quick I'm going to go over some photos with you so we can try to get an understanding of how the cars were positioned. The first one I'm going

to show you is an aerial photo. Does that look familiar?

Fitzgerald: Yes

Hoyt: It's an aerial photo. This is actually --

Fitzgerald: This is going to be --

SH 2379076 Page 12 of 32 DEPUTY FITZGERALD

Hoyt: Palm?

Fitzgerald: Palm.

Hoyt: Okay.

Fitzgerald: This will be Beach. It's hard because everything looks alike --

Hoyt: Oh, yes, yes.

Fitzgerald: -- so I'm trying to remember, but the suspect's vehicle was parked along

the curb.

Hoyt: And do you remember in front of which house, how far down the cul-de-

sac it was?

Fitzgerald: I don't recall, but I know the address because I put it out.

Hoyt: Okay.

Fitzgerald: Yeah.

Hoyt: And I'm going to show you the next photo. Does that one look familiar

also?

Fitzgerald: Yes.

Hoyt: Looks a little bit familiar? All right, what I'm going to do, I'm going to do

the first one, the aerial view, and to the best of your recollection, and I know it's been a while, can you draw a picture of where the suspect car was? Maybe, Still now drawing? Here, try this. We'll do a Sharpie.

Okwuosa: Sharpie.

Hoyt: Time for a Sharpie. I know it's not going to be to scale, so that's okay.

And he was facing which direction?

Fitzgerald: He's facing westbound.

Hoyt: Okay. Can you do me a favor? Just point, do an arrow or -- there you

go. Thank you. And approximately where did you park your vehicle?

Fitzgerald: I believe I was right about here.

SH 2379076 Page 13 of 32 DEPUTY FITZGERALD

Hoyt: And the same thing as -- yeah, there you go. And real quick, with an x,

where was the female?

Fitzgerald: She was probably right about in this way.

Hoyt: Okay. And that's when you first saw her, correct?

Fitzgerald: I first saw her back here. That's why I didn't focus on the car right away

because I'm tracking her.

Hoyt: Okay.

Fitzgerald: And I'm rolling up the street.

Hoyt: All right.

Fitzgerald: And then I -- oh, there's the car.

Hoyt: Okay. And just sign the back for me on that one, please.

Hoyt: How far away from the front end of your patrol car do you think you

were from the suspect vehicle?

Fitzgerald: Car length.

Hoyt: Okay. You weren't right next to it?

Fitzgerald: No. No.

Hoyt: I'll keep this right here in case you want to look at it again. The next

one I'm going to show you -- here, I'll show you this one. I'll mark this one as number 2 on the back. Same thing, as you look at it, is that your

patrol vehicle?

Fitzgerald: Yes.

Hoyt: And your vehicle is facing which direction?

Fitzgerald: It's facing eastbound.

Hoyt: Okay. And there's no suspect vehicle in this picture?

Fitzgerald: No.

Hoyt: Can you approximately draw, again just a square of where he was at?

SH 2379076 Page 14 of 32 DEPUTY FITZGERALD

Hoyt: And you say at least a car length away?

Fitzgerald: Yeah.

Hoyt: So from the front left quarter of your car to the front left quarter of his

car, you're saying about one car length?

Fitzgerald: Yeah.

Hoyt: Okay. So when you first pull up, you don't see him in the car at all?

Fitzgerald: No.

Hoyt: You begin to focus on her. Did you call out to her?

Fitzgerald: Yes.

Hoyt: Did she pay attention to you?

Fitzgerald: Yes.

Hoyt: Did she say anything to you?

Fitzgerald: No.

Hoyt: And as you were yelling out to her, did you step away from your vehicle

to go get closer to her?

Fitzgerald: Yes.

Hoyt: As you get out of your vehicle, did you close your patrol car door?

Fitzgerald: Yes.

Hoyt: And as you walk away, how far do you think you got away from your car

before you realized that guy sat up?

Fitzgerald: I got up to probably right around the front of his car, the front wheels of

his car.

Hoyt: Okay. And as you were yelling at her and attempting to detain her, did

you have her at gunpoint? Did you have your gun out?

Fitzgerald: No. No.

SH 2379076 Page 15 of 32 DEPUTY FITZGERALD

Hoyt: Gun completely holstered at that point?

Fitzgerald: Yes.

Hoyt: Okay. And, I'm sorry, I don't remember, did the female acknowledge

you?

Fitzgerald: Yes, she turned around.

Hoyt: Did she say anything to you?

Fitzgerald: I don't recall because as soon as I called to her, he sat up and my

attention immediately went to him, the driver.

Hoyt: And as he sat up, what happened?

Fitzgerald: He sat up and then he sat back down, got on the radio, asked for

backup regarding the 925 call -- car that was the call we were on, asked for backup. Told her to sit down on the curb. She complied and sat down on the curb. I started giving the driver orders to sit up, to show me his hands. He was acting like he was sleeping in the car and I

wasn't there.

Hoyt: Let me stop you real quick. You said "acting," do you believe he was

sleeping or do you believe he was just acting as if he was sleeping?

Fitzgerald: Well, I saw him sit up and lay back down, so I knew he was awake.

Hoyt: Okay. So when you saw him sit up, lay back down, and as he laid back

down, that's when he began to act like he was sleeping?

Fitzgerald: Yeah. He laid back down and closed his eyes.

Hoyt: Okay. All right.

Fitzgerald: Yeah. He wasn't moving.

Hoyt: And then what happened after that?

Fitzgerald: I was yelling at him, identifying myself. I wasn't getting any

acknowledgement from him. Actually banged on the side of the car with

my hand making noise.

Hoyt: And which side of the car?

SH 2379076 Page 16 of 32 DEPUTY FITZGERALD

Fitzgerald: The hood and the left fender of the car.

Hoyt: Okay.

Fitzgerald: Making as much noise as I could, like you know, "Sheriff's Department,

let me see your hands." I'm banging on the car loud enough that if

anybody was in there sleeping, would have woke them up.

Hoyt: Okay. And how many times do you think you looked in the car before

you saw him?

Fitzgerald: Well, probably twice. When I first initially stepped out, made a quick

look, got out of the car, looked again, didn't see anybody, and then

approached the call to the female.

Hoyt: Okay. So you looked in the car at least twice and didn't see him?

Fitzgerald: Yeah.

Hoyt: And were you able to see into the driver's door window?

Fitzgerald: When I was up close, yes.

Hoyt: Once you saw him and banged on the door or on the quarter panel or

the fender, what happened next?

Fitzgerald: He sat up halfway, sat back down, lowered the window about two

inches. I told him, "Let me see your hands. Step out of the car." He rolled the window back up. I could hear a radio, the sirens of the radio

cars responding.

Hoyt: And that was from your assistance request?

Fitzgerald: Yes.

Hoyt: Okay.

Fitzgerald: I know they were getting close. I kept giving him orders. He finally sits

all the way up.

Hoyt: And let me stop you real quick. As you're giving him those original

orders, cracks his window, cracks it back up, you're giving those orders,

were you attempting to detain him at gunpoint at that point?

SH 2379076 Page 17 of 32 DEPUTY FITZGERALD

Fitzgerald: At that point, yes, I was.

Hoyt: Okay. And what caused you to attempt to detain him at gunpoint?

Fitzgerald: The initial call. He's not complying with me. Recent burglaries, in the

area where weapons have been stolen out of homes. We know that they like to take jewelry, cash, and guns. I don't know if they had hit any houses prior to me finding them and knowing what they like to steal, I believed there was a good chance that there was a weapon in

that car.

Hoyt: Okay. So as you're ordering him to show his hands, does he make eye

contact with you so you know he sees you?

Fitzgerald: Yeah, he looks at me.

Hoyt: Okay. And as you continue to give him these orders, is he putting his

hands up or what's he doing with his hands?

Fitzgerald: He'd bring them up and then put them right back down to his waistband.

Hoyt: And so you're basically just telling him, "Show me your hands." When

you first started giving him these orders, did you maintain your position

or did you walk back up? Did you try to find cover?

Fitzgerald: At that point I maintained my position because I didn't want to lose sight

of his hands. I felt if I backed up I would lose sight of his hands, and if he did have a weapon he would have a jump on me because I didn't realize, okay, I didn't want to turn around and take my eyes from him, off of him. I didn't know exactly where my car was, so I didn't know how far I'd have to go back. I knew it was a car length, but I'm like, okay, I got a suspect over here on the curb. I got him. At least the ground that I gained I know I can watch his hands. She's compliant. He's not.

Once I lose his hands, I know he's got the jump on me if he does decide

to come up with a weapon.

Hoyt: Okay. And as you're keeping an eye on him, giving him orders, were

you also keeping an eye on the female at the same time?

Fitzgerald: Yes.

Hoyt: So you were multi-tasking between the two as best you can?

Fitzgerald: Yes.

SH 2379076 Page 18 of 32 DEPUTY FITZGERALD

Hoyt: And as you're yelling at him or giving him orders, were you able to get

on the radio and give any further advisements?

Fitzgerald: I know somebody asked for an airship. I don't remember if it was me,

but I remember them saying that they were busy. They were 10-6 in another area. For some reason I remember that coming clear, I was like great. I got guys running all over the place. I don't have a

helicopter.

Hoyt: Okay. And as you looked -- when you're keeping a visual on the

suspect in the car, was that through the front windshield or through the

driver's door window?

Fitzgerald: It's both. I was along where the mirror was, so I had both. I had the

windshield and the driver's door that I could look through both.

Hoyt: Okay. And approximately how far away from either the driver's door

window or the front windshield were you standing?

Fitzgerald: I was by the wheel well of the car, the last wheel well by the tire.

Hoyt: So two, three feet away from the --

Fitzgerald: Yes.

Hoyt: -- from the windows itself, but you were right next to the car?

Fitzgerald: Yes.

Hoyt: Okay. And how long do you think you were giving orders before your

first unit arrived?

Fitzgerald: Oh, they got there fairy quick, probably a minute.

Hoyt: And in that minute, the suspect's -- how many times do you think he

raised his hands and lowered his hands?

Fitzgerald: Oh, at least a dozen times.

Hoyt: Okay. And who arrived first, backup unit, if you recall?

Fitzgerald: Sergeant Long.

Hoyt: And do you know where he positioned his vehicle?

SH 2379076 Page 19 of 32 DEPUTY FITZGERALD

Fitzgerald: No.

Hoyt: And do you know who was second?

Fitzgerald: No.

Hoyt: So Sergeant Long, then Deputy Long, arrived and where did he go?

Fitzgerald: I knew he was to my right because I caught a corner of him because he

was going to deal with the female suspect --

Hoyt: Okay.

Fitzgerald: -- but that's when I told him, "Hey, the guy in the driver's seat is not

cooperating. He's going to be our problem." So he focused on him also

with me.

Hoyt: So you guys did have a moment to discuss what's going on with the

driver?

Fitzgerald: Yes.

Hoyt: And do you remember what Deputy Long said at that time?

Fitzgerald: At that time I know that I saw him move, so I know he was focusing on

the driver with me.

Hoyt: Okay.

Fitzgerald: But I don't know if he said anything.

Hoyt: Okay. And I'm going to go back to this photo number 2 real fast. This

is about the clearest photo I have. With the Sharpie again, can you put just your first -- let's do your last initial, your last initial, approximately

where you were standing it.

Fitzgerald: Okay, because you have the wheel well here.

Hoyt: And approximately where was Sergeant Long?

Fitzgerald: I believe he was somewhere over here.

Hoyt: So he was closer to your radio car then?

Fitzgerald: Yes.

SH 2379076 Page 20 of 32 DEPUTY FITZGERALD

Hoyt: Okay. So there was a little bit of distance, but still within a car length?

Fitzgerald: Yeah.

Hoyt: Okay. And when Deputy Long arrived, did you maintain your position?

Fitzgerald: Yes.

Hoyt: And what was your and Deputy Long's plan at that moment, if you had

one, to deal with the driver?

Fitzgerald: I was going to back away from the car with that and get -- because now

I have my backup there who could watch him and I could back away safely, but seconds after Sergeant Long got there, I heard the engine of

the car start up.

Ridley: I have a quick question. I don't know if this photo would indicate the

positon of the female. Where would she be?

Fitzgerald: She would have been up here somewhere.

Ridley: Okay.

Fitzgerald: Up on the curb.

Ridley: Okay.

Fitzgerald: So she may have been --

Ridley: And that's on the other side of the street?

Fitzgerald: Yes. That's on the south side of the street.

Ridley: Okay.

Hoyt: And the suspect's car is on the north side?

Fitzgerald: On the north side.

Ridley: Okay. Okay.

Fitzgerald: So they're like the car is here and she's here and I'm here.

Ridley: Got it. So --

SH 2379076 Page 21 of 32 DEPUTY FITZGERALD

Hoyt:

And actually, this might be a better picture to look at, and I'll mark this one number 3. If we look at this one, the suspect's vehicle would have been, again, here. The female suspect would have been further down

in front of --

Fitzgerald:

She would have been at this house.

Hoyt:

So go ahead and put an x for the suspect there for me with your

marker.

Fitzgerald:

She would have been at this house, but up here.

Hoyt:

Okay. So it is a little further down then?

Fitzgerald:

Yeah.

Hoyt:

Okay.

Ridley:

So was Deputy Long and you like right next to each other or were a little

hit ahead?

Fitzgerald:

I couldn't tell because I didn't want to turn around and look at him and

then come back to the car.

Ridley:

Understood.

Fitzgerald:

So I was taking to him, so I don't know where he was moving behind

me.

Ridley:

Got it, because you're focused on him?

Fitzgerald:

I'm focused on him.

Ridley:

Right. Now, was he -- you don't know at this point whether he was

behind your car door or not?

Fitzgerald:

I was -- no, because I know I was up on the car and he was here to

where I could talk to him, but I don't know --

Ridley:

You could hear; you could communicate?

Fitzgerald:

Yeah.

Hoyt: Yeah. And just for the record, I'm going to indicate that as you're

holding -- you're showing that your hand -- you're holding the car at gunpoint and you're saying Deputy Long was to the right of you because you're saying you're hearing him out of your right ear?

Fitzgerald: He's to the east of me.

Hoyt: Okay. Or to your right.

Fitzgerald: Yeah, to the right, south of me.

Hoyt: Okay, so to the right --

Fitzgerald: Yeah.

Hoyt: --- rear?

Fitzgerald: Yes.

Hoyt: Okay. And you said that you heard the suspect start his car, so his car

wasn't on when you were talking to him?

Fitzgerald: No. No. The car was off.

Hoyt: Was his radio on?

Fitzgerald: No.

Hoyt: So you heard the car start?

Fitzgerald: Yes.

Hoyt: What did you think happened at that time?

Fitzgerald: I heard the car start and rev. I'm moving. I'm getting out of there. I got

no reason to stay there anymore. I'm moving.

Hoyt: Okay. So you do -- how long do you think Deputy Long was there

before the suspect started his car?

Fitzgerald: A couple seconds.

Hoyt: And did you see him start the car or did you just hear it?

Fitzgerald: I heard it.

SH 2379076 Page 23 of 32 DEPUTY FITZGERALD

Hoyt: Okay.

Fitzgerald: I heard it.

Hoyt: So you hear him start the car. Prior to -- and even prior to that, did you

recognize or were you able to see did the suspect have the tires on his

car pointed straight? Were they angled? Do you even know?

Fitzgerald: I don't know.

Hoyt: Okay. So you heard the car start. You immediately recognize that

you're in a bad spot. How many steps back do you think you took?

Fitzgerald: Took one step back and the one step to my right.

Hoyt: Okay. So -- and you did that for what reason?

Fitzgerald: To get away from the car.

Hoyt: And as you took those two steps, what happened next?

Fitzgerald: The car lurches forward and hits the left side of my body, my left leg.

Hoyt: And I'm going to want you to walk through this part really clearly for me.

As the car starts to take off, did you hear the -- you heard the engine

rev. Did you hear the tires screech, squeal?

Fitzgerald: No. It was already on me. I heard it rev, took my two steps, and the car

was already on top of me.

Hoyt: Okay. And what did you start to think as you saw the car coming up on

you?

Fitzgerald: When it hit me and my left leg started to come up off the ground, I'm

thinking he's going to smash me into my car and kill me.

Hoyt: How did you feel at that moment?

Fitzgerald: Scared, I was scared.

Hoyt: Did you hear anything else as that was all going on?

Fitzgerald: No.

Hoyt: So the suspect car hits you on the left leg. Did it hit you on the lower

leg, upper hip?

Fitzgerald: Hits me in the knee and thigh on the fender, picks my left leg, foot, up

off the ground, pushes the front of my body forward to where now my left arm is on the hood of the car, right leg is still planted on the ground, then I start feeling -- my right foot starts to come off the ground and I'm up on the windshield at that point. So at that point I'm like I'm going to get smashed. He's going to run me over. I fire two rounds at the driver.

Hoyt: Okay. And the suspect hits you. You feel your body begin to come off

the ground. And you coming off the ground was as a result of the car

hitting you?

Fitzgerald: Yes.

Hoyt: And did you attempt to push off the car or were you kind of stuck on the

hood?

Fitzgerald: I tried to push off the car. I fired. I got caught by the mirror with my

other arm, the driver's mirror, and it picked me up off my feet and spun

me, 360.

Hoyt: Okay. And prior to you even firing your weapon, did you recognize your

backdrop?

Fitzgerald: Yes.

Hoyt: And what would you say your backdrop was?

Fitzgerald: It was the cul-de-sac, brick wall, you know, behind me.

Hoyt: Okay.

Fitzgerald: Nobody else on the street behind me, you know, so I knew that if my

rounds missed, at least it hit a concrete wall that separated the cul-de-

sac.

Hoyt: Okay. And even as you were firing, and it's kind of tough to ask this

question because of the way it went down with you, did you have good

target acquisition?

Fitzgerald: Yeah. I was looking right at his chest.

Hoyt: Okay. And you said you fired two rounds?

SH 2379076 Page 25 of 32 DEPUTY FITZGERALD

Fitzgerald: Yes.

Hoyt: And both through the windshield?

Fitzgerald: Yes.

Hoyt: Once your second round went off, what happened to you?

Fitzgerald: I get spun, thrown onto the ground, hands and knees facing the

opposite direction. I'm thinking to myself is he going to -- do I dive underneath the front of my car because now I'm at my bumper. I

actually think my head --

Hoyt: Your front bumper or back bumper?

Fitzgerald: My front bumper of the car.

Hoyt: Okay.

Fitzgerald: I'm thinking do I crawl underneath the front of the car or do I get up and

try -- get up to my feet. It happened so fast. Before I decided what I was going to do, he was already gone. He had already gone past the

car.

Hoyt: Okay. And when he hit you, did you feel immediate pain?

Fitzgerald: Yes.

Ridley: Are you okay?

Fitzgerald: Uh-huh. No, I'm good.

Hoyt: You are shaking a little.

Ridley: It's an emotional experience.

Hoyt: If you need to take a break or get a drink of water let me know.

Fitzgerald: No, I'm good.

Hoyt: Okay. At the moment -- and we're going to back up just a little bit again.

At the moment you started to back away, you took a step back, back off, and he started -- the suspect started to swerve left towards you,

approximately how far away were you from the car when he first started to take off?

Fitzgerald: I was already -- once I heard the engine start, I had already stepped

back to the right. I was a foot back and foot to the right. That's how far

away I was.

Hoyt: Okay. If you had not pushed off, what do you think would have

happened?

Fitzgerald: I would either have went up and over the car or got stuck on the hood.

Hoyt: And did you believe that the firing of your weapon was your only option?

Fitzgerald: Yes.

Hoyt: Did you fire with both hands or just one?

Fitzgerald: With one because I was trying to push off and brace myself with my left

hand.

Hoyt: So you get on the ground, you land. Did you bounce off your car or did

you just land on the ground?

Fitzgerald: No, my head hit the front push bar of the car.

Hoyt: Okay. As you start to regain your thoughts, what did you start to think?

Fitzgerald: First thing I did is I made contact with Deputy Long. We kind of looked

at each other like "I'm okay," you know, "I'm good." He looked at me. He put out radio traffic of shots fired and then went after the car.

Hoyt: Okay. And as you stand up, how did you feel?

Fitzgerald: I was shaken.

Hoyt: Were you in pain?

Fitzgerald: At that time no, because my adrenaline was pumping so much, I didn't

feel anything.

Hoyt: Were you able to maintain -- I'm sorry. Were you able to maintain

control of your weapon the whole time?

Fitzgerald: Yes.

SH 2379076 Page 27 of 32 DEPUTY FITZGERALD

Hoyt: Okay.

(PHONE RINGS)

Hoyt: We will blame that on the attorney.

Okwuosa: Go ahead.

Hoyt: Immediately after that, you and Deputy Long make eye contact. What

does Deputy Long do?

Fitzgerald: He takes off and goes after the car.

Hoyt: And was anybody else there at that moment?

Fitzgerald: There was another deputy, Deputy Ortiz, who was there that I didn't

know because I never turned around to see who was behind me.

Hoyt: And when did you realize Deputy Ortiz was there?

Fitzgerald: When the second radio car also went down the street after the car.

Hoyt: Okay. As those two start to take off after the suspect, what did you do

next?

Fitzgerald: I had to turn around and deal with the female suspect sitting on the

curb.

Hoyt: So you remembered she was there?

Fitzgerald: Yeah.

Hoyt: And did you deal with her one on one?

Fitzgerald: Yes.

Hoyt: And what happened with that?

Fitzgerald: Levered up, levered down my gun, de-cocked it, gave her orders from

my car to turn around and lay on her stomach. She complied. I

approached her, handcuffed her without incident.

Hoyt: Okay. And as you were giving her orders, did you retake a position of

cover?

SH 2379076 Page 28 of 32 DEPUTY FITZGERALD

Fitzgerald: Yes.

Hoyt: And then once she laid down, you saw her down --

Fitzgerald: Yeah. I was at the driver's tire.

Hoyt: Okay.

Fitzgerald: Of my radio car.

Hoyt: Of your radio car?

Fitzgerald: Yeah.

Hoyt: Okay. And were you treated at the scene?

Fitzgerald: By an ambulance, yes, and then rolled over to the hospital.

Hoyt: Okay. And what injuries did you end up sustaining?

Fitzgerald: A bruise on my left lower buttocks or upper thigh and one to my lower

back.

Hoyt: Okay. And you said you had to go to the hospital?

Fitzgerald: Yes.

Hoyt: And admitted to the hospital or --

Fitzgerald: No.

Hoyt: -- treated and released?

Fitzgerald: Treated and released.

Hoyt: All right. Any long-term injuries?

Fitzgerald: Shoulder still hurts, knee still hurts. I know when it's going to rain now.

My shoulder --

Hoyt: And real quick before I forget, I'm going to ask you these questions

because I will forget. This is for my shooting form. How many hours of

sleep did you get prior to the incident?

Fitzgerald: Eight.

Hoyt: And height and weight at the time of the incident.

Fitzgerald: That would be five/ten, 190.

Hoyt: And if you recall, who were your training officers?

Fitzgerald: That would be Keith Kanose.

Hoyt: Do you know how to spell that by chance?

Fitzgerald: K-A-N-O-S-E, and Paul Gallegos.

Hoyt: Do you know if they're still on the Department?

Fitzgerald: Kanose is a sergeant at Cerritos.

Hoyt: Okay.

Fitzgerald: And Gallegos is retired.

Hoyt: Very good. If I didn't do that now I would have forgotten. All right, we're

going back to pictures real fast. I'm going to show you a couple pictures real fast, and let's see, the last one I looked at was number 3. This we'll

mark as 4 and 5. Not trying to embarrass you here, but these are photographs, and number 4, can you tell me what that's a photograph

of?

Fitzgerald: That's a photograph of my left leg.

Hoyt: And what is in the photograph?

Fitzgerald: A bruise on my left buttocks and upper left thigh.

Hoyt: And how long after the incident was this photograph taken?

Fitzgerald: One day after.

Hoyt: Did it stay looking like that? Did it get better? Did it get worse?

Fitzgerald: It stayed like that.

Hoyt: Okay. The next one is photograph number 5. What is that a

photograph of?

SH 2379076 Page 30 of 32 DEPUTY FITZGERALD

Fitzgerald: Of my lower back with:

Of my lower back with a bruise on my left side of the lower back.

Hoyt:

And in both these pictures, what are these bruises from?

Fitzgerald:

From me getting hit by a car.

Hoyt:

Okay. By the suspect vehicle?

Fitzgerald:

Yes.

Hoyt:

Any questions?

Ridley:

No.

Hoyt:

So just to clarify, you never saw Deputy Ortiz arrive?

Fitzgerald:

No.

Hoyt:

Never saw where he went?

Fitzgerald:

No.

Hoyt:

Okay. When it was all said and done, who did you report the incident

to?

Fitzgerald:

My sergeant.

Hoyt:

And who was that?

Fitzgerald:

Paul Ramirez.

Hoyt:

Okay. I think that's all I have for now. Is there anything you'd like to

say, add, tell me that would be important to this investigation?

Fitzgerald:

Our door was closed.

Hoyt:

I see that it's open in the picture. How did it open up?

Fitzgerald:

Removing the female from my car because I was the only radio car on the street, so I had to place her in the back of my car. And when another unit came up to take her out of my car, they left the front door

open.

Hoyt:

So somebody else did that then?

SH 2379076

Page 31 of 32

DEPUTY FITZGERALD

Fitzgerald: Yeah.

Hoyt: But when you first got there, you closed the door and you never

reopened it?

Fitzgerald: Yeah.

Hoyt: And you never -- did you ever go to the scene where the suspect ended

up turning and crashing?

Fitzgerald: No. No.

Hoyt: So you remained at the scene of the shooting until the sergeant

removed you from the scene?

Fitzgerald: Yes.

Hoyt: Or paramedics, I should say, actually did, right?

Fitzgerald: Yes.

Hoyt: Okay. Anything else you'd like to add?

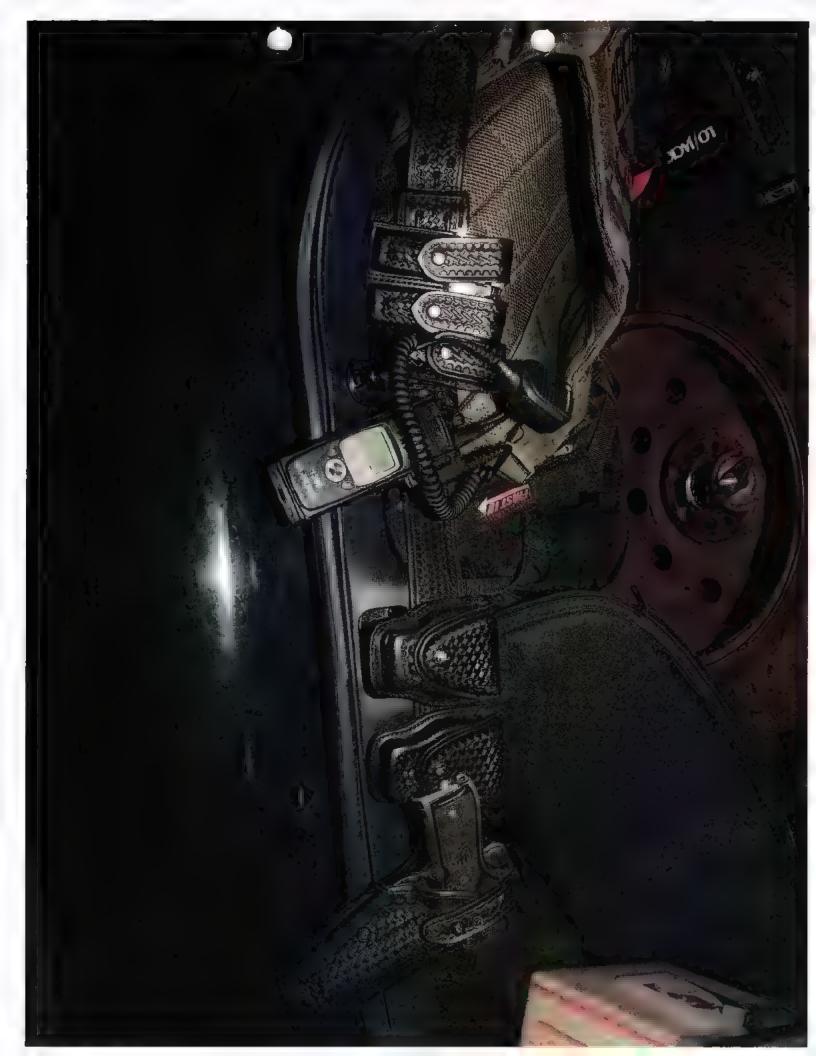

Fitzgerald: No, sir.

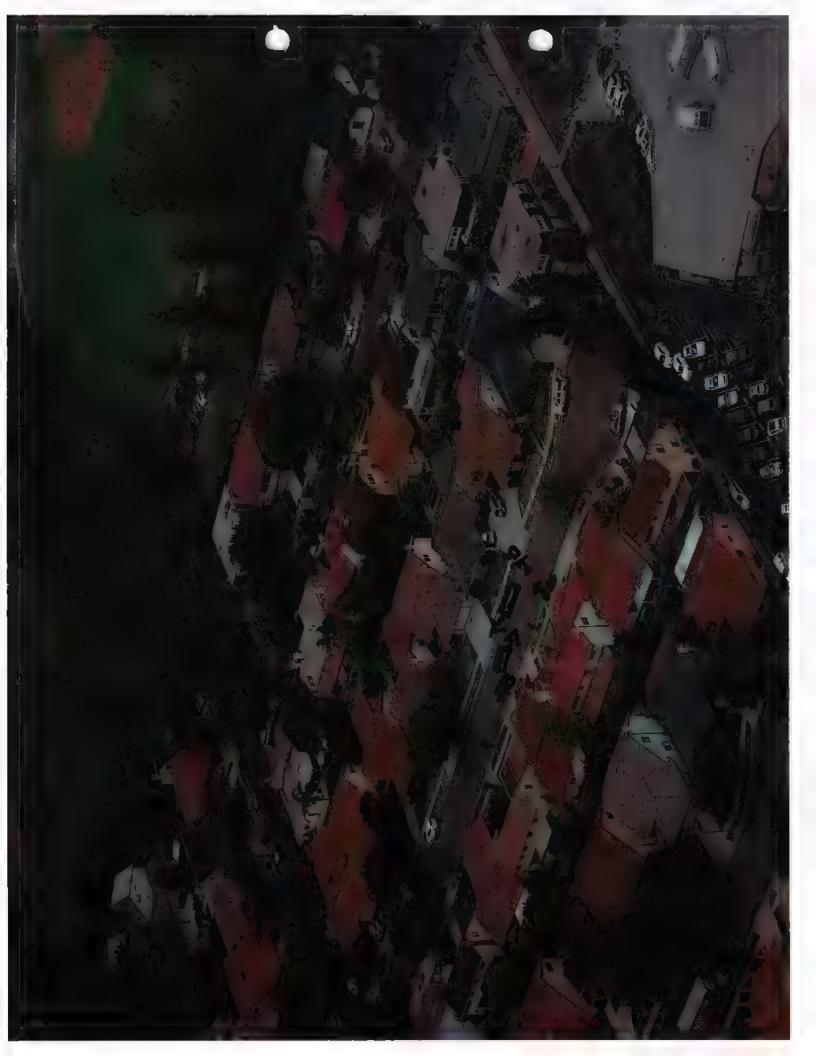

Hoyt: All right, very good.

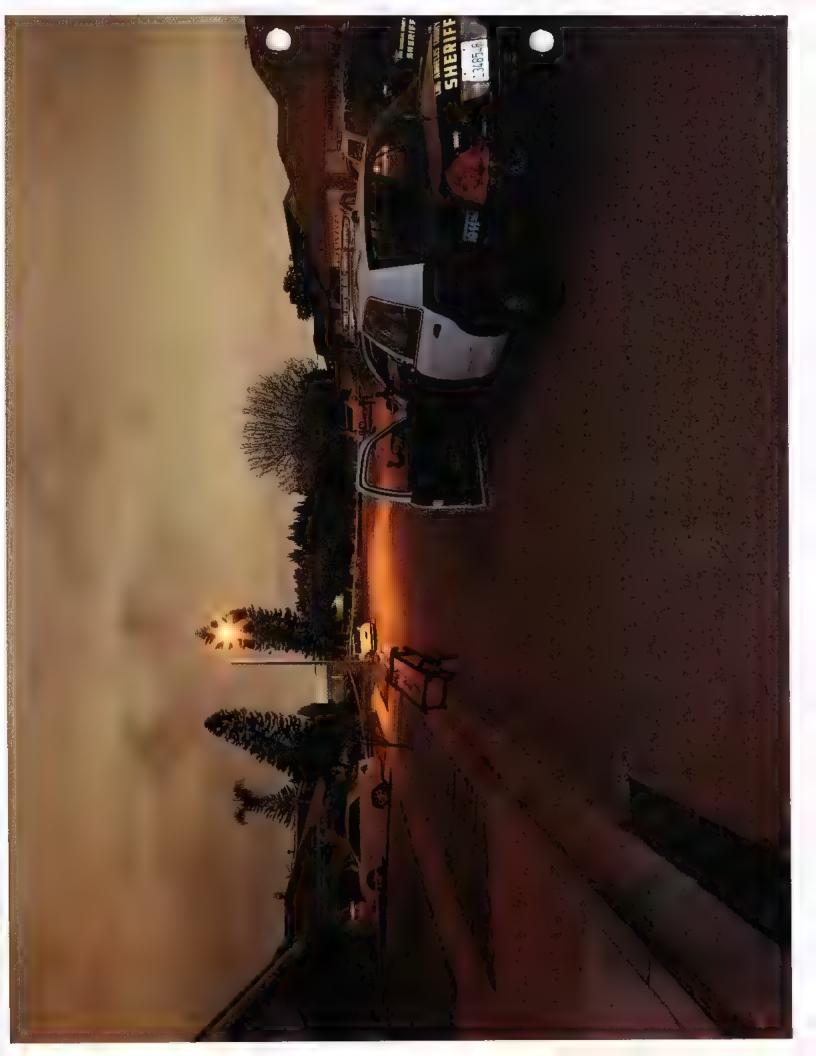

Okwuosa: Nothing.

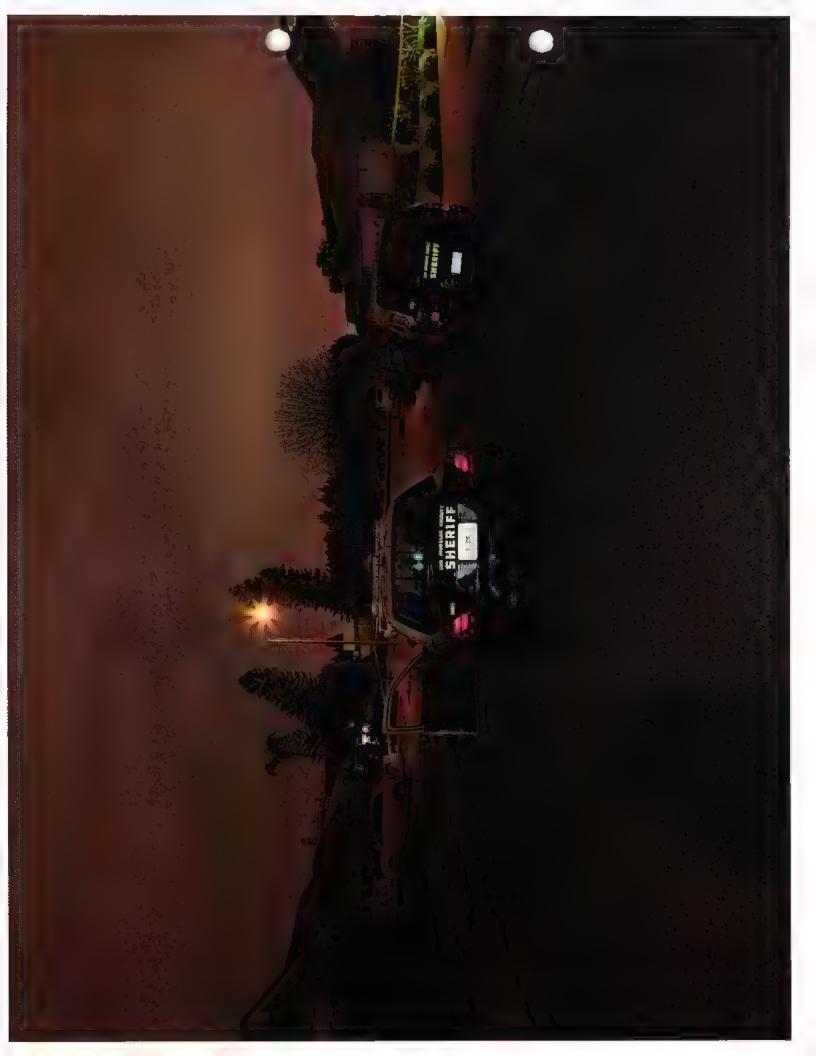

Hoyt: Nothing? All right, very good. We are going to go off record, and the

time is now 10:28. Thank you.

WITNESS INTERVIEW

SERGEANT ROBERT LONG

Hoyt: All right, good morning. We are on the record. Today is March the 10th

of 2017. The time is approximately 1126 hours. My name is Sergeant Jonathan Hoyt. This is my partner, Sergeant Ron Ridley, of the Internal Affairs Bureau, which is commanded by Captain John Roberts. Today we are at the Internal Affairs Bureau Office with Sergeant Robert Long,

and we are going to be speaking with him in regards to case

SH2379076. And this is in regards to a deputy-involved shooting from May 7th of 2015. Real quick, we're going to identify ourselves for the transcriber. Again, my name is Sergeant Jonathan Hoyt, J-O-N-A-T-H-

A-N, last name is spelled H-O-Y-T.

Ridley: Sergeant Ronald Ridley, R-O-N-A-L-D, R-I-D-L-E-Y.

Hoyt: And, Sergeant Long, do me a favor. Fist name, last name, spelling both

for the record.

Long: Robert Long, R-O-B-E-R-T, L-O-N-G.

Hoyt: Thank you. And being represented by?

Okwuosa: Maureen Okwuosa, O-K-W-U-O-S-A, with Greene & Shinee.

Hoyt: All right. Do you mind if I call you Robert?

Long: Rob.

Hoyt: What is it?

Long: Rob? Rob's good. All right, Rob, prior to turning on the tape, did t

provide you a copy of the administrative rights shooting investigation

form?

Long: Yes, you did.

Hoyt: And did you have a chance to read the form?

Long: Yes.

SH 2379076 Page 1 of 28 DEPUTY LONG

Hoyt: At the top there's two boxes in regards to the Manual of Policy and

Procedures. Did you mark "yes" on both those boxes?

Long: Yes.

Hoyt: And are those your initials?

Long: Yes.

Hoyt: And did you read the rest of the form, signing the bottom of it?

Long: Yes, I did.

Hoyt: And do you have any questions in regards to the form prior to

proceeding?

Long: No, sir.

Hoyt: Thank you very much. Do you have any questions before we go on?

Long: No.

Hoyt: All right, very good. And as a friendly reminder, you are ordered not to

discuss the facts of this case or the issues discussed during your interview with anyone other than your representative or Internal Affairs,

okay?

Long: (No audible response)

Hoyt: Yes?

Long: Yes, sir.

Hoyt: All right, thanks. Friendly reminder, the tape recorders don't see head

nods.

Long: Right.

Hoyt: All right. What is your employee number?

Long:

Hoyt: What is your current unit of assignment?

Long: Twin Towers Correctional Facility.

SH 2379076 Page 2 of 28 DEPUTY LONG

Hoyt: Current job title?

Long: Sergeant.

Hoyt: From the time you got hired through the academy until today, can you

tell me a little bit about your Department history with years, if possible?

Long:

Hoyt: Okay.

Long:

I went to Cerritos Station and I stayed there until

2016.

Hoyt: Okay, very good. And when did you promote?

Long: February of 2016.

Hoyt: So you've been at Twin Towers since as a sergeant?

Long: Yes.

Hoyt: Very good. All right, we're going to go back a ways, May 7th of 2015.

Where were you working at that time?

Long: Cerritos Sheriff's Station.

Hoyt: And what title were you at that time?

Long: SAO Team Leader.

Hoyt: And what is SAO?

Long: Special Assignment Team, Special Assignment Officer, Team Leader

was my job title, but we were on a, let's say, burglary team, basically,

SH 2379076 Page 3 of 28 DEPUTY LONG

is --

Hoyt: A burglary suppression team.

Long: Yes, sir.

Hoyt: And you were a deputy at that time?

Long: Yes.

Hoyt: Okay. And how long have you been on that burglary suppression team

at that time?

Long: Probably we had that going for two and a half years or so, two and a

half, two years.

Hoyt: Okay. And how many members were on the team?

Long: Six and a sergeant.

Hoyt: Six and a sergeant? And why was the team formed? Was it a problem

at the time?

Long: Before the team was -- we always had a special assignment team

which dealt with quality-of-life issues for the city. That's always been there, but it evolved into a burglary team because Cerritos was getting hit hard with just 20 to 40 burglaries a month, residential burglaries only.

Hoyt: Okay. And were your units one-man units, two-man units?

Long: Used to be two, then they went into one-man so they could cover more

area and spread more police cars out in the city.

Hoyt: All right, very good. Do you remember what you were wearing that

day?

Long: A Class A uniform, badge, hard badge, hard nametag, tan shirt, green

pants, Sam Browne, radio.

Hoyt: Okay. I'm going to show you a picture. Is that you?

Long: Yes, sir.

Hoyt: And was this picture taken on the day of the incident?

SH 2379076 Page 4 of 28 DEPUTY LONG

Long: I believe so. That's the office I sat in.

Hoyt: Okay. Even with the Christmas tree behind you?

Long: Okay, maybe not then, yeah.

Hoyt: I don't know. I'm asking you. Do you believe that was taken the day of

the incident?

Long: Actually, it might have been still -- yes.

Hoyt: Okay.

Long: -- because they left this up there for -- it was actually a joke. The

Christmas tree was up for many, many months because they were USC

fans.

Hoyt: Got it. Understood, okay. All right. As you look over at -- what uniform

did you have on again?

Long: Class A uniform, Sheriff's uniform with two stripes on each arm.

Hoyt: Short sleeve or long sleeve?

Long: Short sleeve, LA County Sheriff patches.

Hoyt: Okay. And as you go around your gun belt, we're going to go from your

right all the way around. What gear did you have on that day?

Long: I have a radio, pepper spray, two magazines in the front, my cell phone,

key holder, my extra keys, actually, another set of a keys for my radio

car, Smith & Wesson M&P 9-millimeter. Behind that is an extra

magazine. The back would be two handcuff cases and I believe a knife.

Hoyt: All right, very good. If you could just sign that for me acknowledging

that's you.

Hoyt: All right. Going back to May 7th of 2015, did you recall or respond to a

call for service regarding a suspicious person in a vehicle?

Long: Yes, sir.

Hoyt: Do you recall what that call said or how it read?

SH 2379076 Page 5 of 28 DEPUTY LONG

Long: I believe it was a 925A just west of Shoemaker. The neighborhood is

north of Artesia, west of Shoemaker, which a female knocked on the door, asked something out of the ordinary. The homeowner actually answered the door. The female walks away. I think it was a female at the door of the resident, wrote down the license plate because we actually have a lot of contact with the residents in this neighborhood. It's a 2318RD because I think that week they had six residences of burglaries, so we were actually spending time there anyway.

Hoyt: Okay.

Long: So she wrote down the license plate, gave us a decent description, and

called -- I don't know if she called 911 or whether --

Hoyt: Okay. I'm going to show you a call for service. This is dated 5/7 of

2015, tag number 130. As you look at it, does that call look familiar?

Long: Yes. Actually, that's the call we're talking about.

Hoyt: And that's the call we're talking about, okay. And is that Beach

Street?

Long: Yes, sir.

Hoyt: All right. And who had the handle on that call?

Long: I did.

Hoyt: And was it priority, voiced?

Long: It was voiced. I believe it was priority. In fact, in that time at Cerritos

we had all 925As like that priority because we wanted them voiced for the field units to hear them other than just the guys who got the call.

Hoyt: Okay. So you had the handle?

Long: Yes, sir.

Hoyt: And who had the assist?

Long: Ed Fitzgerald, 230-George-3, I believe he was.

Hoyt: Okay. And was this a normal call or did that call raise suspicion to you

at any reason?

Being that we know the MO of the burglars that hit our area and we Long:

> have multiple briefings on it and we actually go to other stations to talk about it, we knew we likely had a knock-knock burglary, what we would

call a knock-knock burglary.

Hoyt: Okay. So you were very familiar with that then?

Absolutely. Long:

All right. And who coordinated the call? Hoyt:

Long: Myself and Ed went back and forth with it, but the basic coordination

was done by me.

Hoyt: Okay. And was it on the patch,

at that point. Long:

Okay. And what was your plan? Hoyt:

Driving there our plan was to split up because the car had left the scene Long:

> of the actual call that came out, so driving there we just wanted a 927C, or look and check in the vicinity of the area to see if we could locate the car. So initially, the plan was to separate and divide and conquer, but

we covered more area --

Hoyt: Okay. And did you have a specific area you were going to cover?

Long: I was covering west of Shoemaker, which is where the call came out

and the neighborhoods around that house, and Ed was covering east of

Shoemaker, north of Artesia.

Hoyt: All right, very good. As you were on your way to the call, was the call

updated at all? Even if anything was said on

Long: I don't recall, to be honest with you.

Okay. And who arrived in the area first? Hoyt:

Long: Well, we both went our separate ways together, so in the area we both

got there first.

Hoyt: Okay.

Long: l mean -

SH 2379076 Page 7 of 28 **DEPUTY LONG** Hoyt: At the same time, you got there at the same time. As you were looking

around, did Deputy Fitzgerald advise you of anything on the radio?

Long: Oh, yeah. He -- actually, I believe he got on the patch and he asked for

units Code 3 to his location because he was detaining a -- I think it was

a suspicious person, but I want to say he said burglary, possible

burglary suspect. I'm not sure on that.

Hoyt: Okay. Even before that, did he say anything in regards to, "I'm going to

look in this area" or "So far nothing," anything like that?

Long: He may have. I really don't --

Hoyt: Okay.

Long: We had conversation on the radio. I don't want to say the wrong thing,

so I don't know what he said.

Hoyt: Okay. But you guys were communicating?

Long: There was communication because we were checking areas and telling

him, "Okay, this area is clear," wherever, you know.

Hoyt: Okay. And once you arrived in the area, what did you do prior to his

emergent traffic?

Long: I was canvasing west of Shoemaker just going down Beach. There's

cul-de-sacs to the south, so I can clear that easily. I was looking for a

silver car --

Hoyt: Okay.

Long: -- silver four-door car with the license plate that was actually on the call.

Hoyt: And did you see anything?

Long: I did not see that car or a car that fit that description.

Hoyt: And how long do you think you were in the area looking prior to the

emergent traffic?

Long: A couple minutes at the most maybe, not too long, few minutes.

SH 2379076 Page 8 of 28 DEPUTY LONG

Hoyt: Okay. And as you were looking around, you said you heard Fitzgerald

ask for -- he put out emergent traffic?

Long: Yes.

Hoyt: And you believe he put out detaining 459 suspects?

Long: I think he said 459. Either way he asked for units code because he was

detaining -- maybe I assumed because I knew what we had. I figured

we had a burglary guy.

Hoyt: Okay.

Long: Either way he said he — I knew he had the car.

Hoyt: Okay. And did you know where he was at?

Long: I knew generally where he was at, but on the new mappers the only

thing I like about it is that you can see where your partners are at.

Hoyt: Oh, yeah.

Long: Close proximity, so I knew where he was at.

Hoyt: Okay. Are you familiar with the area?

Long: Oh, yeah, oh, yeah.

Hoyt: Okay. As you heard that come out, what did you do?

Long: I ack'ed the Code 3. I took the Code 3 in less than one because I knew

I could be there in probably 30 seconds, maybe less, depending on how I wanted to drive. I started responding. I turned my car around and went over Shoemaker into the neighborhood where Ed went into, off Beach and Shoemaker. And Palm -- I couldn't hit where he was at because it's kind of a U. I had to go down south and west or east and then back north and then east and North again. So either way, I worked

my way around toward where Ed was.

Hoyt: Okay.

Long: I knew where Pires was and I knew where Palm was. I just had to get

to it.

Hoyt: You just had to work your way around there?

SH 2379076 Page 9 of 28 DEPUTY LONG

Long: Yes.

Hoyt: Okay. And did you find him on the mapper?

Long: Oh, yeah.

Hoyt: This is how you pretty much got to him?

Long: I knew where he was. I knew where -- I knew how to get there.

Hoyt: Okay.

Long: Yeah.

Hoyt: And did you roll in towards Deputy Fitzgerald by yourself?

Long: Yes -- well, no. On my way. As I'm driving I passed Deputy Ortiz who

was sitting on one of the streets. When I went in to go back in, I passed

Ortiz, and Ortiz took the second code and followed me.

Hoyt: Okay.

Long: So I didn't go -- I was in my own car, but Ortiz was behind me.

Hoyt: And did you know Ortiz was in the area?

Long: I didn't know until I was rolling to it.

Hoyt: Okay. So you didn't even know he was added on to the call?

Long: I don't remember that.

Hoyt: Okay. So Deputy Ortiz followed you in, and what street was Fitzgerald

on?

Long: Palm.

Hoyt: On Palm?

Long: Palm east of Pires.

Hoyt: And what type of street is Palm?

Long: It's a single, well, cul-de-sac that backs up to a shopping center.

SH 2379076 Page 10 of 28 DEPUTY LONG

Hoyt: So one way in, one way out?

Long: One way in, one way out.

Hoyt: Before you arrived, were you aware of what direction Deputy Fitzgerald

was facing?

Long: No.

Hoyt: Were you aware of which way his car was positioned?

Long: Not before I arrived.

Hoyt: And did you know of the female suspect on the street prior to your

arrivai?

Long: No.

Hoyt: As you get to Palm and you turn onto Palm, do you turn left or right?

Long: I'm going north, so I turn right.

Hoyt: Turn right. As you turn right onto Palm, what do you see?

Long: I see Ed's car, the black-and-white police car. Somewhat in the street,

not parked on the curb line. I see a silver car facing west towards my -where I turn in I see Ed's car facing east, the suspect car facing west, and I decide that I'm going to pull up to the right side of Ed's car,

somewhere behind Ed's car to the right.

Hoyt: Okay. And was the suspect vehicle on the curb line or was it also in the

middle of the street?

Long: Curb line.

Hoyt: And did you know that was the suspect vehicle?

Long: I keyed in on it as a silver car and Ed was standing outside of his car at

the car, so I assumed it was because the 10-33 traffic. Put everything

together, I figured that was the car.

Hoyt: And when you first saw the suspect vehicle, did you see the suspect in

the car?

SH 2379076 Page 11 of 28 DEPUTY LONG

Long: No.

Hoyt: Did you know there was someone in the car, though?

Long: I assumed because Ed was standing there.

Hoyt: Okay. And how far away from the suspect vehicle was Deputy

Fitzgerald's car? I'm going to clarify this just a little bit. So you've got

the suspect vehicle on the curb line.

Long: Yes.

Hoyt: We'll talk front bumper. Deputy Fitzgerald's car, front bumper, in the

middle of the street a little bit. How far away was front bumper to front

bumper?

Long: I would say probably three to five feet-ish.

Hoyt: Okay. And when you saw Deputy Fitzgerald, where was he standing?

Long: Front driver's side quarter panel next to the wheel, basically, looking

into the vehicle.

Hoyt: Of the suspect's vehicle?

Long: The suspect's vehicle.

Hoyt: Okay. And what was Fitzgerald doing, saying?

Long: As I pulled up, Ed was doing some kind of orders. And then I parked, if

you want me to get into getting out.

Hoyt: Yeah, go ahead.

Long: Okay. I got out of my vehicle, approached where Ed was, and as I walk

up I see a female black laying. I think she was proned face down on

the grass across the street maybe down a house or two.

Hoyt: Okay. As you started to pull out into the street again, you see Deputy

Fitzgerald outside his car, what made you position your vehicle where

you did?

Long: Tactically, I figured I didn't want to get in front of Ed because I didn't

know what was going on at that point, so I positioned it where I thought

it would be safe and maybe a way to retreat to his car or my car.

SH 2379076 Page 12 of 28 DEPUTY LONG

Hoyt: Okay. And so you believe a felony head-on traffic stop was feasible?

Long: No.

Hoyt: Okay. So you get out. You stop behind Deputy Fitzgerald's car. And

where did you walk to?

Long: To between my car and his car along the passenger side of his car and

around the front of his car.

Hoyt: So you're now to the right of Deputy Fitzgerald?

Long: Now to his right, yes.

Hoyt: Approximately how far away?

Long: Two, three feet to his right and maybe offset a foot back.

Hoyt: Okay. And you already explained you saw the female suspect down

the street --

Long: Yeah.

Hoyt: -- and you believe she was laying down?

Long: I think she was laying down face down.

Hoyt: Okay.

Long: I know she was down on the ground.

Hoyt: Okay.

Long: On the grass, I believe.

Hoyt: And as you walk up to Deputy Fitzgerald, did he say anything to you?

Did you guys quickly formulate a plan?

Long: Yes.

Hoyt: What did you guys do?

Long: Basically when I walked up, I noticed there was now a man in the car

and Ed was ordering -- the person he was ordering was the guy in the

SH 2379076 Page 13 of 28 DEPUTY LONG

driver's seat. He was telling him, "Show me your hands. Show me your hands." I heard a lot of "Show me your hands." So when I walked up Ed said, "Hey, this guy is un-coop." He said he -- he said they were uncoop, and I already knew he was un-coop because the guy is not listening to him. But the window was up, tint and darker tint on the back. I remember that.

Hoyt: So tint on the front window.

Long: I believe he had a light tint on the front and dark tint on the back.

Hoyt: Okay. So you -- what was your guys' plan?

Long: We needed to control both oh, so Ed put it out -- as I walked up I

noticed the female, but Ed pointed out, making sure I knew that the female was there, "Yes, I do." The plan was to get him to either roll down the window, some kind of way to detain him, so the plan was to do it as safe as we could, just monitor her and control him and then get

some more backup to her.

Hoyt: Was that just quickly discussed?

Long: Very quickly and it was -- didn't really have much time to discuss it, so --

Hoyt: Okay. And you said Deputy Ortiz followed you in?

Long: Deputy Ortiz followed me in.

Hoyt: Did you see where he stopped his car?

Long: I did not.

Hoyt: Did you see where he went once you guys stopped?

Long: I never -- I really never paid attention to Vince Ortiz when I go to Ed.

Hoyt: Okay. So you focused on Ed and the vehicle, and he pointed out the

female suspect to you?

Long: Yes.

Hoyt: Okay. How long do you think you were with Ed, Deputy Fitzpatrick, I'm

sorry, Fitzgerald -- I'm going to stop that question. When you were

standing there, did you notice if the vehicle was on?

SH 2379076 Page 14 of 28 DEPUTY LONG

Long: I don't remember if it was on.

Hoyt: Did you notice if there was a radio on inside the car?

Long: I didn't hear a radio, but the window was up. I didn't hear a radio.

Hoyt: Okay. How long do you think you were there before you realized the

car was on or even before the car started to speed away?

Long: Ten seconds maybe. I mean, it was short. I didn't have much time to --

we didn't have much time to make a plan. It was short.

Hoyt: Okay.

Long: It was less than ten seconds.

Hoyt: Less than ten seconds? Okay. Did you give any verbal commands to

the suspect in the vehicle?

Long: Ed was controlling that. I didn't want to confuse things. Ed and I

worked there for a long time. We worked this team for a long time together. We know one guy's going to control because it's chaos if too

many try.

Hoyt: Okay. Did you give any commands to the female down the street?

Long: No.

Hoyt: Okay.

Long: I kept a visual, glancing at her shortly, the short time I had there. I knew

she was there. She was on the ground. She was complying with what we had to say or what Ed told her to do, so I did not worry about her so

much as -- but this guy was my worry.

Hoyt: Okay.

Long: Get that guy out of the car.

Hoyt: And did you notice what the suspect was doing?

Long: You know, the short time I was there, the one thing that I specifically

remember that he looked up at Ed and I and looked back down, looked up, looked down. As Ed is continuing to do the order, "Show me your

hands. Show me your hands," his hands were down and they were up and they were down, and then it was just -- then he -

Hoyt: And you saw that?

Long: Oh, yeah.

Hoyt: Okay.

Long: Oh, yeah.

Hoyt: And through which window did you see that?

Long: The driver's side window.

Hoyt: All right. Now, as you're sitting there and the car starts to take off, tell

me what happened with that.

Long: The guy -- now when I walked up, I didn't notice the wheels being

turned to the left. I would think I would key in on that because it's not a safe place to be, so I don't remember the car being turned to the left. All I know is all of a sudden I see him turn to the left and just punch it. I mean, it was quick. He hit the -- I think the thing was down here, the --

Hoyt: The gear shifter?

Long: The gear shifter thing was maybe to the middle on the bottom.

Hoyt: Okay.

Long: Center console area, like one shot, left turn, hit, and gas all at once, and

it just started hit -- turn to the left and into it.

Hoyt: Okay. So did you hear the engine rev?

Long: As he turned to the left and threw it in drive, yes.

Hoyt: And did the wheels screech or -- that you remember?

Long: I don't remember that. I know it took off, though.

Hoyt: And you saw the suspect with his -- you were motioning as you were

doing it -

Long: Yes.

SH 2379076 Page 16 of 28 DEPUTY LONG

Hoyt: -- with your left hand, turning in a left-hand motion --

Long: Absolutely.

Hoyt: -- and the car taking off?

Long: Yes, sir.

Hoyt: Okay. And you saw that through which window?

Long: Driver's side window.

Hoyt: Very good. And you said you - I want to clarify this. You did notice the

tires turn to the left or you did not?

Long: Not initially. I think I would have seen that as we were standing there

that the car was already turned to the left, and I don't believe they were.

Hoyt: Okay. So it's your belief that the tires, front tires, were facing forward?

Long: Straight forward, yes.

Hoyt: Straight forward, okay. As the vehicle -- as you see the suspect speed

the vehicle, start to speed the vehicle away and make that turning motion with his hand to the left and the car turned to the left, what

happened?

Long: So Ed gets hit by the vehicle. I think it was on Ed's left side. I don't

know what side he got hit. All I remember is I see this action, the vehicle moving. I move back. Ed starts getting hit by the car. I know Ed's getting hit by the car, and Ed turns and the vehicle continues to go and, basically, Ed's going down to the ground. The vehicle -- it's very quick. I move back, and Ed ends up on the ground near his front of his vehicle. And I -- to this day I thought the guy would have had to ram our cars, but he must have went to the right and along the north curb

line and continued up.

Hoyt: Okay So the suspect had a clear a path to go through and --

Long: Absolutely. He had to. None of our cars were hit, and it was quick, and

there was no damage to the trees and foliage. I don't know. I mean, it

was clear.

Hoyt: Okay. And as that was happening, did you have your gun out?

SH 2379076 Page 17 of 28 DEPUTY LONG

Long: Yes

Hoyt: Did the vehicle almost hit you?

Long: As I move back, I didn't feel like I was in danger, so I didn't fire my

weapon. I wasn't concerned with that.

Hoyt: How close do you think the suspect vehicle came to you?

Long: From start, onset, I would say two feet. As the car started moving I was

-- it was easy for me to step back, so I -- Ed could not -- I don't think Ed

could have moved back in time. I could.

Hoyt: And when you --

Long: I was already back from it.

Hoyt: You were already back from it, okay. As you saw the suspect vehicle

hit Deputy Fitzgerald, what did you see happen to Deputy Fitzgerald?

Long: He rotates -- before he hits the ground, I see slow motion two shots go

to the driver's side window.

Hoyt: And did it appear that Deputy Fitzgerald was on the hood of the car?

Was he up in the air?

Long: When the shots were fired?

Hoyt: Before, during, or even after.

Long: Maybe partially on hood, but mostly along the quarter panel, the front

driver's side quarter panel, not on the hood. I don't remember him being on the hood. I remember him being -- rotating around the quarter panel and then shots and then going towards the ground and hitting the

ground.

Hoyt: Okay. And how did you see him land?

Long: Near the front of his car. When I looked, he was on his bottom, on his

butt.

Hoyt: Okay.

Ridley: Do you think the suspect deliberately drove into Deputy Fitzgerald?

SH 2379076 Page 18 of 28 DEPUTY LONG

Long: Absolutely.

Ridley: He could have driven away without hitting him --

Long: Yes, sir.

Ridley: -- but you think he intentionally tried to hit him?

Long: Absolutely.

Ridley: Okay.

Long: Without a doubt.

Hoyt: And if he didn't curb his tires to the left, could he have gone straight

without hitting patrol cars, curbs?

Long: Yes.

Hoyt: So you guys didn't block him in then?

Long: Oh, absolutely not. I don't even think there was a parked car anywhere

near on the north curb line.

Hoyt: Okay. Once the shots were fired, what did you do?

Long: I put out emergent traffic, deputy involved in a shooting on the radio.

And I was -- I really wanted to catch the bad guy. I know that shots just

happened. I knew and I wanted to catch the car.

Hoyt: Okay. And did you think Deputy -- did you believe Deputy Fitzgerald

shot or do you believe the suspect shot?

Long: I was pretty sure Ed shot because I never thought the suspect did at

first. I heard Ed Ed had his gun. It didn't sound like gunshots. It just

sounded like snap caps on the grounds.

Hoyt: Okay.

Long: But I was pretty sure that Ed shot.

Hoyt: Okay. Once you saw Deputy Fitzgerald on the ground and you put out

your 998 --

Long: Yes, sir.

Hoyt: -- what did you do?

Long: Ed and I look at each other. We've looked at each for many years, and

I knew in his eyes he was okay as far as -- I wanted to leave. I wanted to catch the guy, so I looked at Ed, Ed looked at me, maybe subliminal, I don't know. I knew he was okay. I ran to my car. I yelled at Ortiz. I think on the radio I said "Get that car, Ed" but I meant Vince, so I yelled "Get the car" and I ran to my car. Ortiz ran to his car. Ed stayed there

controlling the female.

How do you know Ed controlled the female? Did he tell you this

afterwards or did you see him do that?

Long: Afterwards I knew he did.

Hoyt: Okay.

Long: Because I went back after the end of the story and double-checked and

he had the girl.

Hoyt: Okay. So you yell to Ortiz "Get that car." You run to your radio car.

Long: Yes.

Hoyt: What do you do?

Long: I get in my car. I throw it in reverse, and Ortiz is blocking me, so Ortiz

had to back up and he made a -- he pulled into a driveway or he backed up, kind of made like a two- or three-point turn to get out. I was just going to go in reverse all the way up, so when he made room for me to get out, whether he meant to for me or not, I reversed past him and went towards Pires, which would be behind me west of where we were.

Hoyt: Okay. And as you were doing that, did you see which way the suspect

vehicle went?

Long: Went south towards Artesia.

Hoyt: Okay. So you back all the way to Pires?

Long: Yes.

Hoyt: As you get all the way to Pires and Palm, what did you see?

SH 2379076 Page 20 of 28 DEPUTY LONG

Long: When I get to Pires and Palm, I reverse into the intersection and turned

to face southbound, and I see the car going very fast and veering to the

left and chaotic crash right at Artesia.

Hoyt: And what did the car hit?

Long: When I got up there I seen the fire hydrant was severed. I believe it

was a telephone pole, and he went sideways into the block wall.

Hoyt: Okay. And you said it hit a fire hydrant?

Long: Fire hydrant, yes, sir.

Hoyt: Was the water going at that time?

Long: Yes, sir. It was actually landing on top of the center of the top of the

car.

Hoyt: Okay.

Long: The water.

Hoyt: And once you pulled up, were you the first one there?

Long: Yes.

Hoyt: At that scene?

Long: Yes.

Hoyt: How did you positon your car?

Long: I was facing south, north of it and offset maybe 25 feet offset to the west

of it.

Hoyt: So you're behind the suspect vehicle?

Long: Behind it and facing it at the rear.

Hoyt: Okay. And did you see where Deputy Ortiz - who was next?

Long: Ortiz would have been behind me.

Hoyt: And did you see where he positioned his car?

SH 2379076 Page 21 of 28 DEPUTY LONG

Long: No. It had to be behind me, though.

Hoyt: Okay. At any time did anyone come next to you like in a felony traffic

stop scenario?

Long: No, I don't believe so, no.

Hoyt: Okay. Prior -- as you got there, Deputy Ortiz got there, did you guys

attempt to give verbal commands to the suspect inside the vehicle?

Long: I yelled at the car, but I couldn't see anything. I couldn't see -- there

was so much water hitting the top of that car that I couldn't see anything

from the side, from the rear. I yelled "Get out, get out." I just don't

remember. I couldn't see anything.

Hoyt: Okay.

Long: From afar.

Hoyt: And do you believe the suspect could have heard you if the water

wasn't hitting on top of that car?

Long: Possibly, but I don't know.

Hoyt: Okay. How loud was it to you? Not your screaming, the water.

Long: Extremely loud.

Hoyt: So what did you guys do next?

Long: I knew shots were fired. I knew he crashed badly, so I wanted to -- I

chose the option of seeing if he needs any kind of medical aid. I moved myself around to the front of the car. At this point Ortiz is with me. I move myself to the front of the car and I look through the windshield and I could see a male black in the driver's seat. I believe it was a white T-shirt and he was laying back in the driver's seat and I could see both

of his hands up on his chest.

Hoyt: Okay.

Long: So I knew he wasn't waiting for me, to shoot me or didn't have a

weapon in his hand at least at that point, so I decided I should probably render some kind of aid. I didn't know if he was hit or anything, hit by any gunshots or anything. So I attempted to break the window with my

SH 2379076 Page 22 of 28 DEPUTY LONG

asp, passenger side window. Driver's side I don't think I could access. I think the wall was smashed up there and maybe some foliage or something. It was just easier from the passenger side. Couldn't break it with my asp, so I had a window-breaking tool. At this point I think Liu, Deputy Liu pulled up and helped me at the door. And I punched the window with the little window-breaking tool and cleared the window out. And I had a clear view, although the water is still coming down on us. We were getting drenched with water. I opened the window up. I could see him with both his hands on his chest. And I opened the door from the inside and I bent it open and I kind of just leaned in the car. When I leaned in I noticed he had blood on his chest, stomach/chest area. His hands were there and his eyes looked like they were just kind of glazing over.

Hoyt: Okay.

Long: And he was kind of just gargling.

Hoyt: Okay. So prior to your approach, you and Deputy Ortiz, did you guys

quickly make a plan?

Long: I don't think we made a plan. I don't think there was time enough to

make a plan, although we tactically approached the vehicle together and I think it was an unwritten plan that we know that you just — we just

took care of each other.

Ridley: Are you suggesting that it was like muzzle-reading when you're at TASS

type of thing?

Long: Yes.

Ridley: Okay.

Long: Yes. We both approached together and definitely tactically approached

the vehicle and covered each other.

Hoyt: And which way did you approach?

Long: From the rear passenger side to the front.

Hoyt: And as you approach, gun's drawn?

Long: Yes.

Hoyt: Were you still trying to give verbal commands at that time?

SH 2379076 Page 23 of 28 DEPUTY LONG

Long: Yes.

Hoyt: And was that passenger side window also tinted?

Long: Yeah, I believe it was. It was dark and with the water and the dark and

the tint, I couldn't see anything.

Hoyt: And is that why you walked to the front to look into the windshield?

Long: Yes, sir, absolutely.

Hoyt: As you're looking through the windshield, did you also continue to have

your gun drawn at that time?

Long: At that point I did, and after that I did not because I seen his hands.

Hoyt: And --

Long: And I needed my hands.

Hoyt: Okay.

Long: To try to get --

Hoyt: And what was the reason behind trying to break out the window?

Long: I didn't know if he needed aid. I figured if he needs to be rescued or

aid, even though he's a bad guy or we thought he was a bad guy, we

still have a duty to protect or to give him -- render aid, so --

Hoyt: And you said once you saw through the front windshield that both his

hands were on his chest and he was not holding a weapon, did that change you from going into an arrest type mode to a life-saving type

mode?

Long: Yes, sir. I was definitely -- my mind changed at that point. Someone

else could protect me if I needed to help this guy.

Hoyt: Okay. And do you remember if anyone, any deputies were on the

driver's side of the vehicle?

Long: I don't know if there were or not. There was so much water that I was

lucky to be where I was.

Hoyt: How wet did you get?

Long: I was drenched from chest down. I think one of the other deputies was

just absolutely covered in water.

Hoyt: Okay. And were you able to -- you made entry to the vehicle. You

were able to get the door open.

Long: Yes.

Hoyt: Did you guys remove the suspect?

Long: No.

Hoyt: And why not?

Long: There was so much -- I would have to get into the car with him, and

when I got in there with him, I knew that the fire department was already rolling, and he did not look like he was going to make it. And I wasn't worried about pulling him out at that point. I knew that -- I felt like Fire

would do him more justice than I could do at that point.

Hoyt: Okay. And so the fire department eventually arrived?

Long: I wasn't there when they did, but yeah.

Hoyt: Okay, all right. Let's back that up a little bit. Who called the fire

department; do you know?

Long: Somebody on the radio had Fire rolling. I heard that. And Aero was

rolling. I heard that,

Hoyt: So you didn't stay at the scene of the accident?

Long: No.

Hoyt: Where did you go?

Long: I, for some reason, left my car in the street and I ran back to check on

Ed.

Hoyt: So you ran a block or so all the way back to him?

Long: Yeah, Yeah.

SH 2379076 Page 25 of 28 DEPUTY LONG

Hoyt: Good partner.

Ridley: Let me ask you a question. Would you have been able, based on the

conditions, to be able to get the suspect out of the vehicle?

Long: I really don't know that I could, to be honest with you.

Ridley: Okay.

Long: Without hurting him more even.

Ridley: And would you have been able to perform any kind of life-saving

measures based on the condition of the suspect and the situation, the

predicament with the water coming down and all that?

Long: Definitely not right there, no.

Hoyt: Did you learn something after the fact about the water and the light pole

and all that?

Long: Yes.

Hoyt: What was that?

Long: I learned that there was a hot wire down in the water, and I had been

stepping over them during this whole event at the car.

Hoyt: Okay. All right. I'm going to show you a couple pictures. The first

picture I'm going to show you is just a general picture of the

neighborhood. Does that look familiar to you?

Long: I believe this is Carmenita, Artesia, and Pires and Palm?

Hoyt: Yes. Okay. And I'm going to write actually a number on this. I'll make

that a 1. Do me a favor, with the Sharpie approximately can you draw

where the suspect vehicle was.

Long: I would say somewhere in the vicinity of here.

Hoyt: Approximately is fine. And what direction was it facing?

Long: The suspect vehicle was on the north curb line facing west.

Hoyt: All right. And approximately where was Deputy Fitzgerald's vehicle?

SH 2379076 Page 26 of 28 DEPUTY LONG

Long: Ed would be somewhere around the middle of the street just west of the

suspect's car facing east.

Hoyt: It wasn't right next to the suspect vehicle?

Long: Oh, no.

Hoyt: And approximately how far away was bumper to bumper, do you think?

Long: Three to five feet, somewhere around there.

Hoyt: Okay. And where was Fitzgerald when you first saw him?

Long: Ed was at the driver's door of the suspect vehicle.

Hoyt: Okay. Take that one from you. Again, next photo, that's Deputy

Fitzgerald's vehicle. I'll mark this one as number 2. In your best artistic way, can you draw approximately where the suspect vehicle was on this

picture.

Hoyt: And if you're able to, from what you recall, where was the female

suspect at?

Long: She was on the grass somewhere either this -- maybe over here.

Hoyt: All right. Yeah, just put an x there if you can. That's fine. And, again,

the suspect's vehicle is facing away, and so you pulled up behind and

offset?

Long: I would be right to, yeah, just to the rear side of Ed and to his right.

Hoyt: Okay. All right, very good. Do me a favor, can you just sign both -- the

back of those photos for me.

Hoyt: Thank you very much. Do you believe you had any other options as far

as an approach to the suspect vehicle once it crashed?

Long: No. There was -- the only other option would be to not approach the

vehicle at all, but in doing that I don't think -- I couldn't do that because if I didn't know if he was in need of some rescue, some aid, medical aid,

but I don't think so.

Hoyt: Okay. Any questions?

Ridley: I don't have any.

SH 2379076 Page 27 of 28 DEPUTY LONG

Hoyt: Anything?

Okwuosa: Nothing.

Hoyt: Okay. Is there anything you can say or add or tell me that might help

me out with my investigation?

Long: The only thing I'd like to say is that on these, we've been working as a

burglar team for so long, Ed and I on a burglary team, that we do brief this regularly. We do recognize these kind of calls as being probably a burglary in our area. And we do tactical briefings with each other often because we deal with this type of call a lot, so we do have pre-planning

beyond what happens the day of.

Hoyt: And at the time of this incident, how long has your team worked

together?

Long: Without -- two years minimum. Ed and I and a few of the other guys,

five, six, seven years.

Hoyt: But as a team, approximately two years?

Long: This group of guys, because we had a couple of additions, probably two

years consistent.

Hoyt: And you guys work day in and day out, week in and week out, and --

Long: Only burglaries.

Hoyt: And only burglaries and --

Long: And filing burglary cases.

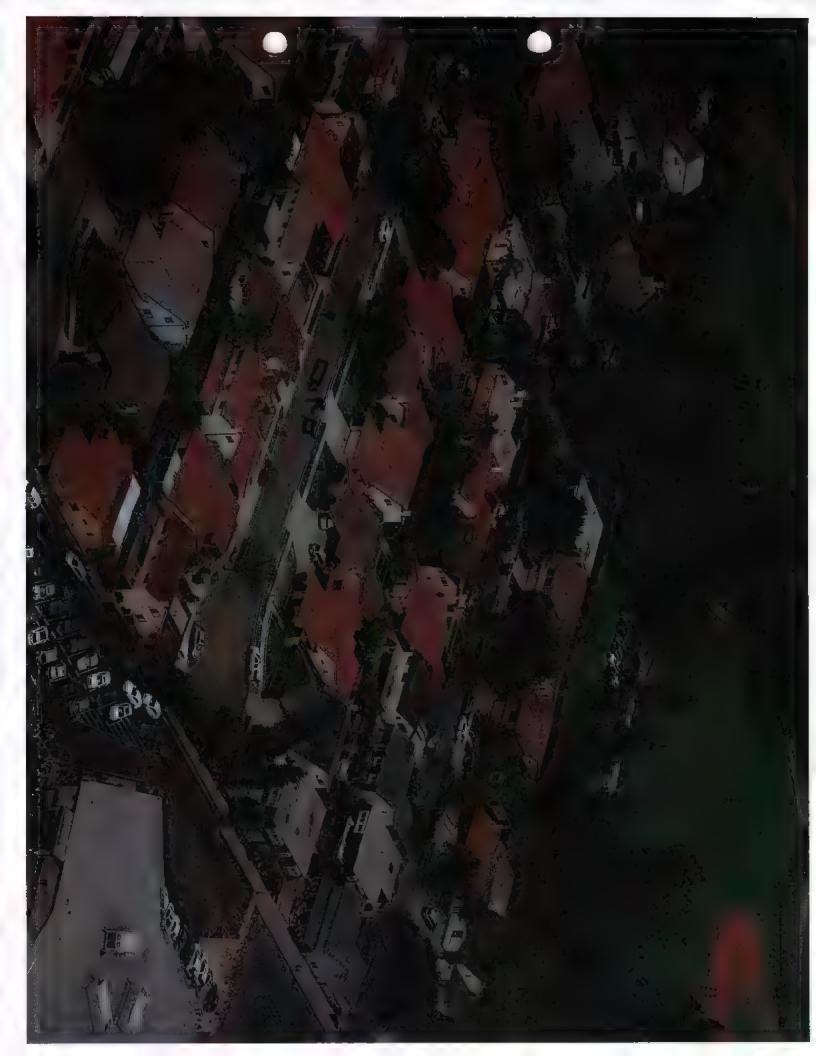

Hoyt: Okay. Anything else?

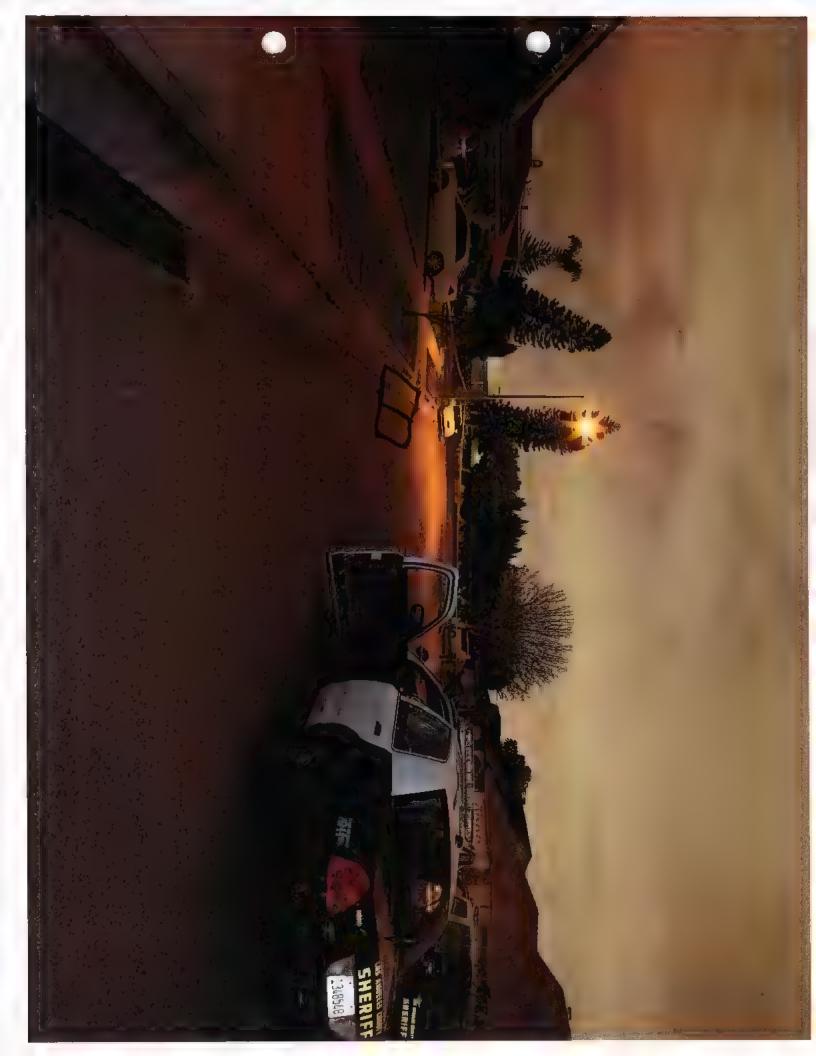

Long: That's it, sir.

Hoyt: All right, very good. We'il go off record, and the time is now 12:07.

Thank you.

IAB SH2379076

WITNESS INTERVIEW

DEPUTY VINCENT ORTIZ

Hoyt: All right, good morning. We are on the record. Today is March the 10th

of 2017. The time is approximately 10:45 in the morning. My name is Sergeant Jonathan Hoyt, and this is my partner, Sergeant Ron Ridley, of the Internal Affairs Bureau, which is commanded by Captain John Roberts. Today we are at the Internal Affairs Office, and I'm with Deputy Vincent Ortiz, and we are going to be speaking with him in regards to case SH2379076. And this is in regards to a deputy-involved shooting from May 7th of 2015. Real quick, we're going to go around the room, identify ourselves for the transcriber. Again, my name is Sergeant Jonathan Hoyt, J-O-N-A-T-H-A-N, last name is H-O-Y-T.

Ridley: Sergeant Ronald Ridley, R-O-N-A-L-D, R-I-D-L-E-Y.

Hoyt: And, Deputy Ortiz, do me a favor, first name, last name, spelling both

for the record.

Ortiz: Vincent Ortiz is V-I-N-C-E-N-T, -O-R-T-I-Z.

Hoyt: Thank you very much. And being represented by?

Okwuosa: Maureen Okwuosa with Greene & Shinee.

Hoyt: Thank you. And prior to going on record -- do you mind if I call -- you

do go by Vince? Vincent?

Ortiz: Vince.

Hoyt: All right, Vince. Prior to going on record, did I provide you a copy of the

administrative rights shooting investigation form?

Ortiz: Yes.

Hoyt: And did you have a chance to read the form?

Ortiz: Yes.

Hoyt: And at the top there are two boxes, Manual of Policy and Procedures

and are you familiar with it. Did you mark "yes" on both of those boxes?

SH 2379076 Page 1 of 23 DEPUTY ORTIZ

Ortiz: Yes.

Hoyt: And are those your initials?

Ortiz: Yes.

Hoyt: And did you read the entire form and sign the bottom of the form?

Ortiz: Yeş.

Hoyt: Any questions in regards to the form prior to proceeding?

Ortiz: No.

Hoyt: All right. Just remember you are being ordered not to discuss the facts

of this case or any issues of this case with the exception of to your

attorney or Internal Affairs, okay?

Ortiz: Yes.

Hoyt: All right, Vince, what is your employee number?

Ortiz:

Hoyt: And what is your current unit of assignment?

Ortiz: TST. It's actually CST now. It's Court Transportation Services.

Hoyt: Oh, okay. I didn't know that.

Ridley: I didn't either.

Hoyt: And your current job title?

Ortiz: Deputy Sheriff.

Hoyt: From the time you went into the academy until patrol and up to today,

tell me a little bit about your history on the Department?

Ortiz:

SH 2379076 Page 2 of 23 DEPUTY ORTIZ

Hoyt: Okay. And when did you enter the academy?

Ortiz: 2001.

Hoyt: Thank you. All right. We're going to go back a little ways, so May 7th of

2015. Do you remember that day?

Ortiz: Yes.

Hoyt: And what were you working that day?

Ortiz: I was working day shift, but I had a double on, so day shift/PMs.

Hoyt: So a 16-hour day?

Ortiz: Yes.

Hoyt: And what time did day shift start for you?

Ortiz: 8 o'clock.

Hoyt: And PMs would have been done at.

Ortiz: 2.

Hoyt: Oh, 2, so you did an 18-hour day?

Ortiz: No, I'm sorry. It started at 8 o'clock, I'm sorry, yeah, it ended at 4, and

then from 4 to 12.

Hoyt: Okay. So 16-hour day?

Ortiz: Yes.

Hoyt: Do you remember what car you were working that day, by chance?

Ortiz: No, I don't.

Hoyt: Okay At some point in the day did you end up responding to a call for

service with regards to a suspicious person in a vehicle?

Ortiz: Yes.

Hoyt: And I'm going to show you a call for service. It's dated 5/7 of 2015.

The station is Cerritos, tag number 130. As you read it, it says 925A/911N, and then a call for service in regards to a female in a

vehicle; do you remember that call?

Ortiz: Yes.

Hoyt: Is that the call you ended up responding to?

Ortiz: Yes.

Hoyt: And how did you get assigned to the call?

Ortiz: i added myself to the call.

Hoyt: Okay. And why was that?

Ortiz: Because I was listening to the call as I was logging on for PMs, and I

remember that at that time we were having a large amount of residential burglaries in the area, and it seemed like it was pretty much the MO for

a burglary in progress.

Hoyt: Okay. So you assigned yourself to the assist, and who had the handle?

Ortiz: It was 230-George-1, I believe.

Hoyt: And is that — which deputy is that?

Ortiz: That's Deputy Fitzgerald, yeah, Deputy Fitzgerald.

Hoyt: Okay. And did you hear the call get coordinated?

Ortiz: Yes.

Ridley: You were working regular patrol?

Ortiz: Yes.

Ridley: You weren't assigned to a specialty team?

Ortiz: No.

Hoyt: Okay. And you said the call was coordinated?

Ortiz: The original call came out through Interest I believe.

SH 2379076 Page 4 of 23 DEPUTY ORTIZ

Hoyt: Okay.

Ortiz: And I was listening to the conversation between the watch deputy and

Deputy Fitzgerald saying a hot call is going to come out. It's -- I believe

that they gave a description of the call.

Hoyt: Okay. If you recall, what was the plan coordinated behind -- what were

they going to do?

Ortiz: They were going to get some assisting units to canvas the area to

search for a 925A.

Hoyt: Okay. So you start to drive to the area?

Ortiz: Yes.

Hoyt: Do you remember if the call was ever updated in any way or --

Ortiz: It was, but I don't remember when.

Hoyt: Do you remember what was the update?

Ortiz: I don't.

Hoyt: Okay. And are you familiar with that area where the call was generated

at?

Ortiz: Yes.

Hoyt: And do you remember what street it was on?

Ortiz: I believe on Beach Street.

Hoyt: Okay. So you start to drive to the area, and once you got into the area

what did you do?

Ortiz: Well, once I got into the area, I was trying to find out the exact location

of Deputy Fitzgerald. I seen another George unit in my area, which was Deputy Long, and I knew since they work together as a team that he

probably would know his exact location.

Hoyt: Okay. I'm going to slow you down real quick. Why were you looking for

Deputy Fitzgerald?

SH 2379076 Page 5 of 23 DEPUTY ORTIZ

Ortiz: Deputy Fitzgerald was on the radio coordinating that he had the 925A.

Ridley: And that's a suspicious vehicle?

Ortiz: Suspicious vehicle/person.

Ridley: Okay.

Ortiz: And that he needed assistance.

Hoyt: Okay. So even prior to hearing that, did you make it to Beach Street?

Ortiz: Prior to hearing that or after?

Hoyt: Prior to Deputy Fitzgerald getting on the radio saying he found the

suspects.

Ortiz: Yeah, I wasn't there yet, no.

Hoyt: You weren't there yet?

Ortiz: No. sir.

Hoyt: Okay. And did you even make it to the area prior to Deputy Fitzgerald,

did you make it to the area to even have a chance to begin looking for

them, the suspects?

Ortiz: No.

Hoyt: Okay. And you said you heard Deputy Fitzgerald ask for assistance

with regards to a suspicion person in a vehicle?

Ortiz: Yes.

Hoyt: All right. So you were attempting to find Fitzgerald and you saw Deputy

Long drive by and you knew he knew where he was at and actually

followed him?

Ortiz: Yes.

Hoyt: All right. What happened as you followed Deputy Long?

Ortiz: I guess we located Deputy Fitzgerald down the street. The street was a

cul-de-sac, and we, I guess, arrived at the location, got out of our

vehicles to assist him.

SH 2379076 Page 6 of 23 DEPUTY ORTIZ

Hoyt: Okay. So you followed Deputy Long. You get to, what's the name of

the street?

Ortiz: Beach, I think. I'm pretty sure it was Beach.

Hoyt: Beach or was it Palm?

Ortiz: You know, now I'm not sure.

Hoyt: Okay. Beach is where the original call came out, and the incident, the

shooting, happened on Palm.

Ortiz: Okay, so it was definitely Palm.

Hoyt: Okay. So I just want to make sure we're clear on the streets. So you

and Deputy Long get to Palm, and Long goes down the street first?

Ortiz: Yes.

Hoyt: And you're right behind Deputy Long?

Ortiz: Yes.

Hoyt: Both black-and-white patrol cars?

Ortiz: Yes.

Hoyt: All right. As you turn onto Palm, was it right or left?

Ortiz: It was a right.

Hoyt: Okay. As you turn right onto Palm, what do you see?

Ortiz: I see Deputy Fitzgerald out of his car, and I see a female directly to the

east of him about maybe 50 yards maybe. I really can't tell, 30 to 50

yards away.

Hoyt: Okay. And what was the female doing?

Ortiz: She was stopped.

Hoyt: And was she in the road, on the sidewalk, on the grass/lawn?

Ortiz: Pretty much I believe it was the sidewalk.

SH 2379076 Page 7 of 23 DEPUTY ORTIZ

Hoyt:

All right. Just stopped, standing there?

Ortiz:

Standing there.

Hoyt:

All right. And what was Deputy Fitzgerald doing?

Ortiz:

He was giving orders.

Hoyt:

And who was he giving orders to?

Ortiz:

He was giving orders -- you know, it happened really fast, the whole thing, probably there seconds before everything erupted, but I believe he was giving orders to the female black and a person that was in a suspected, the 925A vehicle.

Hoyt:

Okay. As you get there, where did Deputy Long stop his car?

Ortiz:

In front of my car.

Hoyt:

And so were you guys basically bumper to bumper?

Ortiz:

Not bumper to bumper, no. We were offset each other probably about

a car distance between each other.

Hoyt:

Okay. And how far away from Fitzgerald's car did Long stop, if you

know?

Ortiz:

I don't know.

Hoyt:

Okay. So you stop. Do you see Deputy Long get out of his car?

Ortiz:

Yes.

Hoyt:

And you exit your car?

Ortiz:

Yes.

Hoyt:

Do you recognize the female?

Ortiz:

As a person in the call, yes.

Hoyt:

And do you see the suspect vehicle?

Ortiz:

Yes.

SH 2379076

Page 8 of 23

DEPUTY ORTIZ

Hoyt: Do you recognize that vehicle?

Ortiz: Yes.

Hoyt: And how do you recognize that vehicle?

Ortiz: Because it was described in the call.

Hoyt: Okay. So you step out, you see Deputy Fitzgerald detaining the

suspect in the car at gunpoint; is that correct?

Ortiz: Yes.

Hoyt: Where does -- did you see where Deputy Long walked to?

Ortiz: I didn't, no.

Hoyt: Where did you walk to?

Ortiz: I walked towards the suspect vehicle and to assist Deputy Fitzgerald.

Hoyt: And how long do you think you were out of the vehicle?

Ortiz: Two to three seconds tops.

Hoyt: Okay. And I'm going to show you a picture. Do you recognize this

street?

Ortiz: Yes.

Hoyt: In fact, I'm going to mark it as Number 1 before I forget. And what

street is this?

Ortiz: That has to be Park Street.

Hoyt: Palm?

Ortiz: Palm, I'm sorry, Palm Street, yes.

Hoyt: Okay. And do you remember where the suspect vehicle was parked

at?

Ortiz: Yes. It should be from the cul-de-sac, so it's one, two, three, four

houses to the north.

SH 2379076 Page 9 of 23 DEPUTY ORTIZ

Hoyt: Okay. With this black Sharpie marker, can you draw a square and try to

point which direction the suspect vehicle was pointing?

Ortiz: So it's this square and that's like that.

Hoyt: Very good. And was he right against the curb line?

Ortiz: You know, I don't remember.

Hoyt: Was it -- he was pointing straight, though?

Ortiz: He was pointing straight, yes.

Hoyt: And if you know, do you know where Fitzgerald parked his car at or

where he was parked at?

Ortiz: Yes, somewhere in this direction, something like that.

Hoyt: Okay. So he was facing the opposite direction?

Ortiz: Yes.

Hoyt: Approximately how far away from the suspect vehicle was Deputy

Fitzgerald's vehicle? And we'll talk front end to front end, bumper to

bumper.

Ortiz: Maybe six to eight feet.

Hoyt: So approximately a car length? So he wasn't right next to the car. He

wasn't right up on it or anything like that?

Ortiz: I don't remember.

Hoyt: Okay. And when you saw Fitzgerald, where was he standing at?

Ortiz: He was standing at the driver's side front motor portion of the suspect

vehicle.

Hoyt: So the front left quarter panel?

Ortiz: Yes.

Hoyt: Okay. And right next to the car? A few feet away from the car?

SH 2379076 Page 10 of 23 DEPUTY ORTIZ

Ortiz: Was -- yes.

Hoyt: A few feet or right up on it?

Ortiz: Pretty much right up to it, yes.

Hoyt: Okay. All right, very good. Before I forget again, can you sign that for

me?

Ortiz: Yes.

Hoyt: I'll give you this one.

Hoyt: All right, thank you. And approximately how long were you out of the

car for?

Ortiz: It seemed like seconds, sir, two to three maybe. It could have been a

little longer than that, but it seemed really quick.

Hoyt: Did you even have a chance to say anything to Deputy Fitzgerald?

Ortiz: No.

Hoyt: Did he say anything to you?

Ortiz: No. I believe he was talking to another deputy that was there.

Hoyt: And which deputy was that?

Ortiz: Deputy Long.

Hoyt: Okay. So you heard a conversation?

Ortiz: Yes.

Hoyt: It just didn't include you?

Ortiz: No, sir.

Hoyt: Okay. Did you hear what they said, by chance?

Ortiz: I do believe that they were discussing that that was the suspects in --

the burglary suspects, now suspected burglary suspects in the call, and

there is a suspect in the vehicle.

SH 2379076 Page 11 of 23 DEPUTY ORTIZ

Hoyt: Okay. And did you hear any commands by Fitzgerald to the suspect in

the car?

Ortiz: Yes.

Hoyt: And what's he saying?

Ortiz: He was saying, "Let me see your hands, let me see your hands." He

was yelling that.

Hoyt: And did you see the suspect inside the vehicle?

Ortiz: 1 did not.

Hoyt: Okay. Did you notice if the suspect vehicle was on when you got there?

Ortiz: I didn't, but I know that it was because it revved up and took off --

Hoyt: Okay.

Ortiz: -- in seconds of me being there.

Hoyt: All right. So you get there and you said you walked up to -- if Deputy

Fitzgerald is at the left quarter panel, how close did you get to Deputy

Fitzgerald?

Ortiz: About 15 to 20 feet possibly away from Fitzgerald.

Hoyt: And that would have been this left or right?

Ortiz: That would have been to his left.

Hoyt: Okay. So you're to his left. Did you see where Deputy Long went?

Ortiz: Deputy Long was to my right and veered off to the right of me in front of

me, so he was, I lead, in front of me, if that makes sense.

Hoyt: Okay. So would it be safe to say would Long have been between you

and Fitzgerald or would Long have been to the right of Fitzgerald?

Ortiz: Between me and Fitzgerald.

Hoyt: All right. So you begin to approach. How did you approach the suspect

vehicle?

SH 2379076 Page 12 of 23 DEPUTY ORTIZ

Ortiz: With caution and with my gun drawn.

Hoyt: Okay. And why was your gun drawn?

Ortiz: Because of the situation and how volatile it was. And it was escalating

quickly, and in the call it described, which the City of Cerritos had a

problem with knock-knock type of burglars in the area.

Hoyt: Okay. So as you begin to approach, you see the suspect vehicle. You

recognize it as the suspect vehicle. Did you happen to notice if -- what

direction the tires on the car were pointed, the suspect vehicle?

Ortiz: No.

Hoyt: All right. So as you begin to approach, you hear Deputy Fitzgerald

giving commands. You hear the discussion between Fitzgerald and Long briefly. And suddenly you hear the engine rev, and you said the

car --

Ortiz: Took off.

Hoyt: Took off. Describe that a little bit for me.

Ortiz: Well, the vehicle -- I heard the motor rev up, and I knew it was going to

take off, so as the motor revved, I started to look for someplace to retreat safety without harming myself, falling, so I can get out of the car because the car had nowhere else to go but forward. So that's what I did. I looked over to my left to make sure my path was clear to back up,

and that's what happened.

Hoyt: Okay. And you said that's the only way the car had to move, so it would

have to go forward. Were your cars blocking it?

Ortiz: No, it wasn't blocking a path to go forward, no.

Hoyt: So he had a clear path to go straight forward?

Ortiz: Yes, sir.

Hoyt: Okay. And you begin to move. You look behind you. You begin to look

for cover or places to escape to. And as you did that, what did the

suspect vehicle do?

Ortiz: It took off, and it took off quickly to the left. Instead of going in a straight

line it took off, it veered off actually towards us.

SH 2379076 Page 13 of 23 DEPUTY ORTIZ

Hoyt: So it veered off left coming towards you, Fitzgerald, and Long?

Ortiz: Yes.

Hoyt: And what -- did you see what happened to Deputy Fitzgerald?

Ortiz: No.

Hoyt: Did you hear the shots?

Ortiz: Yes.

Hoyt: What did you believe happened at that time?

Ortiz: I really didn't see. I heard the shots. I don't know who shot.

Hoyt: Okay.

Ridley: So are you saying that the subject, or the suspect, I'm sorry, had the

opportunity to go straight, but he opted to turn into you guys?

Ortiz: Absolutely, yes.

Ridley: Okay.

Hoyt: And as the suspect vehicle started to take off, did you recognize that

you maybe possibly were going to get hit?

Ortiz: Yes, absolutely.

Hoyt: And what did you do?

Ortiz: I continued to back up quickly to get cover and concealment; however, I

continued to watch the vehicle as it veered left and then straight down

the street.

Hoyt: Okay. And how close do you think the vehicle came to you?

Ortiz: Well, it felt like it came up to close to me, was probably about eight feet.

Hoyt: Okay. But it felt closer?

Ortiz: It felt like it was coming right at me.

SH 2379076 Page 14 of 23 DEPUTY ORTIZ

Hoyt: All right. And did you see what happened to Deputy Long at that

moment?

Ortiz: No.

Hoyt: And did you see what happened to Deputy Fitzgerald after the car left?

Ortiz: No, because I was holding the gun, I'm sorry, I was holding the car at

gunpoint aiming at the car assessing, thinking what just happened. I

don't know what happened, who shot.

Hoyt: Okay.

Ortiz: I was looking at the car that was driving away, and I don't think I seen

anything other than the moving vehicle, so as the car moved away, I kept aim at it and I followed it as it drove down the street, with my eyes,

in my eyesight.

Hoyt: Okay. And if you had not moved, do you think that vehicle would have

hit you?

Ortiz: Yes.

Hoyt: So once you're watching the vehicle and the suspect vehicle goes past

you, what side of the car of the suspect vehicle were you on?

Ortiz: I was on the driver's side, so I was on the south side of the street.

Hoyt: Okay. Where did you see the suspect go?

Ortiz: Down the street. The street kind of T-bones into another street, so I

seen it fly down the street and make a left.

Hoyt: Is that Pires?

Ortiz: Yes, it is.

Hoyt: And for the record, that's P-I-R-E-S. And once you saw the vehicle turn

left, what did you do?

Ortiz: I immediately got into my vehicle and followed it.

Hoyt: And did you discuss that with anybody or was that an independent

action?

SH 2379076 Page 15 of 23 DEPUTY ORTIZ

Ortiz: No. It was discussed - Rob Long said, "Don't let him get away. We

need to catch that vehicle. Let's get him."

Hoyt: Okay.

Ortiz: So we got in our vehicles and followed suit.

Hoyt: So you jumped into your vehicle. Deputy Long jumped in his vehicle.

And who went after the car first?

Ortiz: Deputy -- the way we were situated in the street, I was the last car in

the cul-de-sac, so I needed to get my car out of the way and to turn the opposite direction, so what I did is I backed up possibly into a driveway and that allowed a clear path for Deputy Long to back his vehicle up so he can also do the same thing, to go in the opposite direction down the

street. So Deputy Long led the chase.

Hoyt: Okay. So Deputy Long's in the lead. You're right behind him. You

guys turn left on Pires to follow the direction of the vehicle, correct?

Ortiz: Yes.

Hoyt: What did you see?

Ortiz: I saw that the vehicle had TC'd on the left side of the street, so it's the

east side of Pires, and he hit a fire hydrant and a brick wall and a utility

pole, I believe.

Hoyt: Okay. You said he hit a fire hydrant?

Ortiz: Yes.

Hoyt: Was the water going?

Ortiz: It was gushing and cascading down into the car.

Hoyt: Okay. Where did Deputy Long stop his vehicle?

Ortiz: I don't remember.

Hoyt: Where did you stop your vehicle?

Ortiz: Just north of the suspect vehicle a little ways back for safety reasons.

Hoyt: Okay. Did you guys treat it like a felony T-stop?

SH 2379076 Page 16 of 23 DEPUTY ORTIZ

Ortiz: Yes.

Hoyt: In what sense?

Ortiz: We were using extreme caution for the fact that it was a -- for one, it

was a burglary suspect. For two, it was a suspect that tried to run over

us. And for three, shots were fired.

Hoyt: Okay. And as you watched the -- as you look at the car, it's crashed,

it's getting gushed down with water, did you guys yell at the suspect in

the vehicle, try to get him to come out at all?

Ortiz: Yes.

Hoyt: And who did that?

Ortiz: I think I was yelling. Deputy Long was yelling. And then at that time I

believe other units were arriving.

Hoyt: Do you remember who the other units were, by chance?

Ortiz: I don't.

Hoyt: Okay. And once you got no acknowledgment from the vehicle, did you

guys approach the vehicle?

Ortiz: Yes.

Hoyt: And how did you approach?

Ortiz: Cautiously, for the fact that the car -- I believe it was upside down. I'm

not really sure, but in my mind it was upside down at this point. But the water was cascading directly on top of it. So the fire hydrant water wasn't veering off and splashing somewhere else. Coincidentally, the

water was waterfalling right on top of the vehicle.

Hoyt: Okay. And what side of the car did you approach on?

Ortiz: I drove it – I approached it from the passenger side.

Hoyt: On foot?

Ortiz: Yes.

SH 2379076 Page 17 of 23 DEPUTY ORTIZ

Hoyt: And how about Deputy Long?

Ortiz: On foot.

Hoyt: Which side?

Ortiz: Don't remember.

Hoyt: Did you guys have a little plan together before you did that?

Ortiz: Yes.

Hoyt: And what was that plan?

Ortiz: We were going to order him out, out of the car with his hands up.

Hoyt: Okay. Did anyone else approach the vehicle with you?

Ortiz: No, I don't believe so.

Hoyt: Okay. As you got up on the vehicle, were you able to see into the

vehicle?

Ortiz: No.

Hoyt: And why is that?

Ortiz: Like I said, the water was splashing directly onto the vehicle, and it was

a lot of water. It just wasn't a little bit. It was shooting up in the air and waterfalling down onto the vehicle. And the vehicle had tinted windows.

Hoyt: And that was all the windows?

Ortiz: Yes.

Hoyt: Okay. And were you guys able -- you guys were not able to see in the

car?

Ortiz: No

Hoyt: Were you guys able to tell what was going on with the suspect at that

point?

Ortiz: No.

SH 2379076 Page 18 of 23 DEPUTY ORTIZ

Hoyt: What did you believe was happening? Did you believe he was hiding

from you? Did you believe he was in medical need?

Ortiz: See, all those thoughts went through my mind that he may need

medical, he may be hiding, he maybe just barricaded himself in the

vehicle.

Hoyt: Okay. And did you do anything to allow you to see into the vehicle

better?

Ortiz: No

Hoyt: Did Deputy Long do anything to allow you to see into the vehicle better?

Ortiz: I believe he did.

Hoyt: What did he do?

Ortiz: I believe he opened a window or opened a door at that time. I don't

recall, but I do know that he made it better to see into the vehicle.

Hoyt: Okay. And what did you see?

Ortiz: I saw a lot of water, you I know. I saw what may have looked like a

person inside the vehicle, but I saw a whote lot of water cascading over

it.

Hoyt: Okay. And were you getting wet at that time?

Ortiz: We had our feet in the water, yes. I did get my feet wet.

Hoyt: Okay. And did you guys request the fire department?

Ortiz: Yes, we did.

Hoyt: And did they arrive?

Ortiz: We requested Fire and I believe paramedics at the time, but there was

a lot of shouting, people saying "Get back, get back" because of the objects he wrecked into. We didn't know if it would be safe to be in that

water.

Hoyt: And why is that?

Ortiz: It was a power line or a power pole that was down.

SH 2379076 Page 19 of 23 DEPUTY ORTIZ

Hoyt: Okay. So electricity is possibly in the water?

Ortiz: Yes.

Hoyt: Okay. And were you guys -- were you able or Deputy Long or anyone

else there deputy-wise able to remove the suspect from the vehicle?

Ortiz: No.

Hoyt: Fire department eventually turn the water off?

Ortiz: Yes.

Hoyt: Were you there for that?

Ortiz: Yes.

Hoyt: And once that happened, what happened?

Ortiz: The fire department actually took a long time to turn the water off. We

were pretty much in rescue mode like we have to get this guy out of there. He had just wrecked. He wasn't moving. He wasn't responding to orders to get out, so possibly he was injured, but they took a very long time and they did it procedurally as part of what they do to get

somebody out of a vehicle with power lines down.

Hoyt: Okay, very good. And as you were there waiting for the fire department

or even after anything else, did you remain at that scene or did you

return back to check on Deputy Fitzgerald?

Ortiz: I remained for a little bit, but also went back to the street where it

happened.

Hoyt: Okay. I'm going to go back a little bit since I forgot to do this at the

beginning. Do you remember what you were wearing that day?

Ortiz: Yes.

Hoyt: What were you wearing?

Ortiz: I was wearing a Class A uniform.

Hoyt: Long sleeve? Short sleeve?

SH 2379076 Page 20 of 23 DEPUTY ORTIZ

Ortiz: Long sleeve.

Hoyt: All right. I'm showing you a picture, a picture of you. Is that you on the

day of the incident?

Ortiz: Yes.

Hoyt: And what gear did you all have on your belt and equipment-wise?

Ortiz: I had my gun belt with two extra magazines. I had pepper spray, a

radio, and a collapsible baton. Oh, and handcuffs.

Hoyt: And what firearm did you have?

Ortiz: I had the, ooh --

Hoyt: What do you carry now, Smith & Wesson?

Ortiz: Yeah, Smith.

Hoyt: Okay. So you had the M&P?

Ortiz: Yes.

Hoyt: Okay. Were you originally trained on the Beretta?

Ortiz: Yes.

Hoyt: Okay.

Ortiz: Well, I was -- yeah, the other way around. I had the Beretta first before

that, and then recently trained --

Hoyt: Okay, very good. All right, do me a favor, just, again, sign your name

on the back of that picture, this picture of you.

Hoyt: Thank you. All right, we're going to go look at a couple other photos

here real fast. And this one I will put as number 2. I think this is the better picture. As you look at this photo, that's Deputy Fitzgerald's vehicle. Approximately how far away was the suspect vehicle to the

front, if you recall?

Ortiz: You know, it was in close proximity, but I can't remember exactly, so I'd

have to say pretty much ---

SH 2379076 Page 21 of 23 DEPUTY ORTIZ

Hoyt: Go ahead and draw with the Sharpie. And I know it's been a while, so

to the best of your recollection.

Ortiz: Something like this.

Hoyt: Okay. So you're still -- do you remember that door being open?

Ortiz: I don't.

Hoyt: Okay. So there was plenty of room for him to get past there?

Ortiz: Yes.

Hoyt: And like you said, when you first saw Fitzgerald, he was at the quarter

panel?

Ortiz: Yes. And knowing that he had plenty of room, because we all kind of --

Long's car was here and I was right behind him, a little offset, but there

was a clear path for the suspect vehicle to drive.

Hoyt: So when you say Long's car was right here, was he almost directly

behind Fitzgerald's vehicle or a little bit offset, if you, again, if you remember? And here's even a further-away picture. We'll call this one number 3. If you look at this one, it was a little further away. Where

would you say Long parked at?

Ortiz: Yeah, somewhere over here maybe.

Hoyt: Oh, so he had plenty of space right behind there?

Ortiz: Yes, Yes, sir.

Hoyt: Okay. And at any time did you ever see Fitzgerald stand directly in

front of the suspect vehicle?

Ortiz: No.

Hoyt: I think that's all I have. Anything, Maureen?

Okwuosa: No.

Hoyt: Okay. I think that's all the questions I have. Oh, I know what I was

going to ask you real quick, who did you report the incident to?

Ortiz: Meaning sergeant-wise?

SH 2379076 Page 22 of 23 DEPUTY ORTIZ

Sergeant-wise, if you remember. It's been a while. Hoyt:

It's been a while, sir. I don't remember which sergeant came. Ortiz:

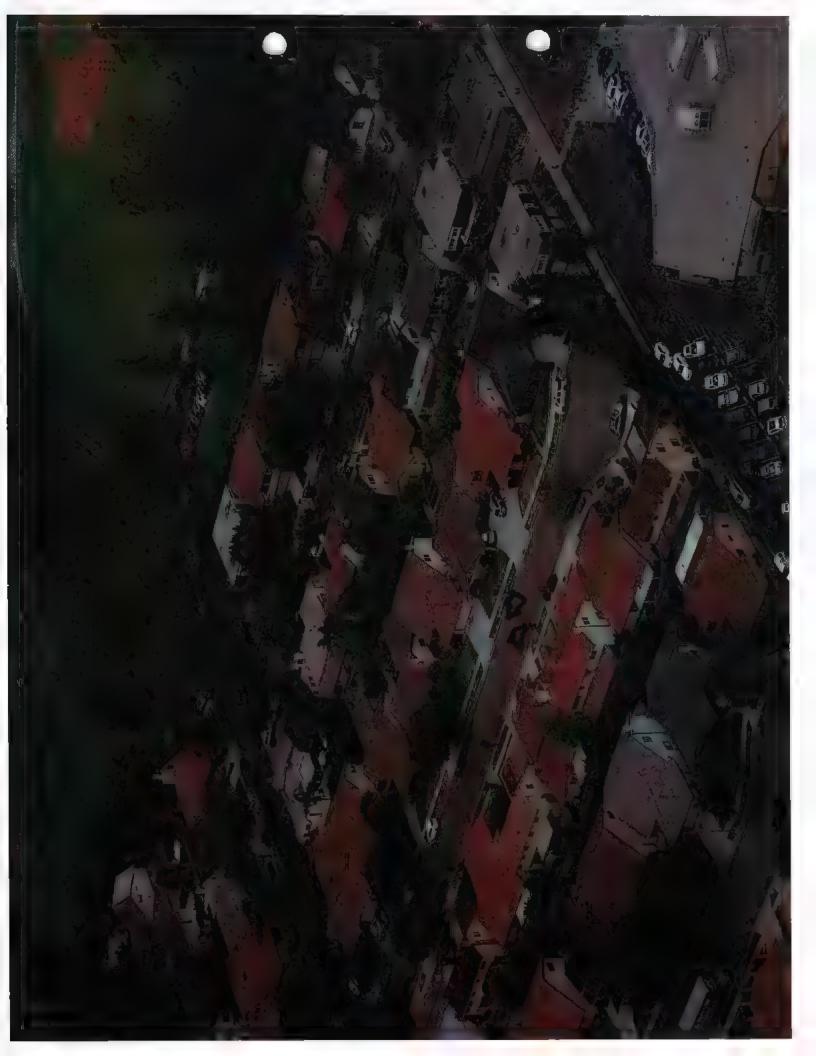

Okay, that's all right. Anything you would like to add, say, tell me that might help with this investigation? Hoyt:

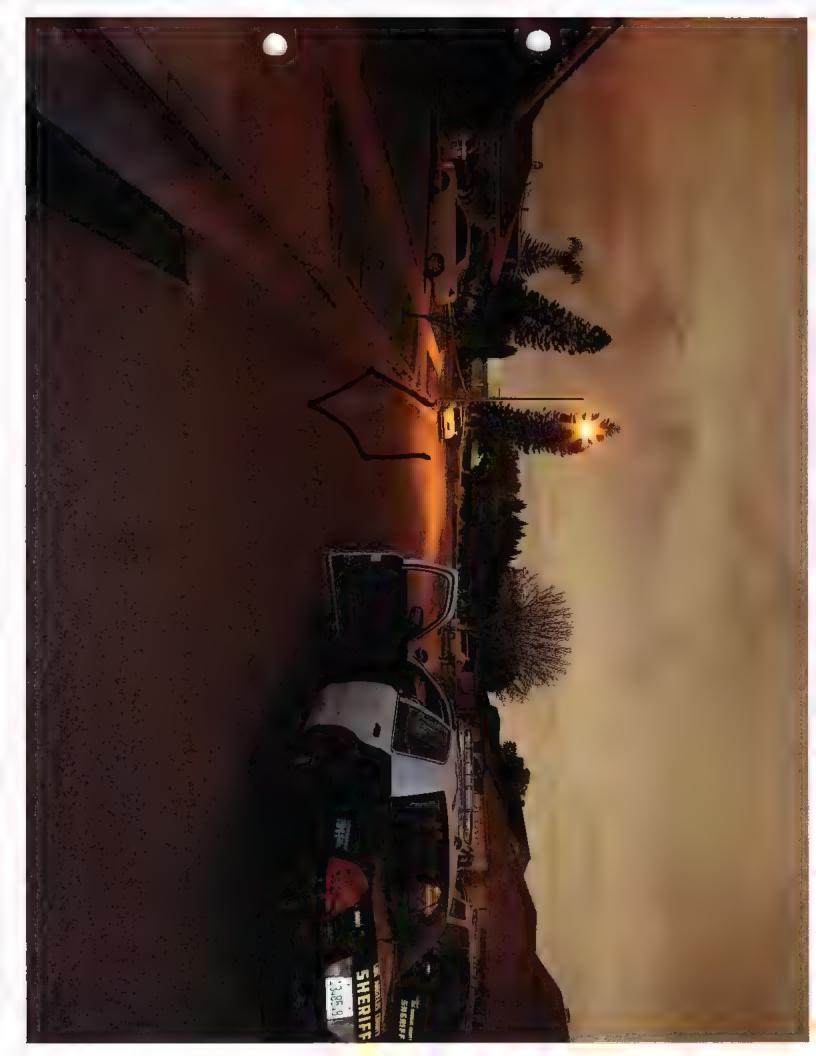

Ortiz: No.

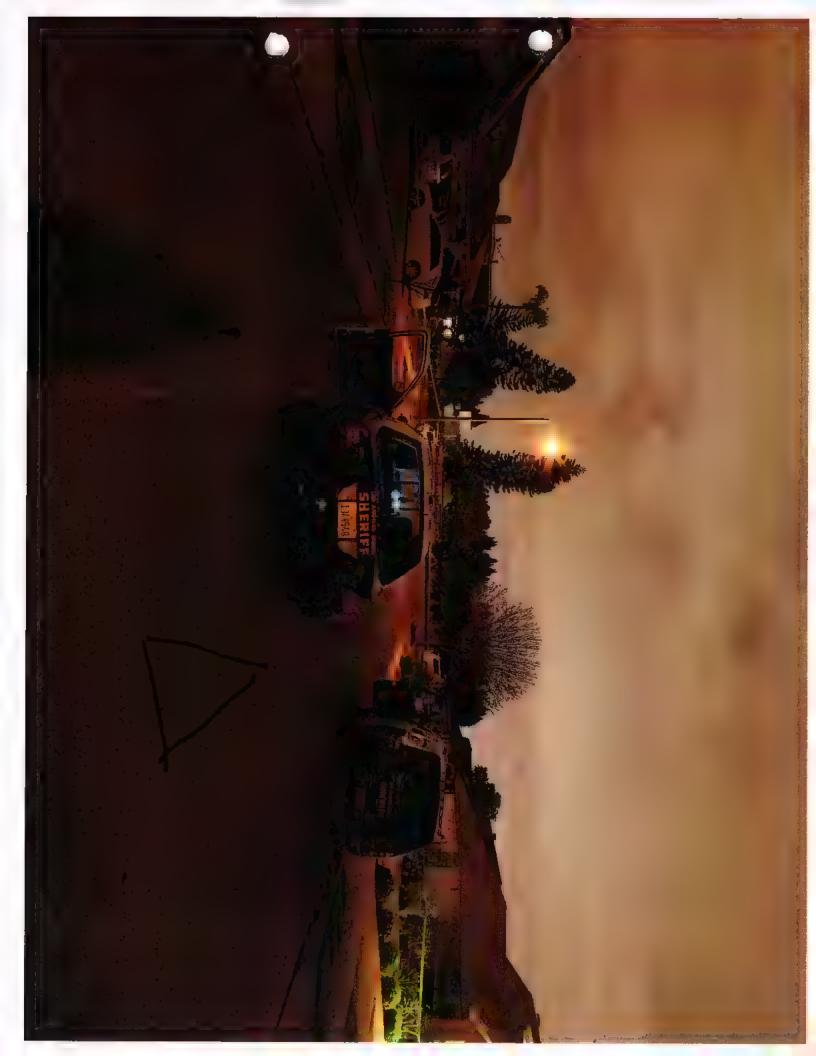

Hoyt: All right, very good. We are going to go off record. The time is now

11:18. Thank you.

HOMICIDE WITNESS DEPUTY INTERVIEW:

DEPUTY VINCENT ORTIZ

Gray: This conference room, I believe this is. My name is Sergeant Robert

Gray, Sheriff's Homicide. My partner is Detective Dan Morris. Also,

present in the interview is:

Adams: Sergeant John Adams from Internal Affairs.

Gray: And we have Deputy Ortiz. What's your first name?

Ortiz: Vincent.

Gray: Deputy Vincent Ortiz and he's represented by:

Okwuosa: Maureen Okwuosa from Green & Shinee.

Gray: Okay. You said Vincent; right?

Ortiz: Yes, sir.

Gray: Your middle name?

Ortiz: David.

Gray: Ortiz. And your employee numbers?

Ortiz:

Gray: All right. What's your hire date? Do you remember?

Ortiz: Yes I think it's

Gray: I guess you do remember.

Ortiz: Yes, sir.

Gray: All right. Your academy class?

Ortiz:

Gray: What was your first assignment after the academy?

Ortiz:

Gray:

Gray:

Gray: And tonight what unit were you assigned?

Ortiz: I was assigned 231. It was a bleed over -- overtime shift from dayshift. So, dayshift I was 234 and then at 14 or 1600 hours I turned into 231.

231 PM's?

Ortiz: Yes, sir.

Gray: And that's from 1600 to --

Ortiz: They -- they cut it short. It's 1600 to 2200 hours. So, it'll only be a

six-hour overtime gig.

Gray: One man -

Ortiz: Yes, sir.

Gray: -- unit? Do you remember what car you were in -- what rooftop?

Ortiz: I think that last two is 44. I'm not sure.

Gray: How about does 33 make -- SH0433 sound familiar?

Ortiz: Yes, yeah.

Gray: So, you get on at 1600 and I believe this call comes out sometime around

1620. Do you remember this -- this call come out?

Ortiz:

Yeah. I don't remember the call come out. I was -- I was already -- I was just logging on coming down from mid-level. We don't get any reception down there but as soon as I -- I hit the -- the driveway, I heard 230 George 1 on the radio asking the Desk if that call was already voiced and, so, my curiosity led me to find out the status which led me to find out what tag he was on, which led me to assist myself to the tag. And it was a 925A and he was saying that he -- he was on the radio describing. So, there was a female black that knocked on a person's door and asked for somebody that didn't live there and pretty much it falls under the guidelines to -- the people that do the majority of the burg -- residential burglaries in the area where they -- they have somebody knock on the front door and if somebody answers it they'll say, hey, I'm looking for Joe Smith. Joe Smith doesn't live here so they'll go to the next house or next neighborhood and what they do is they have somebody that knocked on the door, somebody stays in the car, and somebody if they don't answer the door -- the homeowner isn't home -- somebody will jump the fence and break into the back. That's their MO. That's how they do it and that's how they've been doing it here in Cerritos. So, I -- I knew that that was happening so I assigned myself to the call. So, I used my -- my mapper to find out where they're at -- in the area where they're at and then traffic came out for an assist. I think it was 230 George 3 I think it was. Deputy Fitzgerald needed -- he was holding burglary suspects at gunpoint and then what I heard was radio traffic saying who can get there in one, who can get there whatever and I was still trying to find them on the mapper -- the exact spot. I see Deputy 230 George 1 pass -- buzz by me so I knew he where he was so I followed him in and I was directly behind him as we were arriving on scene with Deputy Fitzgerald holding what looked like the car to me at gunpoint outside his vehicle. At that time, I get out of the car and it happened really quickly where I'm hearing Deputy Fitzgerald says -yelling, "Let me see your hands. Let me see your hands. Let me see your hands -- your hands up." And then all of a sudden I see the suspect vehicle take off towards -- so, it's -- it's parked at the curb and it peels off really quickly left towards Deputy Fitzgerald. So, as it's doing that, I'm thinking that they're going to come and run us all over because we're in the middle of the street. So, I gaze to my left to see what's behind me because I want to get the hell out of the way. And as I gazed to my left, I hear boom, boom. So, I back up even more having the gun -- the gun -the car at gunpoint as it whizzes right by me. Unable to perceive a threat as they're leaving, I don't take action other than get back in my car and

SH 2379076 Page 4 of 14 WITNESS ORTIZ

take off, follow where it went. The other two deputies are putting out radio traffic, I'm following, and I see that it wrecks. It wrecks into a fire hydrant and we put out traffic that the suspect vehicle is -- that wrecked. We got more people there.

Gray: So, you said you're responding from mid-level. Explain. I'm not familiar

with this station. What's mid-level?

Ortiz: Mid-level's -- mid-level parking structure where we park and keep and

store all our cars.

Gray: Okay.

Ortiz: That's where -- that's our parking lot for the Sheriff's Department and down

below we -- we have really bad reception. As a matter of fact, throughout the station if you don't hear your radio traffic, because we have bad reception. So -- so, as I came up, I already heard -- I was hearing the conversation already in play that they've -- they've got these type of suspects that they're looking for. So, that's why I added myself. I found

out what tag they're on and I added myself to the -- to the cali.

Gray: So, based on the call, you -- in your mind you're like those are burglary

suspects.

Ortiz: Those are one hundred percent.

Gray: So, you -- you add yourself on as assisting unit. You see 230 George 1.

Do you know who that deputy is?

Ortiz: Yeah. That's Deputy -- I'm tired right now. I can't think. Why can't I think?

Gray: Is it Deputy Long?

Ortiz: It's Deputy Long.

Gray: Okay. So, you're trying to get to the location but you see him -- he's

beelining it. So, you're like, oh, he knows where he's going.

Ortiz: He knows exactly where he's at.

Gray: I'm going to follow him. So, when you go down to this -- where Fitzgerald

is, is that Palm Place?

Ortiz: Yes, it is.

SH 2379076 Page 5 of 14 WITNESS ORTIZ

Gray: Okay. So, right here in my notebook there's a little crude drawing I made

of Palm Place and this'll be the cul-de-sac right here?

Ortiz: Yes, sir.

Gray: Does it look kind of familiar?

Ortiz: Absolutely.

Gray: Okay. So, north would be toward us where we're sitting.

Ortiz: Okay.

Gray: Right? And the street -- I didn't put all the houses, but around here

somewhere to the west would be Pires.

Ortiz: Uh-huh.

Gray: Does that sound familiar?

Ortiz: Yes.

Gray: So, which way are you coming from?

Ortiz: We're coming -- we're coming from -- the easiest way to say it is we're

coming from Artesia ---

Gray: And rolling north?

Ortiz: - roiling north to Palm.

Gray: And then you — then you make a right where --

Ortiz: You make -- you make --

Gray: -- eastbound on Palm.

Ortiz: -- you make -- yeah -- make a right eastbound and if I can draw it or show

you, it's 230 George 1 is here and I'm right behind here.

Gray: Okay. So, on -- on -- on my little drawing, that's -- this would be --

because remember this is only one, two, three, four houses from the cul-de-sac is where this thing happened. So, that -- right here, this would

be Fitzgerald's car.

Ortiz: Fitzgerald, yes.

SH 2379076 Page 6 of 14 WITNESS ORTIZ

Gray: So, you're saying that Long is on the passenger side?

Ortiz: Long is - yeah -- just right behind. So, that would be the passenger side

--

Gray: Like offset.

Ortiz: - offset rear of Fitzgerald.

Gray: And then you're where? Behind?

Ortiz: I'm behind him.

Gray: Okay. Now, where do you see the suspect vehicle?

Ortiz: I see the suspect vehicle parked pretty close --

Gray: You can draw it.

Ortiz: -- to Fitzgerald's car.

Gray: Okay. So, this would be against the north curbline in front of Palm

Place.

Ortiz: Somewhat, yes.

Gray: Which way is the vehicle facing?

Ortiz: It's facing west.

Gray: Facing west. Where's Fitzgerald at?

Ortiz: Fitzgerald is pretty much close up to the vehicle yelling orders.

Gray: So, you made a mark by the left front fender on the -- by the driver's side.

Ortiz: By the driver's side.

Gray: Closer to the driver door.

Ortiz: Yes.

Gray: Okay. He's yelling orders.

Ortiz: Orders.

Gray: And I think -- believe before you said something like let me see your

hands, get your hands up or something like that.

Ortiz: Yes. I mean numerous times, numerous times yelling, yelling, yelling.

Gray: Was he -- had his weapon drawn?

Ortiz: Yes.

Gray: So, at -- at that point, are you still in your car? In fact, why don't you -- if

you -- if you don't mind, just draw where your -- where Long's car is and

your car so we have a better idea.

Ortiz: Yeah. Rob Long is probably right here.

Gray: Uh-huh.

Ortiz: And mine's right behind him.

Gray: Okay.

Ortiz: I'm a lousy drawer.

Gray: So, and you're out on the driver's side?

Ortiz: Yep. I come out on the driver's side here so I can see what's going on

here.

Gray: And -- now, take me to this event. So, you're out of the car now. Do you

-- do you remember if Long was out of the car?

Ortiz: Yes. Long was out of the car, I was out of the car, Fitzgerald was out of

the car.

Gray: Okay. Can you see anybody in the car?

Ortiz: No, I couldn't see anything in the car.

Gray: Okay.

Ortiz: And -- and -- and I believe that the windows were tinted.

Gray: So, then what happens after that? You get out of the car, Long's out of

the car, you see Fitzgerald yelling commands.

SH 2379076 Page 8 of 14 WITNESS ORTIZ

Ortiz: Yelling commands. I hear the car rev, "vroooo," like it's going to take off.

Believing that it was going to take off, I -- I just glances back to see where

I can retreat because the car's going to come at us.

Gray: So, this car's going to -- when the car finally leaves, is it driving along a

north curbline?

Ortiz: No. They actually comes out -- it comes out south. So, it comes up -- it

comes at our direction.

Gray: So, like this. It goes along this side?

Ortiz: No. It -- it has enough room and the vehicle should be a little bit over

here.

Gray: Okay.

Ortiz: It has enough room to come out and make it just barely whiz right past us,

not hitting our vehicles -- our vehicle doors.

Gray: So, it drove along the north side of the street then.

Ortiz: Yes, yes.

Gray: Okay. So, closer to the north curbline when it took off.

Ortiz: No. It came -- it came towards us -- towards the center of the street. Like

I said these vehicles in the drawing -

Gray: Like show me with your finger how the car's going.

Ortiz: The drawing -- the drawing should be way -- Fitzgerald's car should be

over here.

Gray: Okay.

Ortiz: And then -- and so on, and then the next one here and then the next one

and mine here. So, this has room for him to come out this way.

Gray: Oh, okay. Also, say he kind of a wide turn toward --

Ortiz: Towards us.

Gray: - towards your guys' cars. Okay.

Ortiz: Absol -- absolutely.

SH 2379076 Page 9 of 14 WITNESS ORTIZ

Gray: Okay. So, you hear the engine revving. Before it takes off what are you

seeing?

Ortiz: I'm -- I'm hearing orders, "Let me -- let me see your hands. Stop the

vehicle. Let me see your hands. Stop, stop." And then I looked back for a split second out of my peripheral vision is to back up and I hear boom, boom; right? And I -- and I back up all the way and the car just whizzes

past me as I have my gun drawn and it's - it's gone.

Gray: So, when you hear boom, boom, you're actually looking behind you to --

Ortiz: To back up to get out of the way.

Gray: -- to get out of the way because you -- you're feeling this thing -- this guy's

going to take off and I need to get cover.

Ortiz: Well, yeah, that's what he was going to do. Yeah, absolutely.

Gray: So, when he -- did you see what Fitzgerald was doing?

Ortiz: I saw him up to the car yelling, "Let me see your hands. Let me see your

hands." And then when the car takes off, it goes "wooo" and takes off, I back up, whoa, to get out of the way still with my gun drawn and hear -- and hear the two shots, turn and then just driving away. I'm aiming but,

you know, of course, I don't perceive a in threat him leaving --

Gray: Right.

Ortiz: -- when he's leaving. He already cleared us. So, what me and -- me and

Rob Long do is we get in our cars. Since I'm the last one, I -- I drive in this

way. Long backs up this way and makes a U-turn and now we're in pursuit of him. I'm -- Long's first and I'm behind him and then we see that

he wrecks over here.

Gray: Okay. So, do you take a look at what's going on with Fitzgerald before

you leave?

Ortiz: Yeah. We were -- we were hot after him real quick, you know,

it -- to me -- to me it was go get that guy. Get him. Don't let him get away.

Gray: Okay. So, you don't know who shot?

Ortiz: I don't.

Gray: Okay. You just know there was some gunshots.

Ortiz: Some gunshots, yeah.

Gray: And you said two?

Ortiz: Two.

Gray: Okay. Once he TC's, what do you guys do?

Ortiz: Once he TC's, we're on the air. We're still on the patch. We're saying that

the -- the suspect has TC'd into a fire hydrant and we need cars to give us

a hand -- help us out.

Gray: You guys eventually go and try to detain the person?

Ortiz: We -- we attempted to get inside the car but the water pressure was just

too high. I know that there was a deputy that got real close into there -into there to see if he had any weapons but the water -- the water shifted
in the air and it dumped thousands of gallons on him and it was too
dangerous just back up, get out of the way. And then luckily we did
because we found out later that he had ran over some type of utility pole
and the currents -- electrical currents and the Fire said no way. The
water's got to be turned off and everything have be made safe before we

go in there.

Gray: Okay. So, that took a little --

Ortiz: That took some time, yes.

Gray: Took some time.

Ortiz: But our -- out initial thought was to render aid to this guy because he had

TC'd and we know that there were shots fired and he may -- may have

been hurt.

Gray: Did any of you guys put out like or did you hear anybody put out shots

fired or anything?

Ortiz: I -- you know I --

Gray: Or were you consentrating....

Ortiz: It was that guick. Yeah, it happened guick. I was just trying to catch this

guy.

SH 2379076 Page 11 of 14 WITNESS ORTIZ

Morris: Did you ever see Deputy Fitzgerald either fall to the floor or get -- or get

back up from the floor?

Ortiz: No. No, I was watching the vehicle.

Morris: Okay.

Ortiz: Because I like I said I heard gunshots. So, and then this guy coming

towards me. I'm thinking this guy's going to run me over or he's going to shoot at me or something. You know? So, I was -- I was watching this

threat as it was leaving me.

Morris: When -- when you initially saw Deputy Fitzgerald at the suspect vehicle,

where was he standing in relation to the car?

Ortiz: He was standing -- standing off -- offset from the -- this is the car. he's

standing right here.

Morris: Okay. So, his -- would you say he was closer to the door or closer to the

front of the vehicle?

Ortiz: I think he was closer to the -- the -- between the motor and the door. So,

not the very middle of the vehicle but close enough for this suspect to fire

a weapon at him or to understand his -- his commands.

Morris: Okay. Would -- would you describe his position as -- as -- as -- I don't

want to put words in your mouth -- as having a -- a view more from like though the front windshield and -- and -- and driver side window? From

like that kind of position?

Ortiz: Yes, absolutely, both.

Morris: Okay.

Gray: So, angled.

Ortiz: Angled, yes.

Morris: And could you give me like an estimate on the distance he was from the

vehicle, was he a foot a vehicle, two feet from the vehicle, against the

vehicle?

Ortiz: I'd say a foot to two feet away from the vehicle.

Morris: Okay. And when – you said you heard the engine revving?

SH 2379076 Page 12 of 14 WITNESS ORTIZ

Ortiz: Yes. I heard it rev and take off, "vroom," and take off.

Morris: Did -- did you actually see the vehicle leave from the -- from the curb or

had the vehicle already ---

Ortiz: Already in motion.

Morris: It was already in motion?

Ortiz: Already in mo --

Morris: Uh-huh.

Ortiz: -- when I looked back and backing up and already in motion -- boom,

boom -- and fire their shots.

Adams: Did -- did you -- okay, so, when the vehicle left the curb -- curbline, did you

see it go towards Deputy Fitzgerald?

Ortiz: Yes.

Morris: You did?

Ortiz: And me, and -- and Deputy Long.

Morris: Okay.

Gray: Okay, so, it's my understanding that when you hear this thing rev, at that

point you turn your head because you want to back up and make sure you

have room to back up.

Ortiz: Right.

Gray: And while your heads turned, is when you hear the two shots.

Ortiz: Yes.

Gray: And then is that when you turn back around and see if the car --

Ortiz: Yeah, absolutely.

Gray: Okay.

Ortiz: Everything was happening fast but it seemed like it was slow motion.

Gray: Right.

Ortiz: Yeah.

Morris: So, it's rev, pop, pop, turn around, see the vehicle come towards. Okay.

Ortiz: It was coming, yeah. Any closer it would have ran us -- all -- all of us over.

Morris: Okay.

Adams: Was there any communication between Fitzgerald and you guys at any

point?

Ortiz: You know, sir, if we had time, we probably would have because those

guys works as a team and they always communicate --

Adams: Uh-huh.

Ortiz: -- and, you know, I like following them and listening to the radio and how

they tactically set things up but it was that quick. As soon as we got there,

it was that quick. Boom, boom but things are happening.

Adams: So, after -- after the shots are fired, you don't recall any type of

communication.

Ortiz: I -- I heard Rob Long say, "Get that car!" And, so, I actually had moved

forward. He -- and then he came backwards and made his U-turn and I

followed.

Adams: Okay. I'm good.

Gray: All right. Hey, thank man. Appreciate it. I'm glad you're okay.

Ortiz: Thank you.

Gray: All right. We're going to go off tape and I got 2336.

Katrina: [Overlapping - indiscernible.]

Ramirez: And Sergeant Robert Moss from the D.A. Investigator's office. And

speaks Korean, so --

Sgt. Yeah, he speak Korean.

Ramirez: Okay. Jeff, can you tell him, what happened?

Sqt. He was on the way to drop her grandson's friends to the location. He

saw a police vehicle parked in the street, so he doesn't want -- doesn't

want proceed and he stopped that moment.

Ramirez: How – was he driving the car?

Sgt. Yes, he was driving.

Ramirez: And what kind of vehicle was he driving?

Sat Scion.

Ramirez: And he said he was there to drop off a friend of his grandson, a female

friend?

Sot Female friend.

Ramirez: And who else was with him in the car?

Sgt. Daughter-in-law and then grandson, grandson's female friend.

Ramirez: And where were the – his grandson and female friend seated in his

vehicle?

Signal The grandson was sitting behind him and then the female friend just sit

behind his daughter-in-law, the female was sitting, so --

Ramirez: And who was sitting in the front seat?

Sgt. Daughter-in-law.

Ramirez:

Sgt.

Ramirez: And far behind did he stop? How far behind did he stop behind the

patrol vehicle?

Sgt. Twenty feet. He said about approximately 30 feet, but now he says

about two houses.

Ramirez: And he said the patrol vehicle was stopped in the middle of the street.

Which direction was the patrol vehicle facing?

Sgt. East.

Ramirez: The same direction he was facing?

Sgt. In the same direction.

Ramirez: And the patrol vehicle, was it a marked black-and-white patrol car?

Sgt. He said just a police vehicle.

Ramirez: Were the lights on the police vehicle on from the light bar?

Sgt. He stopped, but he did not know what light was on or not.

Ramirez: He didn't notice?

Sgt. He didn't notice.

Ramirez: Did he see when he stopped where the deputy or deputies were?

Sgt. He did not remember whether he saw police officer or not. Only thing

he remember, he saw a police vehicle stopped in the middle of the street. He usually go to make a U-turn at the corner there, the grandson's friend right from where the police officers were.

Ramirez: So did he see any police officers in the street?

Sgt. He did not see -- he did not recall. He was just paying attention, just

driving, but he's not, you know, remember.

Lugo: Does he remember hearing some gunshots?

Sub He was thinking about backing, moving his car more and he tried to get

the more distance from the police officer, so he didn't really pay full to

anything, but he did not hear the gunshot.

Lugo: Did he see a vehicle leaving the scene at a high rate of speed, not a

police car?

Sgt. Okay. He said he moving his vehicle in reverse, that's why he was

paying close to his side view mirror, so he did not see car leaving.

Lugo: You couldn't see the car leaving?

Sut. He says he only did drive in reverse.

Ramirez: And what did he see or hear next then as he's driving his vehicle,

backing his vehicle up?

Sgt. He saw another police car and then he looked back and there's many

police car behind him, but he said it not just regular car. He said a van, a van police car, I believe it was a Tahoe, I believe. He said it was a big

-- it could be a Tahoe.

Lugo: He didn't see another vehicle drive down the street at a high rate of

speed? This vehicle had to have driven only a few feet from where he

was parked.

He just looked to his, you know, right side. Yeah, he did not see the car

pass.

Lugo: Okay. He didn't hear any gunshots?

Sgt. I asked him if he hear any gunshots, but he said he never --

Lugo: Okay.

Sgt. He said he did not hear.

Lugo: Okay. I want you to ask him this, Kim, all right. Could you ask him if

he's afraid to cooperate with the police department for any reason?

Sgt. He doesn't have any reason, but he just said he did not hear, he did not

see.

Lugo: Anything? Okay, You got any questions, Katrina?

Katrina: Did he see anybody by the police car, whether it was policeman or a

person?

Sgt The only thing he saw was a female black on south-side curb.

Lugo: Okay.

Sgt. He did not -- he just -- he's not sure of everything. He could not recall.

Lugo: Could he describe what she was wearing?

Sgt. Possibly wearing a skirt.

Lugo: A skirt, what color?

Ramirez: Could he tell how old she was or guess?

Sgt. Early twenties.

Ramirez: What was she doing?

Sgt. She was standing at the south side.

Ramirez: Standing or sitting?

Sgt. Standing. Standing.

Ramirez: Was she staring at something?

Sgr. She looked in the direction where the officer was talking to.

Ramirez: Direction where of what?

Sgt | Where the officer was talking to, to that direction, the suspect vehicle.

He said that the female was watching in the direction where the officer

was standing.

Ramirez: Did he see the officer standing there?

But the meant where the police car was parked, that direction, that she was

staring at.

Ramirez: But he never saw a police officer, though?

Okay, after he come and he's parking on the south-side curb to wait for

the police officer, he believed that is after the car we mentioned that fled

the scene, he saw a police officer handcuffing the female.

Lugo: Was that after a patrol car or some vehicle zoomed by, before or after?

Sgt. He said everything happened simultaneously, so he says he's not sure

which one comes first, which one comes second.

Ramirez: Oh, okay.

Lugo: Okay.

Sat. He saw many police car at that point.

Lugo: Okay. Katrina, do you have another question?

Katrina: When he saw that female black and she was looking where the police

car was, what happened after that, what did he see?

Sqt. Everything is kind of [indiscernible], you know, he saw -- after he saw

the female was standing on the south side, he's not sure about was it the curb or side, but besides that, she looking at the direction of the police car and after that, now he said he saw — he kind of remember police officer escorting her looking out toward that by the street. And then she was — he also remember a old — there was possibly a

neighbor, was outside. He kind of remember a old white male was

there at the time.

Ramirez: Okay. But to clarify, when he first drove up and stopped behind the

police car, did he see any police officers in the street or anywhere?

Sgt. He does not say. He was driving up and he saw a police vehicle All he

did was go in reverse to try to park to get close to the side, on the

south-side curb. That's all he was focused on at that point.

Lugo: Okay. Okay. Anything? Moss?

Moss: No.

Lugo: You sure? What time is it?

Ramirez: Okay. The time is 2255 and we're ending the interview with Jae Kil

Kim.

HOMICIDE WITNESS INTERVIEW

RAMIREZ: Okay, today's date is May 21, 2015. The time is 18:28 hours. I'm

Sergeant Joe Ramirez, along with my partner, Ray Lugo. We are currently in Detective Bureau at Cerrito Sheriff's Station speaking to Powin Chantaduly. Is that the way you pronounce your last name?

Yes.

RAMIREZ: This is in regards to a Deputy Involved Shooting that occurred on

May 7, 2015 at approximately 16:30 hours at Palm Place in Cerritos. This is under Sheriff's file number 015-01773-2318-013. Okay. Alright, at about a half hour ago about 6:00, I

knocked on your door, where you live and asked you if you had any

surveillance cameras or video cameras at or attached to your

house that possibly face the street, correct?

Yes.

RAMIREA And at that time I asked you if you had – were a witness to the

incident and you told me that you were a witness but that you didn't

feel comfortable talking at your residence, is that correct?

Yes.

RAMIREZ: And you agreed to meet my partner and I here at Cerritos Sheriff's

Station in regards to what happened and so we could interview you.

correct?

Yes.

RAMIREZ: Okay. Were you home at the time of the incident?

Yes.

RAMIREZ: And where were you at?

I was at the window by the living room behind the couch and I was

there because right around - I'd say around 4:30 PM I heard

someone outside of my house yelling, "Get out of the car! Get the -

SH 2379076

Page 1 of 6

WITNESS 1- --

" or I think I heard, "Get the hell out of the car right now," and then I heard that so many times I was wondering what was going on outside so I just took – I just looked outside my window and I saw – at first I saw a cop car and a silver sedan and then I noticed that there was a cop who had his arm positioned where it looked like he was pointing a gun at the driver's window, like, telling him to get out. And then the driver in the silver sedan – I saw like he wouldn't come out, like he would just stay inside the car and –-

LUGO: Could you hear that the car was on – the gray sedan?

No, I wasn't able to hear that it was on.

RAMIREZ. And was the door – the window to your living room closed or open?

It was closed but it's pretty light so I could hear the conversation a

little bit.

RAMIREZ: Okay.

And then after some – I remember after some short time passed, I saw two more cop cars came and then the officers immediately rushed out and then as soon as those two cop cars came, I saw that the silver sedan just like keep – sped up, I think, and I – I'm pretty sure I saw the silver sedan almost hit one of the officers 'cause the officers – one of the officers was very close to the vehicle and I'm assuming that the silver sedan was trying to run him

over or (phone rings) --

LUGO: Did you see him try to run him over or see the officer duck away?

RAMIREZ: Excuse me. Hello?

Do I still talk?

LUGO: Huh? Yeah.

: I'm sorry, what was the question again?

LUGO: Were you able to see the officer that almost got run over jump out

of the way? Did you see him?

Yes. He might have done a quick second last jump like to dodge

the vehicle.

LUGO: Oh, you saw that?

Yeah.

LUGO: Okay.

And then – then that's when the other two officers opened fire 'cause I'm – I thought after they were trying to shoot the wheels and then later I found out that like a person died or got shot. All this time before I saw the news, I thought that they were just trying to hit the

tires, not hit the person.

LUGO: Oh.

I'm not sure which was which

LUGO: Now what window in your house were you looking out? You said -

or were you standing outside your house?

: No, I was not standing outside my house. There's like a window in

my house where I have a very perfect view of what was going on.

LUGO: Oh, okay and that window that you were looking out of is that a

bedroom window or a living room window?

: A living room window.

LUGO: Oh, okay. And what is your address again?

Palm Place

LUGO: Oh okay. On Palm Place, okay. And you will later show us the

window – you can show us the window where –

: Yes.

LUGO: - you looked at --

: Mm hmm.

LUGO: Now was there a police car in your way or you had a perfect view?

No, I had a perfect view.

LUGO: Okay. And when the sedan sped off just prior to that, did you hear

any commands or anything like that?

....

Nah, I didn't see anything.

LUGO: No? And then how many – Did you hear gunshots?

Yes, I believe I heard about 2 or – I'd say around 2 to 4, actually.

LUGO: 2 to 4?

Mm hmm.

LUGO: Okay. What – What – On the day of the incident, did you talk to

any detective or police officer or deputy sheriff?

Yes. I believe one of the officers – the officer who interviewed me

was someone named Detective Cruz.

LUGO: Oh, okay.

I'm very certain.

LUGO: Oh, it was Detective Cruz? And – And you told him – Did you go to

school that day?

Yes.

LUGO: And what time did you get home from school that day?

: I got home around 3:30.

LUGO: Okay. And what time, if you remember, did the incident happen?

: At around 4:30.

LUGO: Okay. And how do you know that?

Because during that time, I was like – I was watching like a TV show on my computer and then I remember I saw the time, it was

on at 4:30 and then that's when I heard someone yelling outside saying, "Get out of the car," or, "Get the hell out of the car right

now," or - or was it - or I also heard, "Open the door."

LUGO: Oh, okay. And was that going on for quite a bit of time?

SH 2379076 Page 4 of 6 WITNESS -

Yeah. The person in the silver sedan, I saw he refused to get out.

LUGO: Oh, he did?

Yeah.

LUGO: Were you able to see who was driving that silver sedan?

No, 'cause the - I saw the windows were completely black or like dark, so I couldn't see who was the driver. Or and also took the - one of the officers was blocking and like he was standing at the

driver's door so I couldn't see --

LUGO: Oh, okay.

-- (indiscernible 07:43) I could not see who the driver was.

LUGO: Okay. And when he sped off, did you get to look at the driver - as

he sped away?

: No.

LUGO: He would have been speeding in the westerly direction –

: Yes.

LUGO: – towards your house, right?

Yes.

LUGO: He went right by your house

: Yes.

LUGO: Could you estimate or was he driving fast --

Yeah, he was driving really fast.

LUGO: - or slow. Really fast?

Yeah. I felt like if someone was on a (indiscernible 08:13), if they

got hit then they would have been killed 'cause that's how fast he

was going.

LUGO: Oh, okay. Okay, do you have anything else to say about this

incident? Did you see a little - somebody come knocking on your

door at any point just prior to this?

No, no one did.

LUGO: No one? Prior to the shooting and the yelling and anything, you

didn't see anybody coming to your door?

No. You don't mean like the cops or --

LUGO: No, no. Just --

Anyone?

LUGO: Yes. Anybody come by?

: No.

LUGO: Oh, okay. Alright, partner. Did you see a female in the street?

Like a female cop?

LUGO: No, a female – it was a black female, did she come by?

No.

LUGO: No? Okay. What time do you have?

RAMIREZ: I have 18:37.

HOMICIDE WITNESS INTERVIEW

Gray: Hi, My name's Bob Gray.

Nice to meet you.

Gray: I work at Sheriff's Homicide. This is my partner, Dan Morris.

Hi.

Gray: And --

Adams: Detective John Adams.

Female: [Indiscernible.] I'm with the D.A.'s office.

Nice to meet you.

Gray: Okay. So we're just going to -- we understand you were out in the

street and something happened. We want to ask you a few questions,

if that's okay, all right?

Yeah.

Gray: All right. We'll just get a little basic information from you here. So we

got May 7, 2015. I got 2151 hours. We're at Cerritos Sheriff's Station.

Okay, so many nght?

--- Uh-huh.

Gray: Do you have a middle name,

No.

Gray: No? What's your last name?

Gray: Oh, I'm sorry. And your date of birth?

Gray:	okay. So, we understand that you were on Palm Place today when something happened. Can you take us through that, what happened, what'd you see happen?
	Well, I was being dropped and then there was like a police car in front, right in front of my house. And then the friend of mine, his grandfather just stopped the car, like on the side street, and he just waited for like the policeman, because he needs to finish, I guess. And then after, more police car came and then — and then I think when more police car came, the guy that was in the car, like he drove off and then—and then I heard like gunshots and everything. And then I saw one policeman turn around and he like fired one shot.
Gray:	
Gray:	So I drew like a little map right here. So this is Palm Place, that's the cul-de-sac,
	Yeah.
Gray:	Right, so you're on the side of the street and you are houses from the cul-de-sac, right, houses. Like because this would be Pirus, the street over here, right?
	Uh-huh.
Gray:	So that's Pirus is going to be west of you, so you're on the so when you pulled up and you're getting dropped off, where are you? Show me on here.
	Right around here.
Gray:	Okay. So you're there was like a little white, I don't know, like a Scion

Gray:

Yeah, that was the car that I was getting dropped --

or something, a little car?

Like a cube car?

Yeah.

Gray: That's the one that you were in. That's parked on the south sidewalk,

about right in front of this house right, right, So that's the car

you were in?

: Yeah.

Gray: So did you see all this from inside the car or did you get out?

Inside the car.

Gray: Inside. And where in the car were you seated?

: In the backseat.

Gray: Okay, in the backseat, behind the driver or behind the --

Behind the passenger seat.

Gray: Behind the passenger seat. So you guys pull up, you come off of Pirus

and you park in front of Palm Place and you're behind the

passenger. And where's the police cars at?

One is like right here and then there was a car that was right here and

then one more police car came from this way. The guy over here drove

off.

Gray: What kind of car was it that drove off? What color or what kind, if you

remember?

Like white or silver.

Gray: White or silver. So that person is on the same side of the street where

you're house live -- where you live in your house, that same side or was

he on the other side?

Same side.

Gray: Same side, so on the north side of the street. Which way is that car

facing, the one that drives off?

: He drove off really fast, but I think he was facing like --

Gray: Towards Pirus?

Yeah.

Gray: So that'd be west. Okay. Did you see who was driving the car? No. Gray: When you first pulled up, is it just one deputy or is all the deputies there? One. Gray: One deputy. Where is that deputy's car? Right here. Gray: Okay. So you're --Oh, wait. No, the – I think his car was right here and then the deputy was over here in front of the car. Okay. How about the silver or white car that sped off? Gray: Yeah. Gray: He's in front of that car, so you're pointing on this map to like the middle, almost the middle of the street, and it would be in front of the silver or white car where the deputy's car is? Yeah. It was staggered towards the other side. It was like towards the person that sped off and then I think the deputy's car was over here. Gray: Okay. So you're saying his car is closer to -on the south side of the street and the person who sped off is on the north side of the street? Yeah. Gray: And when you see the deputy, is he inside or outside the car? Outside. And where is he? Gray: He was right outside the driver's window, like — I think he had his gun out and then he -- he was like standing there with his gun out when the guy - passenger - I mean, the driver's seat.

Page 5 of 13

SH 2379076

WITNESS

Gray: So was the deputy – if this was the car, was he standing on this side

then, or was he standing on this side?

This and then the driver.

Gray: And then the driver's right here, so the car is pointing westbound?

: Yeah.

Gray: Okay. Can you hear any conversation between them?

: No.

Gray: Are your windows rolled up?

Yeah.

Gray: Is there music playing?

No, we were just talking and then they dropped me -- the grandfather,

he moved back here and then --

Gray: Oh, he reversed?

Oh, yeah, we -- we drove in and then he was about to drop me off at my

house, but there was all police cars and then he backed up and like it

got more serious and then stopped like around there.

Gray: When you said it got more serious, what do you mean by that?

Like more police cars came and then he -- and then he just kept

backing up.

Gray: Okay. So initially when you come, you see the police car on one side of

the street. You see the car that speeds off on the other side of the street and the deputy's at the driver door with his gun out. And then

WITNESS

you see how many police cars come?

: I think two.

Gray: Two. Do you remember what they looked like?

: Like police cars.

Gray: Just black-and-white or --

Yeah, I don't remember like what town it was from.

Gray: Okay. So once they get – you said it's two?

: Uh-huh.

Gray: Two police. And once they come, what happens next?

The car speeds off.

Gray: Did you see the guy - when he sped off, did you see anything happen

when he sped off?

! heard gunfire and then one policeman turned around and fired one

shot and then for sure there was one deputy that drove off and chased

that man and then the second followed. But I'm not sure what

happened to the third one.

Gray: So these two police -- the two police cars that come later, do you see

them get out of their car at all?

! think I did, but I don't remember clearly.

Gray: So you're not sure?

Yeah.

Gray: But the car speeds off. So the deputy that you saw shoot, you don't

know if it's one of the ones that came in the car or the one that was

standing at the door?

No.

Gray: You're not sure, okay.

Morris: Okay, so -- I have to clear up my head. You show up [indiscernible]

side of the car talking to the person in the other vehicle by the driver's door and he's got his gun out pointed at him. Then you see two more

police cars show up, right, and then the car speeds off?

: Yeah.

Morris: When do you hear the gunshot? Does the car -- is it before the car

speeds off, is it as the car speeds off or is the car already gone?

[Indiscernible.]

Morris: In the process of it speeding off?

Yeah.

Morris: Okay.

And then --

Morris: Could you tell who was shooting or where the gunshots were coming

from?

Like in front of the vehicle, so it was probably the deputy --

Morris: Could you see the deputy shoot?

No, but I saw one deputy shoot at the vehicle that was driving off.

Morris: Which deputy did you see shoot? Was it the one that was at the car

originally or was it another deputy?

I think it was -- I think it was the one that was at the car originally

because he standing closer to the vehicle that I was in.

Morris: Okay. Did you see anything happen to the deputy as the car sped off?

Two of them got in their car and then chased after the vehicle that sped

off.

Morris: Maybe I'm confusing you. The deputy that was standing at the car

door, did you see anything happen to him?

No, I don't remember that.

Morris: You don't remember that?

No.

Morris: Did you ever see any deputy fall down?

No.

Morris: No?

Gray: When you see the one deputy shoot, are they kneeling, standing, on the

ground?

: Standing.

Gray: Standing? And do you remember on here where that person would be?

Like in the middle of the street right here.

Gray: Okay. So in front of like Palm Place. Okay, so if you can

remember, the gunshots, like just do like a pop, pop or pop-pop or how

would you -- how do you remember it?

Pop, pop, pop-pop.

Gray: Pretty fast? So you heard it, then you looked and another shot went

off? I mean, was it that fast? How fast -- in other words, how fast were

the shots between each other?

Within seconds.

Gray: Like -- like do it one more time for me, like the pop, pop.

Like pop, pop, pop-pop.

Gray: Was it four?

l'm not sure of the number.

Gray: Okay. And then you see both cars go or just one guy go after --

deputies go after the car --

Two.

Gray: Two went after him. Once they go after him, would it be fair to say that

the person that you saw shooting stayed behind?

: Yeah.

Gray: Was the cars that pulled in after the two patrol cars, were they the ones

that left again or was it the one that was already there?

[Indiscernible.]

Gray: Okay. So once these guys leave, this white, silver car leaves and the

two police cars go after it, are you still sitting in the car?

Yeah.

Gray: What happens then?

We were in the car the whole time and then more policemen showed up

and then they asked us questions and they started like the whole

procedure.

Gray: Did anymore police come?

A lot came, actually. So it was probably like eight police cars and then

they blocked off the court and then they also blocked off the end of the

street.

Gray: Did you ever see any female?

One female.

Describe her.

She's really tan and she -- I don't remember her face clearly, but she

was -- she was just -- she had her car parked in the middle of the street, like probably around right here. And then she -- the time I saw her, she was like sitting on the hood of her car. Like she wasn't sitting on the

hood of the car, like she was leaning back on it. And then --

Gray: Hood of what car?

Hood of a police car. And then all I remember was she pulled up. She

pulled up right behind the car that I was in and then another policeman came and asked her to go back to the end of the street. That's all I

remember about the female.

Gray: That's the female that was leaning on the police car?

Yeah.

Gray: After the shooting, you didn't see a female, like somewhere around this

area here, by

Oh, yeah. She was – she was just sitting there and then she watched the whole thing. And as the deputies sped off, like she – she got

arrested.

Gray: Why do you say that?

Because she was like lying down with her hands behind her back on the

grass. And then after a while, they took her to the police car.

Gray: Do you know what race she was?

: African, I think.

Gray: Okay. Do you remember what she was dressed in?

She had I think lavender or something on.

Gray: When you first pulled up, did you see her?

Yeah, she was just sitting on the sidewalk.

Gray: So she's sitting on -- like show me where she's sitting on this little

picture right here.

Kind of like right here.

Gray: So right at the edge of the cul-de-sac?

Yeah.

Gray: On the south side of the street? Because that would be the south side,

right, so she's sitting there. The deputy's talking to this person in the silver, white car at the driver's side. Two more police cars come in. That's when this car takes off. As it's taking off, do you hear like tires

screeching or the engine revving?

Yeah, it drove really fast.

Gray: It drove off really fast. And as the engine's revving and the tires are

screeching, is that when you hear the gunshot? If you remember.

Yeah.

Gray: And then another gunshot, but you're not sure how many gunshots?

No.

Gray: Okay. And then you look, you see a deputy firing? Okay. It's -- how far

you think the other car was passed from when the deputy's firing, if you

remember?

Probably around -- the person in the middle of the street fired.

Gray: Okay.

Morris: When the deputy was standing by the window and the car sped off, how

close was the deputy to the car, if you could tell? Was it further or was

it closer?

Probably right here.

Morris: So like if you --

He had his arm out.

Morris: He had his arm out?

And then it was a good arm distance away.

Morris: Okay. And was he – was the deputy by the window? Would you say

he was more by the window of the driver's side or was he more by the rear portion of the car or was he more towards the front of the hood, if

you can -

The window.

Morris: Which window, the driver window or the --

The driver window.

Morris: The driver window.

Adams: Angela, could you hear anything, any conversation between the deputy

and the people in the car?

: No, I don't remember.

Adams: Okay. And then when you first pulled up, did you recognize anyone

else on the street, any neighbors, anybody like that, that might have

been out at that time?

Two people like were looking out to see what [indiscernible] afterward.

Adams: Afterward?

After [indiscernible].

Adams: Okay. That's all I have.

Female: Like the first time you saw the deputy that was by the car, did he stay in

the same position before the car took off or did you see him move at

WITNESS

all?

I don't remember.

Morris: Okay. thank you very much.

Gray: Thank you,

Morris: i'll walk you back to your mom.

Okay.

Morris: Who do we want next? Do we want the --

Gray: Is it the little I think or --

Morris: Okay.

Gray: Okay, we're going to go off tape here. We got 2210.

This is in regards to a deputy-involved shooting that occurred earlier today in Cerritos at Palm Street in Cerritos under Sheriff's file number 015-01773-2318-013. Presently investigators are at Cerritos Station in a office in the Detective Bureau interview room or a Detective Bureau office speaking to witness DOB of Also present in the interview is our — witness is a Korean and also present in the interview is Sergeant — He's our interpreter, as well as Sergeant Katrina Kavinpat from Internal Affairs Bureau and Sergeant Robert Moss from the District Attorney's Office. Okay, Ms. earlier today you witnessed a shooting?

Yes, she did.

Lugo: Okay, yeah, and you were there on the -- at

Palm Street

earlier today about 4:30 in the afternoon, is that true? It was

Palm Street.

She was not aware of the time, but she was there.

Lugo: Okay. And was she visiting someone on Palm Street?

The person where the son's friend, little friend, the address is right

there, so she --

Lugo: Oh, she was there, too?

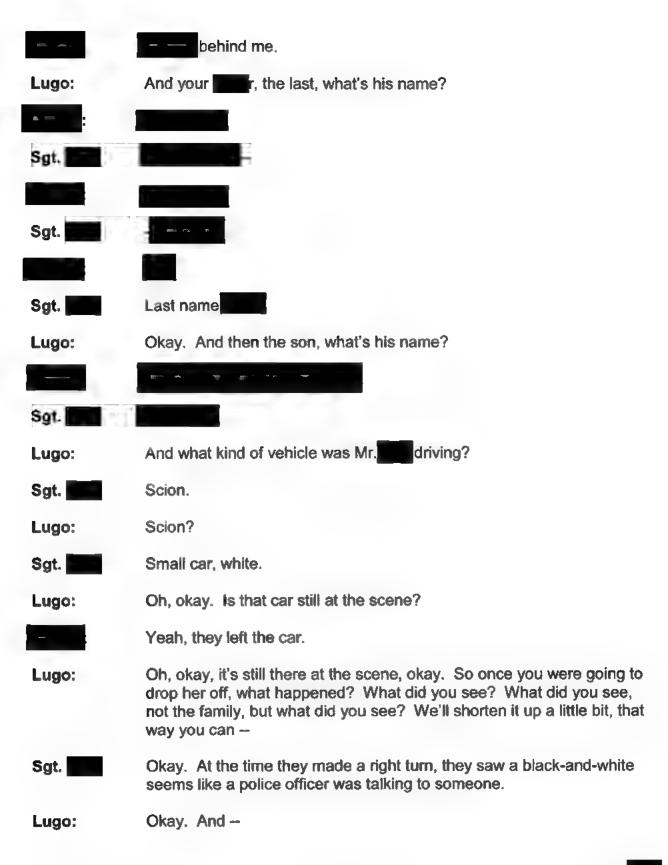

Yeah, so she was about to drop her off.

Lugo: Oh, okay. You drop her off from school?

Yes.

Lugo: What do they attend?

oh, okay. And tell us what happened. Lugo: Sgt. She was driving northbound Artesia and made a right turn to Palm. She saw a patrol vehicle in front of ____ - at the address that you mentioned. At Palm Street? Lugo: Sgt. That is exactly in front of her son's friend's house. Lugo: Oh, okay. She saw a black-and-white ---Sgt. And her -- his son's friend, what is their name? Lugo: Lugo: okay. So that's Sgt. house. So when -- were you driving the vehicle? Were you driving? Lugo: Sgt. Lugo: And where were you seated in the car? Sgt. Right up front, passenger side. Lugo: Okay. And who was sitting in the back seat? Sgt. Left, behind the driver was her son. What's his name? Lugo: Lugo: Sgt. He was sitting behind the driver. Lugo: And behind you? Sgt. Behind you was WITNESS SH 2379076 Page 2 of 13

She believes the someone who was inside the car is the person the police officer was talking to.

Lugo: Okay. And what was the policeman doing? Did he have his gun out?

Sgt. She was not sure about whether the gun was drawn or not, but she believe it was just normal contact.

Lugo: Okay. How far away did she -- was she at the corner when she noticed the police officer? We're looking for distance.

Sgt. Right. It was about a house, maybe two houses behind from the police officer's car.

Lugo: Okay. Did her continue driving towards the deputy and the vehicle that was parked there?

They don't want to pass the police officer so they stopped behind the police officer.

Lugo: Okay. Did they stop behind the police car or behind the police officer?

The officer was standing outside the police vehicle. The car was there, but they stayed behind the car.

Lugo: Approximately how many feet behind?

Sqt. She mentioned about two houses.

Lugo: Two houses away, okay. So you're watching this?

Sot. She had to, yes.

Lugo: Okay. So tell us what you saw. What happened next?

Sgt. She was afraid to stay, she was talking to a person inside the car. She also saw a female black was --

Lugo: Was that, if you could ask her, to her right, which would have been the south-side curb, or to her left?

Sgt South side.

Lugo: South-side curb. And was that directly across from where the police car was?

Sgt. She believed one was kind of parallel.

Lugo: Okay. And if she could describe the female, could she describe the

female and what she was wearing?

Sgt. Kind of a small figure, not, you know, big woman. And then she's not --

she doesn't know about what she was wearing.

Lugo: Okay. And did describe, I didn't hear it, if she was Hispanic or white

or --

Sgt. Female black.

Lugo: Oh, okay. About how old?

Sgt. Was 26, but not exactly.

Lugo: And what happened next?

So, okay, she said there's another police vehicle -- she believes, not

sure, but how many? She says more than one car and then she heard

a gunshot that time.

Lugo: Prior to the gunshot, did she see anything about another vehicle there,

prior to the gunshot?

Sgt. _____ asked her, two additional police people moving prior to gunshot or

after the gunshot, but she said she's not sure about it.

Lugo: Okay. How about -- was there another vehicle there? We'll call it the

suspect vehicle.

Sgt. There was a car.

Lugo: Okay.

Sgt. The police officer's car.

Lugo: Okay. That car that we're talking to, could she see who the deputy was

talking to?

Sqt. She only saw the police officer.

Lugo: Could she see someone in the car, in the -- what color was the car that

the policeman was talking to?

Sgt. Not at this time, she cannot recall.

Lugo: Did she -- could she describe what kind of car it was, if she -- does she

know about cars?

Sgt. She's not sure, but it was a small vehicle.

Lugo: Okay. Two-door, four-door, fancy wheels?

Sgt. Four-door, could be four-door.

Lugo: Okay. She doesn't remember the color?

Sgt. Kind of gray, kind of gray.

Lugo: Okay. And does she -- could she see the driver of that vehicle?

Sgt. She did not see.

Moss: No.

Ramirez: But she is sure that the deputy's attention was to that vehicle? Because

is -- did she mention that the deputy was talking -- to appear to be

talking to somebody --

Sgt. Inside the vehicle.

Ramirez: Inside the vehicle?

Sgt. That's what she said earlier.

Ramirez: But she couldn't see anybody in the vehicle?

Sgt. She believe the officer was talking to the person inside the vehicle and

then she thought quick was the female and the person inside the vehicle could be some type of husband and wife, some kind of — that's why she believe the police officer came to separate them both talking

to, she thought at that point.

Lugo: I see. Now, did - what happened after? Prior, just prior to the

shooting, what did she see?

Sgt. She did not see any -- she did not see any kind of thing to pay no

attention, but she heard the gunshot and she saw the car was taking

off.

Lugo: Oh, okay.

Sgt. And then after she heard the gunshot, she just kind of looked out to

cover herself.

Lugo: Did she see anything just prior to the gunshot? Was she staring at the

officer just prior to the shooting? What was she doing just prior? We

want to know what she was looking at just prior to the shooting.

She was talking with her kid because she just thought officer talking to

someone and some problem and that she immediately drew her

attention for that moment.

Lugo: When the, we'll call it the suspect vehicle, was driving, did it drive at a

fast rate of speed or slowly?

Sgt. Very fast.

Lugo: And was she able to see was the deputy close by when the car went

by?

Sgt. She said the officer was talking to the vehicle was very close distance

and then she not sure about how close that officer was at the time that

the car --

Lugo: All right. We want to know, that car that we're talking about, was that

car against the north curb in front of that house?

Sgt. North-side curb.

Lugo: Oh, okay. And when it drove away at a high rate of speed, did it hug

that north curb?

Sgt. She did not hear any kind of -- it didn't curb anything but she just saw a

car was leaving at high rate of speed.

Lugo: Okay. But against the -- what we want to know, if it went on the north

side of that patrol car or if it turned into, you know, the driver's side, the

south side of that patrol car when it left.

Sgt. At the time, at the moment she heard the gunshot, she did not see

which side that went to it, but she saw that car passing on their side, you know, so at the time because she were way behind this vehicle, but

she could not see which side the suspect's vehicle passed.

Lugo: Oh, okay. Do you have any questions?

Moss: Yeah. When the deputy's attention was drawn to the suspect vehicle,

where was the deputy standing?

Sgt. He was standing next to his driver's side.

Moss: At the driver's door or at the front of the vehicle, closer to the front of

vehicle? Could she tell where he was standing?

Sgt. She's not sure, but she believes the officer was talking to the vehicle, so

mean the other vehicle.

Lugo: Okay. what we're trying to find out is where the officer was

standing when he's talking to that vehicle, if he's in the front next to his patrol car or he's closer to, we'll call it the suspect vehicle, and where's he stand -- we're trying to get feet. If he's at the doorway of the suspect

vehicle. We're trying to find out where the deputy was standing.

Sgt. She never saw that.

Moss: Could she hear the deputy say anything?

Sgt. She could not hear, but she thought they were asking the I.D., but she

thought, but she did not hear anything.

Lugo: She -- did she -- could she tell if the deputy was standing in front of the

suspect vehicle?

Sqt. She -- everything she says is she's not sure, but she believes it was

next to the suspect vehicle the deputy was standing, not --

Lugo: At the suspect vehicle's door, front passenger – front driver's door?

Sgt. It was the car driver's side door.

Lugo: Okay. She -- the deputy was at the doorway, the front --

Sgt. Yes. In her direction was looked that way.

Lugo: Could she tell if the deputy had his hand on the gun or had the gun out,

could she tell?

Sgt. She did not see, she did not recall.

Lugo: She never saw the deputy with the gun out?

Sgt. She did not see.

Lugo: Did she see the deputy get hit by a car?

Sgt. She meant the officer got hit by a car, she kind of expecting the officer

sit on, you know, on the ground, but the only thing she saw was the car

took off.

Lugo: She never saw the deputy on the ground?

Sat She did not see.

Lugo: Is it possible that it happened and she couldn't see it from where she

was at?

She kind of frightened up at the time that the car was leaving fast, so

she kind of followed a little bit faster. She might have possibly, but she

did not see the officer.

Lugo: Is it possible that she didn't see the officer on the ground, was it

because the patrol car was blocking the view? Is that possible?

Sgt. There is a possible, but she could not see in her dress and she could

not see the front of the car.

Lugo: Okay. So there was -- the patrol car was in front of her --

Sgl. Right.

Lugo: – right?

Sgt. Right. It was kind of offset. On the south-side curb and the police was

kind of middle, but it was to the front, but it's possible that she could not

see.

Lugo: And how many -- she said she was two houses to the west of the

suspect vehicle. How many -- how could --

Sgt. Not the suspect's vehicle, the police officer.

Lugo: Oh, the police officer's vehicle, oh, okay.

Sgt. Two houses about behind the police officer's vehicle.

Lugo: Oh, okay. All right. Do you have a question?

Moss: Did -- how many gunshots did she hear?

Three or four.

Sgt. Three or four.

Lugo: She sure about that?

Sgt. She never heard exactly four, so she can't believe she heard.

Lugo: What did she do when she heard the gunshots?

Sgt. She put head down.

Lugo: Okay. Katrina, do you have any questions?

Kavinpat: No.

Lugo: Partner?

Ramirez: Going back, where was the female again?

Sgt. You mean the female black?

Ramirez: Yes.

Sgt. She was sitting on the south-side curb.

Ramirez: South-side curb, okay.

Sgt. She kind of laid back and then sitting kind of -- not sit tight.

Ramirez: After the suspect vehicle fled, what happened next?

Sgt. There's a police officer's car and chased that car.

Ramirez: And then what happened?

SH 2379076 Page 10 of 13

Sgt. There's another police officer vehicle who had chased the vehicle.

Ramirez: So two vehicles chased the suspect vehicle?

Sgt. She believe so.

Ramirez: Then what happened?

Sgt. After that, there's many, many car, police officer car.

Ramirez: Okay. Did they stay in their car and wait until deputies contacted them

or --

Sgt. Yeah, they stay until -- because they were scared so they stayed inside

their vehicle.

Ramirez: Did anybody in their car take photos or video of any of this with their

phones?

Sqt. No.

Lugo: When the suspect vehicle, the gray car, drove by at a high rate of

speed, was she able to see the driver?

Spt. She did not see the driver at all.

Lugo: Okay, Okay, Do you have anything else?

Ramirez: No.

Lugo: Moss?

Moss: I have one more question. When the two car -- police cars pulled up

behind the one that was already there, where were they parked in the

cul-de-sac or the block?

She's not sure, but she believe it was two additional police vehicle, but I

ask her whether they passed the initial, the police officer's car and she

said she's not sure, but it was around it.

Moss: Did they pull up in front of her car, in between her car and the other

officer's car?

Sgt. Yeah, they did pass her, but she's not sure, but sure they passed her,

but she's not sure whether they passed the officer's car of the suspect's

vehicle at the time.

Moss: Did they block her view of the other officer, though?

Sgt. She says it's possible, but she could not see. She was very scared

about - at the time.

Moss: So possibly because of the other car —

Sgt. Right.

Moss: -- she could not see if the deputy was down or --

Sgt. Yeah, that's what she said. But she said everything, she was afraid.

scared.

Lugo: When those second and third officers showed up, was that prior to the

shooting?

Sgt. She's not sure, but she believe probably prior to shooting.

Lugo: Okay.

Sgt. She's not sure.

Lugo: Okay. She described -- when she talked about the police officer that's

talking to the gray car, people in the gray car, the person in the gray car, could you describe what he was wearing, this police officer?

Sgt. She said she's not sure, but she said police officer, deputy's uniform.

Lugo: You live in the City of Cerritos?

Sgt. Yes.

Lugo: And you're familiar with the Sheriff's Department and the uniforms, the

green pants and the beige shirt?

Sgt. She's very familiar with it.

Lugo: Okay. So was this officer wearing a uniform similar to that? How did

you know he was a policeman, if you could -- we want to know.

Sgt. Police officer black-and-white and then also he was wearing a uniform.

Lugo: A uniform, green and beige?

Sgt. She said nothing special, but she believed a police officer.

Lugo: So she could tell that this officer was a police officer or Sheriff's

Department deputy?

Sgt. She never thought that way, but she just saw a black-and-white and

police officer.

Lugo: Okay. Someone she thought was a police officer, okay. Any other

questions, anybody? The time is 2230. We're ending the interview with

HOMICIDE WITNESS INTERVIEW:

W 3E 11

Gray: Hey, Boss, how are you doing?

: Hello.

Gray: My name's Bob Gray.

(INAUDIBLE).

Gray: Work for Sheriff's Homicide. What's your name?

7.

Gray: Okay. You met my partner, Dan Morris, already.

Yeah.

Gray: You have --

Adams: Sergeant Adams.

: Nice to meet you.

Adams: From Sheriff's. (INAUDIBLE) investigator.

Nice to meet you.

DA's office: (INAUDIBLE) DA's office.

Gray: (INAUDIBLE), you got a lot of us in here. Don't be nervous.

Okay.

Gray: We're just gonna ask you some questions about what happened the other

day (INAUDIBLE). Just tell us what you saw and what you can remember,

okay? We're gonna start off if you can spell your first name, please.

(INAUDIBLE).

Gray: Your first name?

Oh, first name Can you spell it for me. Gray: And your last name. Gray: ? Middle name? Gray: Middle name's Gray: Uh-huh. Gray: And your last name again? Gray: And your birth date, please. Where do you live. What's your address? Gray: Kim: Gray: Yeah. Oh, Gray:

Gray: And you have a cell phone number? Oh, yeah Gray: (INAUDIBLE) school right now, Yeah, Gray: And I'm gonna guess you're in the ninth grade also. Uh-huh. Gray: So I've got the time is 2215. So how do you know We met at middle school and then we didn't really have a lot of classes, but we have, yeah, met a lot and got closer. So you guys are friends? Gray: Yeah, friends. Gray: So was she getting a ride you from guys -Yeah. Gray: -- today? Yeah, we were about to drop her off at her home and then we saw the incident. Well, that's what we're here to talk about is this -- this incident you guys Gray: saw. So you guys were in this little white -- what is it? Scion. Gray: White Scion? Uh-huh. You familiar with that street, Palm St.? The one she lives on? That Gray: IVes -Yeah. Gray: – on?

Yeah. (INAUDIBLE).

Gray: So you know it has a cul-de-sac and all that?

Ųh-huh.

Gray: And you lived in Cerritos all your life?

No. I moved to Cerritos at fourth grade. Before I lived at -- in LA and I

moved here.

Gray: So you've been here like five years?

Yeah.

Gray: So on my notebook here I have, like, a little drawing of Palm Place. Do

you recognize that?

Yeah.

Gray: So there's a street called Pires.

Uh-huh.

Gray: Right here where my finger is so would be west of the cul-de-sac.

Uh-huh.

Gray: So when you guys come in today, you're in the Scion?

Yeah, I was in the Scion.

Gray: And who's driving?

My grandpa.

Gray: And where are you seated?

I was in the back seat in the left, I think.

Gray: Behind your grandpa?

Uh-huh. Yeah.

Gray: So behind the driver's seat?

Uh-huh.

Gray: So show me, like, when you -- when you pull in from that street, Pires,

what do you guys do?

So we came from up here and then we took a right and then we stopped

cause we saw -- saw the incident and then as more police cars came, we

kind of like backed a bit and then we kind of stood there.

Gray: So you put -- you pointed with your fingers like you were coming north on

Pires and made a right eastbound on Palm and then you kind of pointed to

the area of where I have this number.

Yeah, we were, like, kind of in the middle right there.

Gray: So you're facing toward the cul-de-sac?

Yeah.

Gray: And you see, you said, an incident. So what's going on when you -- what

do you see when you turn the corner and pulled up?

Turning (INAUDIBLE) I saw one police car and then the car with the

criminal and then I saw a black lady, I think. She was sitting down on her phone. And then the police took out her -- his gun, I think, and then I heard a gunshot, but I'm not sure who shot it, though. And then the driver

just took off really fast. That's all I really saw.

Gray: So when you drive in and you guys are along this curb line here, which

would be the south curb line, where do you see the police car?

think around here. These cars around here.

Yeah.

Gray:

Gray: And you said something about the criminal's car. Where do you see that?

It was, like, pretty much, right next to the police car kind of.

Gray: Facing the same way?

So in front of

Yeah, like right here and the police car's --

Gray: So when I say "facing," I mean the front of the car. What's the police car?

Oh, --

Gray: Which way is it facing?

-- I think the police car was facing this way.

Gray: Toward the cul-de-sac?

Uh-huh, and then the other driver was facing this way.

Gray: Towards Pires?

Uh-huh.

Gray: So they're opposite -- facing opposite directions?

Yeah.

Gray: So you said you see this other car and the police car and you said you

saw, like, a black girl.

Uh-huh, yeah, she was --

Gray: Where's she at?

-- I think, like, in between here and here, like around right over there.

Gray: In between ---

And --

Gray: -- and

Uh-huh.

Gray: She standing? Sitting? Laying?

She was sitting down on, like, the front lawn kind of and she was on her phone.

Gray: She was on her phone?

Yeah, I think so. Yeah. And then after that, I'm not sure what happened

but she got arrested too.

Gray: So when you pulling in you see that girl over here sitting on the lawn, is

the -- is the police officer out of the car or inside the car?

Out of the car. He was talking to the other guy in the car.

Gray: The driver of the --

Yeah.

Grav: - other car?

The driver, yeah.

Gray: So the driver. So where -- if -- if I'm the driver of the other car and

you're the police officer, where would you be, about?

Maybe, like --

Gray: Like, show me, like, right now. Like --

So, like, maybe, like, two feet about a yard or so.

Gray: From the driver's door?

Uh-huh.

Gray: Okay.

He was talking to him.

Gray: Did you hear what they were talking about?

Not really cause I was, like, kind of far away.

Gray: So you guys -- were the windows rolled up?

Yeah. Cause we were kind of panicking.

Gray: You guys got a little nervous?

Yeah. Heard the gunshots.

Gray: Was there any music playing in the car?

No.

SH 2379076

Gray: Just windows rolled up?

Maybe just -- yeah, the windows were all rolled up and --

Gray: So you said you heard a gunshot.

- Uh-huh.

Gray: Did you see anybody shoot?

I can't really see that because I was kind of in the back seat. So I was pretty -- I was like a hundred percent sure I heard it, but my mom

confirmed it too, the gun.

Gray: So let's -- let's just talk about what you saw.

Okay.

Gray: Because I know probably you guys talked about what everybody saw, but

I just want to know what you saw and what you heard, okay?

Okay.

Gray: So would you say your view is obstructed by your grandfather? Or can

you see around him?

I could kind of see, yeah. I was, like, I guess kind of like half-way vision.

Gray: So partially obstructed?

Partially.

Gray: So when you're looking out and you're behind the grandfather, are you

WITNESS

looking out the front or are you looking out to the side?

Oh, (INAUDIBLE) leaning my body kind of to the right --

Gray: Okay.

-- facing to --

Gray: So see around your grandfather?

Uh-huh.

Gray: So you're looking out the front windshield, right?

- Uh-huh.

Gray: And can you see the officer completely?

Yeah. I saw him completely.

Gray: And how about the driver of the car in the car?

I didn't really see, like, what the inside of the car looked like. I think he had, like, dark tinted windows. So I can't really see inside.

Gray: So before you hear the gunshot, do you hear anything else? Do you hear yelling? Screaming? Car revving up with some tires? Anything like that?

Not sure, but I'm -- I think the driver, I think he got his engine revved up, I'm pretty sure. Cause, like, after, like, I heard the gunshot, he just, like, ran right past us. So I'm pretty sure, like, he wouldn't have just, like, started the engine while the police was talking, like, probably when the police was facing from other direction or something probably revved it up and then -- yeah, just went, like, really fast.

Gray: Do you hear the revving before the shot or after the shot?

Oh, 1 --

Gray: That you can remember.

-- I don't really hear the revving, though, but I'm pretty sure he did.

Gray: Oh, so you never -- you never heard it, though?

Yeah, I never heard it.

Gray: So it -- what -- what makes you think that he was revving it up?

Cause I'm pretty sure after -- like, right after turn on the engine, I'm pretty sure you can't really guy that fast. Like, he went, like, flash right past us then we have, -- like, my mom and I, we both made assumptions that he kind of had it revved up kind of.

Gray: So you're basing that on the speed of the car --

Uh-huh, yeah.

Gray: - after the gunshot?

Yeah.

Gray: And you're saying that for someone to go that fast, in your opinion, the car

had to be on and revved up already?

Yeah.

Gray: How many gunshots did you hear?

I heard one pretty big one, yeah, one.

Gray: And so when the car speeds off, did you see the deputy?

i saw him, like, calling the rest of his units, but then after that -- after the car passed by, a lot of the police cars came in. But then my grandpa had

to, like, back up the car a bit and then, yeah, after that --

Gray: Let's back up one second.

All right.

Gray: Once you pull in and you see the girl on the corner and you see the police

officer talking to the guy in the car, do any other police cars come?

I think the police cars came after the driver passed by.

Gray: So let's go through this one more time. You're in the back seat behind

your grandpa who is driving. You're leaning to your right looking through the front windshield. Are you looking at the whole time when the guy

speeds off?

So, yeah. And then until, like, he came across our car, it took -- I took a

seat on the left so I could see the car.

Gray: So you're watching this deputy the whole time?

I was watching. I was mostly watching the driver pass by us and then

after he left, I watched the deputy and then he tried to catch up to him. So then the deputy officer kind of sped up too, but then I think he missed him

(INAUDIBLE).

Gray: Did -- this is the same deputy that was sitting outside the car? Standing

outside the car?

Yeah, uh-huh.

Gray: He got in a car?

He got in a car and then --

Gray: You saw him get in a car?

Uh-huh. And then he went back -- backed up really fast and then started

chase, I think.

Gray: So are you looking at the -- when you hear the gunshot, you said you

didn't see who shot or you didn't know who shot -

Yeah, I didn't --

Gray: -- is that correct?

-- yeah, I just heard it.

Gray: Are you looking at the deputy talking to the -- to the guy in the car when

you hear the gunshot?

No, I was looking at the driver.

Gray: Not the deputy?

Yeah, not the deputy.

Gray: Is the deputy just, like, talking to him hands in his pockets? Or how is the

deputy when he's talking to him?

I think he had a gun. I think he had a gun facing and then --

Gray: What do you mean you think? Do you remember -- what makes you think

that?

Because I heard my mom say, oh, he was holding a gun.

Gray: Remember not -- not what you -- I want to know what you saw.

Okay.

Gray: Okay? And I know you talked to a lot of people, but it's the only what --

what -- saw, okay? So did you see a deputy with a gun?

Yeah.

Gray: You did?

Uh-huh.

Where was the gun? Gray:

I think it was pointing at the driver.

Gray: So when the guy -- when the driver speeds off, do you see that deputy

fire?

I don't think so. I didn't see it.

Gray: And we're talking about the deputy that's talking outside of the driver's

door of his --

Uh-huh.

Gray: -- car that takes off. Okay. So you don't see that, but you hear a

gunshot? But you don't --

I hear a gunshot.

Gray: -- you're not sure who fires it?

Yeah.

And then you -- and correct me if I'm wrong because if I get this wrong, I --Gray:

| --

Yeah.

-- you have to correct me. You saw that same deputy get into a car? Gray:

Yeah, right after he sped off, he hurried off into the car and then --

And then when did the other cars come? Gray:

That seemed like a couple of seconds after, like, he called and then they

came in and they put the cars (INAUDIBLE).

Who called? Gray:

I think the deputy that, like, chased, like, before -- before he got into his

car, he called and then I think he got into the car.

Gray: Did you see him? What makes you think he called?

Because I saw his, I think, walkie-talkie or --

Gray: So you're holding up the hand so like he's talking into a microphone?

Uh-huh.

Gray: You saw him do that before he got into the car?

Uh-huh. And then he got in and I saw a bunch of cars come in.

Gray: Okay.

Yeah.

Gray: So now the -- what color was the car that he was talking to?

I think it was like ivory kind of color.

Gray: Ivory? Okay.

Uh-huh.

Gray: Once that car leaves and the deputy leaves, what happens to this girl?

Oh, I know she got arrested, but I'm not sure by who, though.

Gray: Do more police cars come after these guys leave?

Yeah, I think so. Yeah. Yeah, they do. And then, -- yeah, I just saw that she got arrested. I'm not sure (INAUDIBLE). Cause I was looking at the back at the time and then as I, like, turned to front, I just saw her getting

arrested. So I'm not sure who it was.

Morris: The deputy that was standing by the car --

Yes.

Morris: -- at any point in time did you see him fall down?

No, he never fell down.

Morris: Never fell down?

He didn't -- I don't think he --

Gray: Yeah.

-- I didn't see him fell.

Morris: You didn't see him fall down?

Gray: When you said, "I don't think"?

That he didn't -- he didn't. Sorry.

Morris: You never --

Gray: And you never saw him shoot either?

Well, I'm not sure about that, though. I just -- I'm not sure who fired.

Gray: Right. So I'm asking you what did you see?

So, like, I heard the gunshot?

Gray: Like, we were talking before and you said you had your eyes on the

deputy and the driver the whole time. The driver sped away and you

heard a gunshot.

Oh, it was -- he, like, his immediate reaction after the gunshot was to

speed up, like --

Gray: Past you?

Yeah, Like, passing our car.

Gray: But when the gunshot goes off, you're looking at both of them, the deputy

and the guy in the car?

No. I was kind of, like, -- my view was kind of blocked and then I kind of

saw and I saw the driver just pass by. So I didn't really --

Gray: Your – your view was blocked by what?

My grandpa's seat.

Gray: Okay.

Grandpa.

Gray: So you didn't see.

I didn't see the whole thing, yeah.

Gray: Okay.

Morris: Was there ever a point when -- when -- I know you didn't see the deputy

fall down, but did you ever see the deputy getting up from the ground or

anything like that?

Nothing like that. He was, like, perfectly fine.

Morris: Okay. Okay.

Adams: And from -- from your view looking through the windshield there the

best you could --

Yeah.

Adams: -- the position of the deputy, what did you see his position? Could you

see his face? Could you see his --

kind of saw his side view. Side view, he was standing, and he was just

talking to the driver and (INAUDIBLE) holding with the gun. And, yeah --

yeah, I just saw the side view.

Adams: So you described a normal profile?

Yeah, kind of. Yeah.

Adams: Okay.

Anymore questions?

Morris: That's it,

Okay.

Morris: Thank you. Appreciate it.

Okay. Thank you, very much.

Adams: We're gonna take you back, okay? To your grandpa and then you can

(INAUDIBLE).

Gray: You have anyone else that (INAUDIBLE)? Specifically or no?

Morris: Not that I know of but – I'm sure there's more.

Gray: (INAUDIBLE) bring them on over.

Morris: All right. We're gonna go off. It's 2231.

HOMICIDE WITNESS INTERVIEW:

Morris: And do you have a cell?

Yes, I do. I can give you that number too.

Morris: Please.

---:

Morris: You working right now?

l'm a college student.

Morris: Okay.

I'm a disabled veteran, so I'm -- the VA's putting me back through school.

Morris: Oh, that's good, then. I mean, I'm glad they're taking care of you, then.

Yeah.

Morris: So there's some excitement on the street today.

Yeah, more than I ever want to see again.

Morris: Right. What happened?

I was sitting in that chair where my brother is on my computer doing homework. I heard gunfire. I thought it was — I heard pop pop. We kind of looked at each other like what was that? Then we heard two cars — a car peal out. I looked over my shoulder as beat I could, and I saw a silver white flash go by and it was a car driving by really fast. I couldn't make any out what kind of car it was or anything. I just knew it was a car and it was hauling. And I looked and then I remember hearing somebody screaming or talking really loud. I could not make out what they were saying and that's, really, about it. After we got everybody down — cause we were baby-sitting the kids, we got all the kids down. Busy kids. (INAUDIBLE) gunfire or not. I got them in here out of the front room.

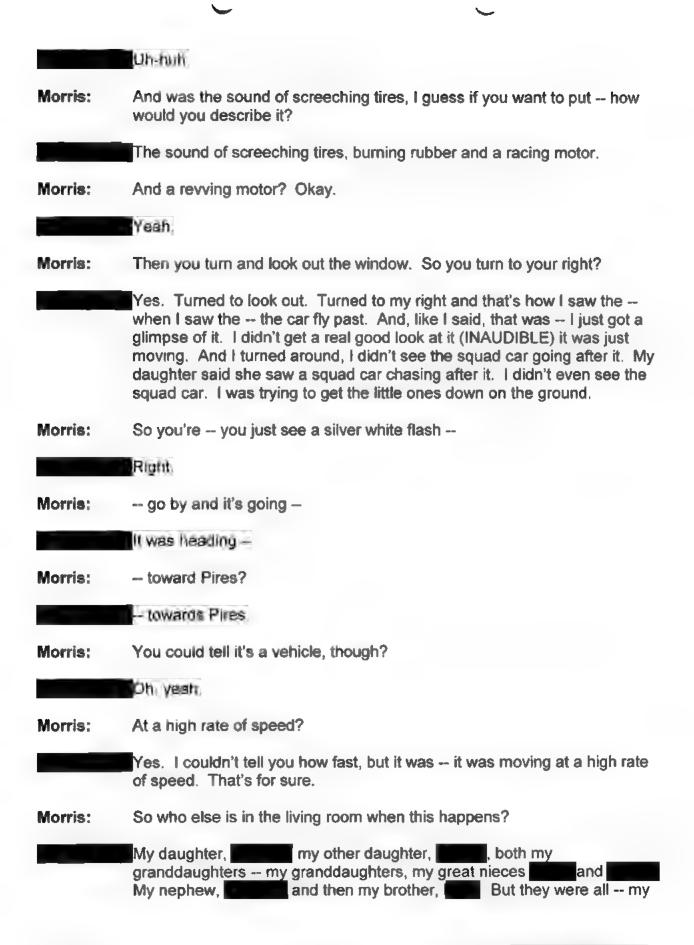

Morris: So you're sitting on the couch in your living room.

On the Lazy Boy.

Morris: On the Lazy Boy. Okay. Where your brother's sitting right there.

Right.

Morris: And your living room window faces south. Right. Morris: Right? Correct. Morris: So your back's to the window. You hear, you said, some gunshots? Right. I heard pop pop. Morris: Pop pop? I heard the gunshots, yeah. Morris: Now would that be two? Pop pop? Uh-hulf. Morris: Then you hear a car peal out? Uh-huh. Morris: Okay. How long between the pop pop and the sound of the car pealing out? Gray: Oh, it wasn't very long. It was -- oh, geeze. Seconds? Minutes? Gray: Seconds, maybe Gray: Okay. Maybe - I don't think could have been more than a minute. I mean, it was - I don't know, time was -Gray: Yeah, time does weird things when --It did weird things and, you know? It was like --That's fine. Gray: So the pop pop first and then the car pealing out? Morris:

	and myself are the only ones who really witnessed anything. The kids were all – and my daughter, was at the computer over here working stuff for her graduation party. And the other the little ones were playing toys down on the floor, so.
Morris:	And transfer last name is little and
	Yes, sir.
Morris:	And that's your daughter?
	Yes.
Morris:	Then have you another daughter, you said?
	Her name is a second
Morris:	
	Uh-huh.
Morris:	also?
	Yes.
Morris:	And you have two nieces, you said?
	Two great nieces
Morris:	And what's the names again?
Morrist	
	Yes. I think. I don't know. Hey,
	Yeaft
	How do you spell and name?
Unidentified	
Morris:	Last name?
	And what's her last name?

Unidentified: Unidentified: How old is she? Morris: • Unidentified: And it's Unidentified: Yeah. He asked what her last name was. Unidentified: I know but you said Morris: okay And how old she? Unidentified: She's Morris: okay. (INAUDIBLE) niece. Excuse me. Bless you Morris: Allergies. Yeah, I know. I've got them bad this year too and I don't normally have allergies. And then the other -Morris: Okay spell Unidentified: And her last name? Unidentified: (INAUDIBLE). I think it's Morris: And how old is she? She just turned Morris: That's good.

And then my -- my nephew, Morris: And was he in the living room as well? Yeah, he was down on the -- laying on the floor. Morris: How old is he? is He's Morris: is he here now or? No, he went -- one of your officers escorted him over to his mom and they took off. Morris: Oh, okay. But he was laying on the floor. Gray: He was laying on the floor. He didn't see anything. There's no way he could have seen anything. Morris: That's your nephew. All right. Anything else you can tell us? I'm thinking You said you heard someone screaming, though, huh? Morris: Yeah, I heard somebody --Morris: Could you tell if it was a man or a --It was a male Morris: Male? It was a man's voice. It was a man's voice. Could you tell what was being said at all? Gray: -No.

Gray: No?

No. It -- I couldn't tell. Like I said, everything was going. It was so -- trying to get the girls because to the kids it was a big game and then (INAUDIBLE) was difference between excitement and fun and scary and,

you know? They --

Morris: Right.

-- trying to get them to calm down and get them out and then wanting to know what's going on myself and --

Morris: Before the two pops, did you hear anything?

No. I was so focused on my homework, I wasn't paying any attention.

Morris: Was the TV on?

Yeah.

Morris: Loud? Soft?

Yeah, it was loud because of the kids. Turn the volume up.

Gray: Were the windows open or closed?

They were closed. And I can say one thing, though, the -- when we went out -- I think I went outside and we saw the suspect -- I guess is the correct terminology -- on the ground. The officer walked her by to put her

in the car. I seen her before.

Morris: On this street?

On this street.

Morris: And how do you know you've seen her on the street?

She just looks – it was like a deja vous moment.

Morris: Describe her.

African-American. I could describe her what she was today. She had purple pants on today. She's hippie. I mean large hips. I think she had a

blue or a green shirt on.

Morris: About how old she?

Probably in her late 20's.

Morris: Long hair? Short hair?

It was short hair.

Morris: So are you positive you've seen her here or she just looks familiar to you

and you might have seen --

She just looks familiar. I'm not a hundred percent. I wish I could be. I just -- I -- I try and take walks because I'm trying to lose weight and I messed up my back. I've got a hemiated disc in my back. So I can't do a lot of exercises. I can walk. And it's been a couple weeks I just herniated another one, unfortunately. So I haven't been able to do anything the last couple weeks. But I, for some reason, I remember seeing her there in a car and the only reason I remember picturing her is because I didn't think we had any African-American people living on this street. I know we have Korean families living here and Hispanic families living here and -- or Latin families living here. Whatever, I don't know what's politically correct or --

That's fine. Morris:

-- whatever the case is.

Morris: Right.

I don't -- I'm not prejudiced against any one group of people so it doesn't

matter to me.

How long ago do you think it was that you believe you saw her? Morris:

A couple weeks ago.

Can you describe the car? Morris:

No, I wasn't paying attention to it. I really wasn't. I think it was a four-door

car but that's about all I can tell you.

Do you remember where the car was parked? Morris:

It wasn't parked. It was driving down the street.

Morris: Driving down the street.

Yeah. And I can't remember if she was driving or if she was a passenger.

I just remember my - I came out -- was coming out the drive -- or the

walkway, and I saw her, the car drive -- I don't know which direction it was coming from, but I just remember thinking, oh, we have Africa

ce 1967 and I've

seen a huge change in the culture from when we moved in.

Morris: Right.

You know? And I've just got my curiosity, so.

Morris: Yeah, when there's somebody you tend to notice people who live here

and don't. I mean, cars and stuff like that.

Yeah.

Morris: Yeah.

We lived here a long time. So I noticed that, but that's about all I could tell

you.

Morris: Okay.

There is one other thing I could tell you.

Morris: What's that?

And I — I've noticed it recently. Like I said, I'm in school. It's an on-line school the at University of Phoenix, and I've been — I'm on my computer almost — I'm on the computer every day and usually the majority of the day I'm sitting at the Lazy Boy in my chair doing school work. And there's always a truck or an SUV, and I don't know what kind it is. I've never — I just hear it, but it's got a diesel engine in it; that, I do know. And it always comes up and down two or three times a day. I mean, it will go up and

down and it will go up and down and then it will go up and down.

Morris: And this is recent?

Yeah. Oh, yeah. I didn't notice it today, but I did yesterday.

Morris: Did you see what color it is?

Like I said, I --

Morris: You just --

-- I really wasn't paying -- paying attention to it. I've had a lot of deliveries for UPS and things like that so I've been listening for that, but it's been the same type of sound. Morris: Right So, like I said, I've been paying attention so I don't know if that helps or anything, but. Morris: Yeah, I mean, every little thing helps. That's good. Thank you. Uh-huh. It's about all I can think of. Gray: Appreciate it. No problem. Can I get you guys anything to drink? Morris: I'm fine, thank you. Okay Morris: You want to do see some on this thing? Gray: Yeah. Yeah, if we can get Thank you, Appreciate it. Morris: You're welcome. You're up, boss. You guys want something to drink? No, we're good. Thank you. Morris: It's 8:30. Gray: 8:30? 2030 hours. Let's see, Morris: Yeah. Morris: you have a middle name. I thought it was Morris: Usually.

Morris:	also?
	Yeah.
Morris:	And your date of birth?
Morris:	And where are you living at?
Morris:	What's the address?
	What's that?
Morris:	What's the address?
Morris:	I'm sorry. The zip code again.
Morris:	What's a good number we can reach you at?
Morris:	
	Right.
Morris:	And that is a?
	Cell phone
Morris:	Cell phone. You working right now?
	Yes,
Morris:	Where do you work at?

Morris: Morris: Oh, okay. work at home. Morris: So you work from home. Okay. Yeah. Morris: Morris: Yeah. All right. So, today, I guess this is your brother's house? Morris: It's my house. Your house? Morris: I own it with my parents. Oh, okay. Morris: Coming here waiting for my wife to go out to dinner and all this started. Morris: So where were you? I was sitting in that chair in the corner right there. Where the little girl is sitting right now? Or, oh, -- oh, with the --Morris: Baby and the (INAUDIBLE). So that's -- that's closer to -- to the --Morris: The gun cabinet right there. -- east -- yeah. Okay. So you remember what happened? Morris:

I heard two pops and I turned around to look, heard a car racing and saw a car fly by followed by a sheriff's car. I didn't hear any — I mean, I didn't hear any — anybody yelling or anything like that so. And the TV was on so it's kind of a — I didn't hear anything, any other — after they had left, I went out front and saw — saw a woman on the ground. I guess on the ground handcuffed over there, and two or three units came. There was a — there was a normal radio car and then SUV that came flying down the street, you know? Their SUV came before he — before he even stopped, the door was open and he was — he was getting out And I saw him get out and they drew their — their guns were drawn. I'm, like, I'm out of here. I'm back in here so that's what I —

Morris: So you're sitting in that chair at the southeast corner of the living room.

So your back's to Palm?

Back -- back's to Palm.

Morris: To the street?

Dh-huh

Morris: You watching TV?

(No audible response).

Morris: TV on loud? Softly?

Medium.

Morris: Medium. Windows open? Doors open? Everything closed?

(No audible response).

Morris: You said you heard two pops?

Two pops

Morris: And you -- you own a gun store?

Right.

Morris: So, obviously, you've been around when guns have been fired?

Oh, yeah.

Morris: Could you tell it was -- did it sound like fireworks or?

You know, it — no. It sounded — I mean, it sounded like a gunshot but it, I mean, two gunshots, but it was — I mean, they were real — relatively close together, not — I mean, the first one — you know, it first happened I was, like that — that sound, you know? I was, like, well, that was a really weird backfire but. I mean —

Morris: Because you're not expecting that here?

You're not expecting. I'm not expecting gunshots sitting in the front room, you know?

Morris: So to you, obviously, when it first happened, you don't recognize it as

gunfire?

Hun-uh

Morris: So just we'll keep it at two pops then?

Yeatr.

Morris: Rapid? In succession?

Yeah, maybe pop (pause) pop. Just not -- maybe a second between.

Morris: So I notice when you're talking to us, you turn your head to the left, like,

when you went to turn around.

When I turned this way --

Morris: Yeah. To the left, right?

Yeati, yeah,

Morris: To look out the window?

Right.

Morris: So now you're facing Palm Place, and you see a car, you said?

Silver white car fly by followed by sheriff's unit.

Morris: Which direction is that car going?

West.

Morris: West? On Palm. And you said there's sheriff's car behind it? And you know it's a sheriff's car because it's black and white? Black and white. Black and white, lights on. Morris: So the lights are activated? Sirens or no? I don't remember the sirens being on but they might have been. There were a lot of sirens after. Morris: So the overhead lights like red and the blue lights on? Yes. Morris: And it's following the car? Yeah. Morris: At that point, you don't hear any screaming or anything like that, right? No Morris: About how long after that do you take a peek outside? Probably two, three minutes. After we saw the -- after we saw the cars go by, we got all the kids out in here and then that's when I went outside. Morris: You took a peek out and you walked out the front door? (No audible response) Morris: And you see -- you said you saw a woman on the ground. Woman in purple, I believe, down the street across -- across the gutter laying on the ground. Morris: So how - about how many houses down, would you say? Second house down -- well, third house down.

Morris: Okay.

Across the street or --

Across the street.

Morris:

	The house across the street, not the next one (INAUDIBLE) one following
Morris:	All right. So let's see here. I believe your house would be like right here. Is this in the like right here.
	One nine.
Morris:	All right. So you're gonna be right here then?
	Right in here.
Morris:	So your house is seemed
	Right.
Morris:	And she is where?
	She was, like, right here. It's hard to tell by scale by either right here or right here.
Morris:	So somewhere in between maybe
	Actually, I think it was right here.
Morris:	Palm Place?
	Yeah
Morris:	And she's laying on the ground right here?
	She's laying on the ground. Feet partially in the street, I believe.
Morris:	And her body on the curb?
	Yeah
Morris:	Can so you said she's dressed in purple?
	Yeah, from what I recall, purple pants.
Morris:	Young girl or older girl?
	I didn't really get I didn't get a good look, look at her.
Morris:	Did you see what race she was?

She was black. I saw her - I saw them when they brought her back and put her in the back of the squad car but she was an African-American. There was one officer there watching her, I guess, that I saw, anyway. He was in the street.

Morris: So when -- so one officer's watching her when she was on the ground? He's standing up over her or?

He's standing maybe five feet away from her in the street.

Morris: So at this time, the other -- the two patrol cars, the SUV and the other car. they're not here yet?

> Not here yet. And then that's when they came screaming down the street and --

Morris: One's an SUV, you said?

Yeah, an SUV

Morris: And one's a regular car, right?

Yeah

Morris: Lights and sirens when they come down?

Lights No suen.

Lights. And they're coming eastbound on Palm? Morris:

(No audible response).

Morris: Then you see the deputies, officers get out?

> Saw the deputy get out -- as they -- as the SUV pulled up, he had his door open and he was still moving coming to a -- coming to a stop. And he got out and pulled his gun and I'm -- that's when I kind of bailed and went inside. Which led me to believe that something else was happening so I didn't want to get anywhere near it.

Morris: Like his sidearm?

Uh-hum.

Then you went inside and that's -- prior to the -- hearing the two pops, did Morris:

you hear anything before that?

	No
Morris:	No? Okay. Would you say the TV was about as loud as it is right now?
	No, it's a little less.
Morris:	A little less than this right now?
	Yeah.
Morris:	Anything else you can remember?
	No.
Morris:	Well, thank you, So I guess we're gonna be talking to now?
	Yeah
Morris:	Thank you.
	They still got it blocked off or am I gonna be able to leave now?
Morris:	You know what? I think we can probably get you out of here. Can you just wait until we
	Yeah, no problem.
Morris:	We'll get her and then we'll (INAUDIBLE). Where's your car at?
	The RV out here
Gray:	Is it on that side of the tape or is it
	Yeah. Your tape is running across my car.
Gray:	Across your car?
	Yean,
Gray:	Yeah, it might
	May be a problem.
Gray:	It might be a problem there. We'll we'll talk to the deputies on the scene 2045 hours. Oh, boy. What happened to you?

	I had a stroke and (INAUDIBLE).
Morris:	Oh, wow. Car accident?
	No, just a re-fracture.
Morris:	So you're
	Yes, Land
Morris:	right?
	Yeati.
Morris:	Middle name?
Morris:	And your date of birth?
Morris:	And you live?
Morris:	
	It's ···
Morris:	
	Yes.
Morris:	
	Yeah. I'm sorry.
Morris:	That's okay. What's the best way to get a hold of you?
	This, the home phone number,
Morris:	

Morris: Do you have a cell also?

Yeah.

Morris: What's your cell number?

Morris: You working on going to school or anything?

No.

Morris: So today you're at the house. You also in the living room?

Yeah, I was in that same chair I was sitting in earlier. The one up against

the fireplace, the mantle.

Morris: Where -- is it -- okay. It's right in front of the fireplace.

Yeah

Morris: So that chair faces west. You're actually facing this side going toward

Pires, right?

Yeah.

Morris: So you're in that chair watching TV also?

Yeah, I was watching. I was baby-sitting.

Morris: So what happens?

SH 2379076

I heard two pops pretty close together and then I looked out the window, and I saw white silver car drive by. So I, basically, put two and two together and I assumed it was gunshots. So I, like, immediately told the girls to get down on the floor and I, along with my sister. And so I walked (INAUDIBLE) I could with my foot I got down on the ground and I was on my knees and I was looking out and then -- I mean, it happened pretty quick. I mean, I got down pretty quickly because probably just a few seconds I saw a cop car drive after him. And then I heard -- after I saw the cop -- the white silver car drive by, I heard loud talking. It didn't -- it wasn't yelling or screaming. It was just talking which I thought was kind of weird. I heard gunshots. I'm assuming screaming or yelling, not just loud talking but, yeah. I just -- that was, pretty much, all I saw. And then I saw the -- and then a few, probably, couple minutes later, there was -- I saw the two -- I saw a cop car drive into -- down our street from --

Morris: Pires?

Yeah, from Pires. And then the SUV drive down. But I — I had the kids come to the kitchen cause I don't want them being outside. I didn't want them to get all scared or freaked out or anything. So I was in here trying

to - I had to get their attention off of it.

Morris: Right. So when you're on your knees, you're looking out. Is it that big

picture window right there?

Yeah.

Morris: So you look out toward Palm, right?

Yeah.

Morris: So when you hear the two pops, do you - is that when you immediately

get on your knees or do you look out the window first or?

I got up -- well, I looked -- I looked over cause I -- it's not like something I hear often, especially around here. So I thought that was kind of strange. And then especially when I saw the car fly by, you know, like I said put two and two together. So that's when I told the kids to get on the ground and, yeah. I mean, I got on the ground and I was -- I was -- this whole time, I

was looking outside.

Morris: So you heard -- you're in the chair, pop pop. You -- is that what -- you're

still in the chair when you look out the window and see the car? Or are

you on your knees?

Yeah, I was in the process of getting on my knees.

Morris: Getting down?

Yeah.

Morris: You said it was a white, a silver?

White, silver. It was going by pretty fast so I couldn't see inside of it. It looked like the windows maybe could have been tinted. But it, like I said,

it was going by so fast, so.

Morris: Do you hear any tires or anything screeching or just you see the car? If

you remember.

I didn't hear any tires screech cause I remember pretty clearly, but I didn't hear any tires screech.

Morris: So then that -- you get down to your knees and that's when you see the

cop car?

Yeah.

Morris: Black and white cop car?

Yeah.

Morris: Regular patrol car --

Yeah.

Morris: Okay.

And then after both of the -- those two cars were gone, I hear sirens and everything.

Morris: So you're still in the living room a few minutes later when two other cars respond? The two the deputies? The SUV, did you see that or not?

Yeah. We were still in the living room and then I saw them come in.

That's when I had everybody come into the kitchen, the kids go in the kitchen. Cause I didn't know if there was other people out there with guns. I just wanted to get them out of the area just in case there was more gunfire. I didn't want -- (INAUDIBLE).

Morris: And was an SUV, you said?

Yeah, I -- I -- I know I saw one.

Morris: SUV?

One regular patrol car and the one (INAUDIBLE) SUV. And I was in here after that. Then I heard -- and then my uncle and my dad went outside and they came in and said that there was a girl on the -- her stomach that was handcuffed to her back and her legs were tied.

Gray: Did you see that?

No, I didn't see that.

Gray: Okay.

Because I didn't want to go outside. I wanted to stay here and try to keep the kids calm (INAUDIBLE).

Morris: Prior to you hearing the two pops, did you hear anything going on outside?

No.

Morris: And you said you were watching TV?

Uhehigh.

Morris: TV loud? Medium volume? About medium?

Yeah, the volume normally we have it at.

Morris: And the door's open or closed?

Closed.

Morris: Windows opened or closed?

Closed

Morris: Okay.

Gray: And the loud talking that you hear, did you understand any of what was

being said? Make out any words at all?

No.

Gray: Just loud talking?

Yes. It sounded like a male's voice but --

Morris: So no one else -- there was kids. No one else saw anything?

No

Morris: All right. Sounds good. Thank you, very much.

Gray: (INAUDIBLE).

Morris: Yeah, let's see, I got -- I got about 9:00.

Gray: Yeah. 8:50.

Morris: 2056.

We responded to Palm Pl. and Pires Av. in the city of Cerritos regarding Deputy Fitzgerald's (V/1) emergency request (via portable radio) that he was involved in a shooting

On the indicated date and at approximately 1620 hours, Deputy Fitzgerald arrived at the location in response to a suspicious person in a vehicle call (Tag #130). The call indicated a female black in her 20's was knocking on people's doors and acting suspicious. The call also indicated there was a grey Chevy Impala License! involved.

Deputy Fitzgerald, who arrived in his black and white patrol vehicle and wearing his full uniform, contacted a female matching the description and detained her without incident. Deputy Fitzgerald saw a vehicle parked along the north sidewalk of Palm PI with the same license plate and similar description.

Deputy Fitzgerald saw a male in the driver's seat. He gave the suspect several verbal commands to show his hands and exit the vehicle. The suspect did not comply with the commands. The suspect began putting his hands in his waistband and searching the interior of the vehicle. Believing the suspect was retrieving a weapon. Deputy Fitzgerald requested emergency assistance-

Deputy Fitzgerald continued to give the suspect verbal commands. The suspect did not comply. Deputy Ortiz. (V/2) and Deputy Long arrived at the location

The suspect turned his vehicle on and revived the engine. The suspect accelerated quickly and turned the vehicle towards Deputy Fitzgerald, striking the left side of his body. Fearing for his life and the life of responding deputies, a Deputy involved shooting occurred

As the suspect drove westbound on Palm PI, nearly hitting Deputy Ortiz. Deputy Ortiz had to run out of the way of the vehicle to avoid being struck.

The suspect drove westbound on Palm PL to southbound Pires Av. The vehicle crashed into a light pole and fire hydrant at the southeast corner of Pires Av. and Abana Pl.

Los Angeles County Fire Department Engine Number 30 under the direction of Captain Rowe transported Deputy Fitzgerald to La Palma Hospital in Care Ambulance #3311 for pain to the left sift of his body.

Los Angeles County Fire Department Engine Number 30 under the direction of Captain Angulano pronounced the suspect as deceased at 1740 hours.

Watch Commander Sergeant Guthrie was notified of the incident

Homicide Bureau was notified of the incident.

The witnesses were voluntarily transported to Cerritos Sheriff Station

The purpose of this report is to provide additional information regarding the above file number.

On May 7, 2015, I responded to Palm Place, Cerritos, regarding an assistance request by Deputy Edward Fitzgerald. While driving to the location the situation evolved into a deputy involved shooting. When I arrived, I saw Deputy Fitzgerald was detaining a female black (later identified as prone position and handcuffed. She was across from the location on the south sidewalk.

Ms. Rainee was detained in the backseat of Dep. Scott Enomoto's radio car

Deputy Fitzgerald told me he was injured and I requested paramedics. He was treated at the scene and transported to La Palma Community hospital with Sergeant Lewis Lim.

Once I identified Deputies Fitzgerald, Robert Long, and Ortiz as being present during the shooting, I separated them and they were all escorted individually to Cerritos Station pending Homicide Bureau's arrival.

was transported to Cerritos Station by Deputy Enomoto and was interviewed by Homicide Bureau Detectives.

I stayed at the scene of the shooting until approximately 2000 hours and returned to Cerritos Station.

LOS ANGELES COUNTY SHERIFF'S DEPARTMENT SUPPLEMENTAL REPORT

Date:

May 28th, 2015

File:

015-01773-2318-013

Action:

Active additional information.

Charges:

The purpose of this report is to provide active additional information regarding my attempt to recover surveillance video from a private residence.

informed me that he had checked his DVR surveillance system and found that it had over written the date and time the Detectives were looking to recover.

I inspected the Samsung DVR, and found that the system's date was wrong. The date on the DVR was 05-29-15, at 1547 hours. The correct date and time was 05-28-15, at 1546. I utilized the search function on the DVR and searched the incident date and time (05-07-15 at 1630 hrs). The DVR showed the last available recorded data to be 05-09-15. Due to the DVR's date being one day fast the actual last available data was 05-08-15. Therefore there was no recoverable data for the date and time that the Homicide Detectives needed.

The patrol car/SUV was parked eastbound on Palm Place, at a slight angle in a southeast direction in front of the driveway apron for Palm Place The driver side of the Tahoe was located approximately 28 feet south of the north curb of Palm Place and was and was 288 feet 9 inches east of the west curb line of Pires Avenue. Item "C" 2004 Toyota Scion, white, with California License leading, registered to Cerritos. Parked eastbound along the curb in front of Palm Place. The driver side of the Scion was located approximately 30 feet 6 inches south of the north curb of Palm Place and was and was 159 feet east of the west curb line of Pires Avenue.

On Thursday, May 7, 2015, at approximately 1800 hours, Sergeant Jeff Cochran was assigned to assist Homicide Detectives Ray Lugo and Sergeant Joe Ramirez with the investigation of a Cerritos Sheriff Station "deputy involved shooting." Sergeant Cochran was told one of the involved deputies was taken to a local hospital to be checked, a second involved deputy was uninjured, and the suspect was deceased at the scene. Sergeant Cochran was directed to respond to a command post established at Artesia Boulevard and Carmenita Road, Cerritos.

On Thursday, May 7, 2015, 1950 hours, Sergeant Cochran arrived at the command post and was directed to meet with Homicide Bureau detectives at Pires Avenue and Artesia Boulevard, near the scene where the suspect crashed his vehicle and was found deceased in his car.

Sergeant Cochran observed the westbound lanes of Artesia Boulevard and Pires Avenue, north of Artesia Boulevard, were secured with crime scene tape, Sheriff Department patrol cars and uniformed deputy sheriffs.

Sergeant Cochran met with Homicide Bureau Detective Ray Lugo, Sergeant Joe Ramırez and Detective Adan Torres Sergeant Cochran was briefed as to the shooting incident by Deputy Patrick Chapman working Lakewood Station Unit 133 pm shift with Deputy Salvador Rios who were assigned the handle on the field investigation

Deputy Chapman subsequently provided a walkthrough of the scene. He first pointed out the suspect vehicle, which was rested on the property at the southeast corner of Pires Avenue and Abana Place, and was occupied by the deceased suspect in the driver seat. Deputy Chapman next directed detectives to the scene of the shooting, which was on Palm Place, (3) blocks north of Abana Place, east of Pires Avenue.

Deputy Chapman pointed out the shooting scene, where he identified Deputy Fitzgerald's patrol car, and the location of the expended casings. He pointed to a cellular telephone on the hood of Deputy Fitzgerald's patrol car, and said it belonged to the female Black detained during the investigation. He identified Sergeant Gilbert Ramirez' assigned Chevrolet Tahoe patrol car/SUV, and said Sergeant Ramirez arrived at the scene after the shooting. He pointed to a white Toyota Scion parked on the street, and said the occupants of the Toyota were witnesses, who observed portions of the incident as the vehicle was being parked at the location.

Deputy Chapman said just prior to Deputy Fitzgerald being transported from the scene to the hospital, he and Deputy Rios were given Deputy Fitzgerald's Sam Brown gun belt, with his holstered duty weapon, which was then locked in the trunk of their patrol car, Equipment #SD6226-

At the conclusion of the walk thru of both the scene of the collision of the suspect vehicle, and of the shooting scene, Detective Torres was assigned the scene of the collision of the suspect vehicle (refer to Detective Torres' supplementary report for details), and Sergeant Cochran was assigned to document, and collect evidence from the shooting scene on Palm Place. Assigned to assist Sergeant Cochran was FIS Dave Ozeta, from the Crime Lab Identification section.

SCENE:

At the direction of Sergeant Cochran, FIS Dave Ozeta photographed the scene and evidence at the scene, as well as witness perspective photographs. He was also directed to document measurements and create a sketch. The actions and observations of FIS Ozeta will be documented in his supplementary report, and when complete will be made a permanent part of this case file.

Sergeant Cochran noted the shooting scene was in the residential neighborhood west of Carmenita Road, and north of Artesia Boulevard, in the City of Cerritos. The street north of the shooting scene was Beach Street, and to the south was Hart Place, to the east was Carmenita Road, and to the west was Pires Avenue.

Carmentia Road was a major north/south asphalt roadway, with curbs and sidewalks. There were two lanes in each direction, and the street was bordered by residential, school and business properties.

The street was bordered by residential and school properties

Hart Place was an east/west asphalt roadway with curbs and sidewalks, and it ended with a cul-de-sac east of Pires Avenue. The street had one lane of travel in each direction and was bordered by residential properties.

There were an additional two east/west streets south of Hart Place to where the suspect vehicle collided and came to rest on the south east corner of Pires Avenue and Abana Place. South of Hart Street was Aclare Street, which ended in a cul-de-sac east of Pires Avenue, and continued west of Pires Avenue, where it t-intersected with Leal Avenue The street south of Aclare Street was Abana Place, which t-intersected with Pires Avenue to the west, and east of Pires Avenue the street ended in a cul-de-sac.

Palm Place was an east/west asphalt roadway with curbs and sidewalks. The street tintersected with Pires Avenue to the west, and east of Pires Avenue it ended with a culde-sac. The street had one lane of travel in each direction, and was bordered by (9) residential properties on each side of the street.

East of the end of the cul-de-sac on Paim Place was a parking lot for the "Cecil B. Stowers" Elementary School, located at 13350 Beach Street, Cerritos — The school was out of view of the scene as there was a 6 foot block wall and several large trees bordering the west property line of the school, and trees also on the cul-de-sac end of the street

Sergeant Cochran noted there was crime scene tape across Palm Place east of Pires Avenue, across Palm Place west of the patrol car, and also across the front yards within the inner portion of shooting scene. The scene was secured and maintained by uniformed deputies, as well as Sheriff Department patrol cars. The weather was overcast, and at times there was light to medium rain.

Deputy Edward Fitzgerald's assigned marked black and white Los Angeles County Sheriff Department patrol car (Photographed Item "A") was parked eastbound on Palm Place, at a slight angle in a northeast direction, in the center of the street. The patrol car was south of and parallel with the east side of the driveway for Palm Place, and also parallel with the west side of the residence at Palm Place. The patrol car was equipped with emergency lights, siren, spot lights, a radio, and police equipment, including a MDC (Mobile Digital Computer) and a shotgun was locked and secured in the metal rack between the front seats. The engine was on, the emergency lights and spot lights were off, and driver door was open, with the driver door window in the down position. The remaining windows were in the up position.
Sergeant Cochran observed the MDC in Deputy Fitzgerald's patrol car displayed a call, "CER0130, 925A 911N" assigned to "230G1 and 230G3' at BEACH ST, CER". The call read "RMK F/B 25 YRS OLD WEARING PINK SWEATPANTS AND BLACK SHIRT KNOCKED ON INFORMANTS DOOR LOOKING FOR SOMEONE THATDOESNT LIVE THERE. LEFT IN GREY IMPALA
Sergeant Cochran observed and expended 9mm cartridge case (Evidence Held Item #1) lying on the roadway of Palm Place, approximately 4 feet 10 inches east of the front driver side bumper of Deputy Fitzgerald's assigned patrol car. A second expended 9mm cartridge case (Evidence Held Item #2) was lying on the roadway of Palm Piace, approximately 4 feet 7 inches north of the front driver side fender, parallel with front driver side tire of Deputy Fitzgerald's assigned patrol car. Both expended casings were south of, and parallel with the west end of the residence at Palm Place.
Sergeant Cochran observed a cellular telephone (Evidence Held Item #3) lying on the passenger side hood of Deputy Fitzgerald's assigned patrol car.
A marked black and white Los Angeles County Sheriff Department Chevrolet Tahoe/Sport Utility Vehicle (Photographed Item "B") was assigned Sergeant Gilbert Ramirez, working Cerritos Station Unit 230GS day shift. Sergeant Ramirez responded to the scene, and arrived after the shooting, and his Chevrolet Tahoe was documented within the scene. The Chevrolet Tahoe was parked eastbound on Palm Place, at a slight angle in a southeast direction in front of the driveway apron for Palm Place. The Chevrolet Tahoe was southeast of Deputy Fitzgerald's patrol car.
Sergeant Cochran observed and caused to be documented a white 2004 Toyota Scion (Photographed Item "C") registered to The Toyota was occupied at the time of the shooting, where it was parked eastbound along

the curb in front of Palm Place.

Sergeant Cochran noted that "Beach Street, Cerritos," the location of the original call, was (3) blocks west of the location of the shooting, near the corner of Shoemaker Avenue and Beach Street.

Deputy Chapman took Sergeant Cochran and FIS Dave Ozeta to his assigned patrol car, Equipment # SD6226, which was parked on Pires Avenue and Palm Place. He opened the trunk of the patrol car and pointed out Deputy Fitzgerald's Sam Brown gun belt.

Sergeant Cochran observed the Sam Brown gun belt had a right handed holster, and seated/secured in the holster was a semi-automatic pistol. FIS Ozeta photographed the gun belt, and subsequently the pistol. There were (2) handcuff pouches with one pouch empty and the other had a pair of handcuffs. There was a Sheriff Department handheld radio, Equipment #1380, seated in a pouch attached to the belt. The radio included the attached microphone/speaker and cord. There was an empty baton ring and a pouch containing a canister of Oleoresin Capsicum spray. There was an ammunition pouch containing two magazines.

At the request of Sergeant Cochran FIS Ozeta, removed each magazine from the ammunition pouch and observed that both magazines were for a Beretta 9mm handgun, and each contained (15) live "WIN 9mm Luger" cartridge cases. The loaded magazines were returned to the ammunition pouch.

FIS Ozeta next removed from the holster a semi-automatic pistol, "Beretta", Model 92F, with Serial #E01082Z (Evidence Held Item #4). The pistol was on safe, with a magazine seated in the magazine well. He next removed the magazine from the pistol and removed and counted (13) live "WIN 9mm Luger" cartridge cases. FIS Ozeta next removed (1) live "WIN 9mm Luger" cartridge case from the chamber.

At the conclusion of the scene investigation, FIS Ozeta took possession of the two expended 9mm cartridge cases (Evidence Held Items #1 and #2) as well as Deputy Fitzgerald's pistol (Evidence Held Item #4) including the magazine and (14) live 'WIN 9mm Luger" cartridge cases. These items will be further examined at the Sheriff Department's Crime Lab.

Sergeant Cochran took possession of Deputy Fitzgerald's Sam Brown gun belt, and the cellular telephone identified as Evidence Held Item #3.

Sergeant Cochran arrived at Cerritos Sheriff Station and released Deputy Fitzgerald's Sam Brown gun belt to Cerritos Station Sergeant Gilbert Ramirez. Sergeant Cochran next met with Detectives Lugo and Sergeant Joe Ramirez, and subsequently released the cellular telephone, Evidence Item #3, to Sergeant Joe Ramirez.

RESPONSE

On May 7th, 2015, at approximately 5.00 p. n., we Describe Daniel Morris and Sergeant Robert Gray were dispatched to the above location regarding the investigation of the deputy involved shooting of Suspect Nephie Arreguin. We were provided with information regarding the case and walked through the crime scene by the lead Homicide Detectives, Sergeant Joseph Ramirez and Detective Raymond Lugo. For a complete synopsis of the circumstances leading up to the shooting, refer to their report.

They assigned us to conduct interviews of civilian witnesses as well as to interview some of the deputies that witnessed the shooting. The interviews took place at the residences of some of the witnesses and at the Cerritos Sheriff's Station. The interviews were digitally recorded. Below is a summary of each interview.

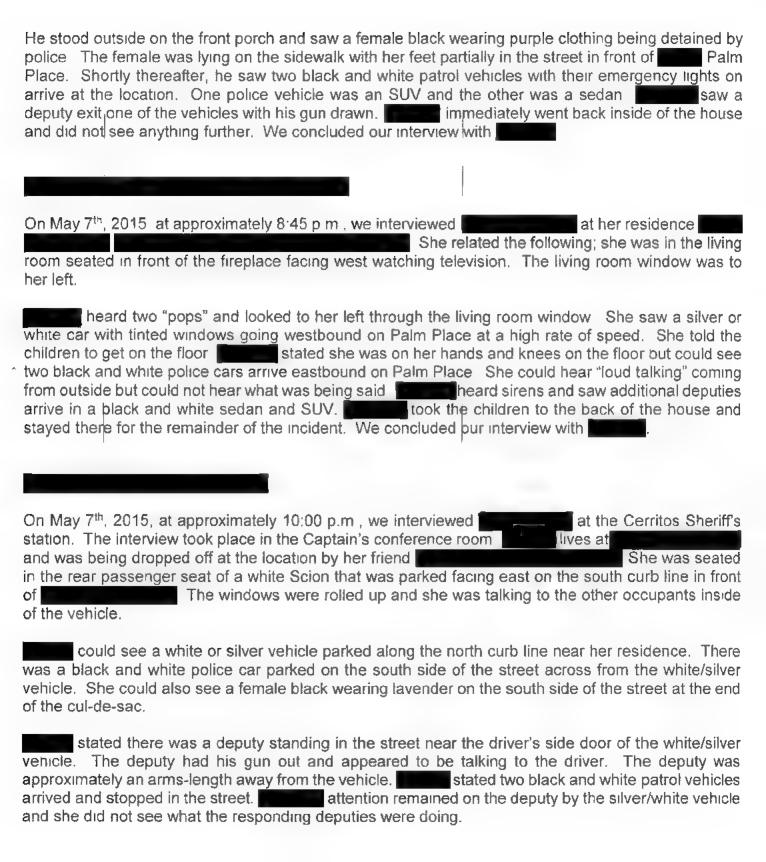

On May 7th, 2015, at approximately 8:15 p.m., we, Detective Daniel Morris and Sergeant Robert Gray, at his residence following: When the deputy involved shooting occurred he was seated in his living room. It should be noted the living room is located on the south east corner of the residence. Additionally, there is a large window along the south wall providing a view of Palm Place. The windows in the living room were closed at the time of the incident. were in the room along and with several children was seated in his Lay-Z-Boy with his back towards the window working on his computer. The children were watching the television with the volume turned up high. He heard two gunshots he described as "pop-pop." Seconds later, he heard the sounds of a revving/racing car engine and tires screeching/burning rubber. Sturned to his right and looked through the south window catching a glimpse of a silver or white car driving westbound on Palm Place at a high rate of speed told everyone to get on the floor and stated the room was chaotic for a period of time. He could hear a man's voice talking loudly or screaming outside of his house but could not hear what was said When things calmed down, he went to the front porch and could see a female black in her mid-20's being detained by Deputies across the street from his house. recalled having seen the female on his street a couple of weeks ago in a four door vehicle. We concluded our interview with

On May 7th, 2015, at approximately 8:30 p.m., we interviewed told us he was seated in the southeast corner of the living room. His back was to the south facing living room window and he was watching the television. The television volume was described as medium. The windows in the living room were shut and the front door was closed.

heard two "pops" and turned to his left to look out the living room window. As he looked outside, he saw a silver/white car speeding westbound on Palm Place. He saw a black and white police car with its red/blue lights on chasing after the aforementioned vehicle.

moved the children to the kitchen in the back of the house. Approximately 2 to 3 minutes later he returned to the front of the house.

Shortly after the two additional patrol vehicles arrived, could hear the engine of the silver/white vehicle revving. She then heard the sounds of screeching tires followed by a gunshot. The vehicle drove off westbound on Palm Place at a high rate of speed. As the vehicle drove off she heard as additional gun shot. The two patrol vehicle's that had just arrived drove off in pursuit of the silver/white vehicle. Stated that numerous deputies arrived at the location and detained the female black Deputies contacted and with her consent transported her to Cerritos Sheriff's station. We concluded our interview with
On May 7th, 2015, at approximately 10:15 p.m., we interviewed at the Cerritos Sheriff's station. The interview took place in the Captain's conference room. was in a white Scion was driving. was seated directly behind him in the rear passenger seat. The deputy was standing approximately 1 yard from the driver's side door of the ivory colored car. The deputy appeared to be talking to the driver of the vehicle but could not hear what was being said and could not see the driver also saw a female black on the south side of the street walking back and forth between Palm Place. The female black was talking on her cellular telephone.
stated that the ivory colored vehicle drove off westbound at a high rate of speed. He heard one gunshot but he did not know where it came from. The deputy then got into a black and white patrol can and chased after the suspect. Additional deputies arrived at the location and he noted that one of them appeared to be speaking into his handheld radio. Stated he could not identify the deputy that was standing in the street when he first arrived because he never saw more than his profile. We concluded our interview with

DEPUTY VINCENT ORTIZ

On May 7th, 2015 at approximately 11:15 p.m., we interviewed Deputy Vincent Ortiz at the Cerritos Sheriff's station. The interview took place in the Captain's conference room. Sergeant John Adams from Internal Affairs and Attorney Maureen Okwuosa from the law offices of Green and Shinee were present during the interview. Deputy Ortiz related the following: He has been a Deputy Sheriff for 14

years. He has been assigned to Cerritos Sheriff's station since 2011. On the date of the incident, he was working unit 231, a one man unit. His shift was from 1600 hours to 2200 hours.

Deputy Ortiz told us he was leaving the "mid-level" parking structure at the station when he heard unit 230G1 ask if a call had been voiced. Deputy Ortiz was aware that there has been numerous home burglaries in the area. Typically, the burglaries were accomplished by knocking on the victim's door. If there was no answer the suspects would make entry by forcing entry via the rear of the residence. Additionally, there have been instances where suspects have broken into occupied residents.

Deputy Ortiz knew that unit 230G1, was working a burglary suppression assignment. Upon hearing 230G1 on the radio, Deputy Ortiz assigned himself to the call and followed unit 230G1. As they drove towards the call for service, he heard Deputy Fitzgerald ask for assistance via the radio. Deputy Fitzgerald stated he was detaining a burglary suspect at gunpoint. Deputy Ortiz responded to the assistance request by following directly behind unit 230G1. They arrived at the location, eastbound Palm Place from Pires Avenue. Upon doing so, he saw Deputy Fitzgerald standing near the suspect vehicle. The suspect vehicle was parked facing west along the north curb line in front of Palm Place. Deputy Fitzgerald was pointing his gun towards the driver's side area of the suspect vehicle. Deputy Ortiz could not see inside of the suspect vehicle

Deputy Ortiz stopped his patrol vehicle offset and to the rear of Deputy Fitzgerald's patrol vehicle. As he exited and stood next to the driver's side door of his vehicle, he stated events began to unfold very quickly. Deputy Fitzgerald was standing in the street. He was one to two feet away from the suspect vehicle standing between the front fender and the driver's side door. Deputy Long was on the passenger side of the suspect vehicle. The suspect vehicle was parked along the north curb line facing west in close proximity to Deputy Fitzgerald's patrol car. Deputy Ortiz heard Deputy Fitzgerald yelling, "Let me see your hands" numerous times to the suspect.

Deputy Ortiz heard the engine rev loudly Believing that the suspect was going to possibly run him over, Deputy Ort.z looked/gazed over his left shoulder as he backed up. It was during this time, that he heard two gunshots. He turned his attention back to the suspect vehicle and saw it moving to the left (south) away from the curb at a high rate of speed. The vehicle sped past him narrowly missing him. Deputy Ortiz did not see Deputy Fitzgerald's actions during this time. Additionally, he did not know who fired the two gunshots. Deputy Ortiz quickly entered his patrol vehicle. He and Deputy Long both drove off in pursuit after the suspect vehicle.

The suspect drove west on Palm Place to south on Pires Avenue. The suspect crashed into a fire hydrant and light pole a short distance away on the southeast corner of Abana Place and Pires Avenue.

Deputy Ortiz stated that initially deputies attempted to make entry into the suspect vehicle to render aid to the driver but the water pressure from the fire hydrant made it impossible. Shortly thereafter, the Los Angeles County Fire Department arrived and ordered all personnel to stay away from the vehicle/water until electricity to the damaged light pole was turned off. We concluded our interview with Deputy Ortiz.

DEPUTY ROBERT LONG

On May 7th, 2015, at approximately 11'44 p.m., we interviewed Deputy Robert Long at the Cerritos Sheriff's station. The interview took place in the Captain's conference room. Sergeant John Adams from Interna Affairs and Attorney Maureen Okwuosa from the law offices Green & Shinee were present during the interview. The following is a short synopsis of the interview. Deputy Long was in the area of 166th Street and Norwalk Boulevard when a suspicious person call went out over Sheriff's dispatch. Deputy Long was aware that numerous burglaries have occurred in the area, with 6 happening in the last week. While canvasing the neighborhood, he heard 10-33 radio traffic requesting assistance. He responded to the request and saw Deputy Fitzgerald detaining a suspect at gunpoint. He could hear Deputy Fitzgerald ordering the suspect to show his hands. Deputy Long watched as the suspect vehicle turned left towards Deputy Fitzgerald, knocking him to the ground. As Deputy Fitzgerald was falling, Deputy Long heard two gunshots. The suspect drove off at a high rate of speed and crashed a short distance away. The suspect was later pronounce deceased at the scene of the traffic accident. For a complete accounting of Deputy Long's interview refer to the transcription and audio recording submitted with this report.

On May 11th, 2015, at approximately 12:44 p.m., Detective Rich Tomlin and Linterviewed at her residence related the following. She has lived at the location since 2013. On May 7th, 2015, at approximately 4:30 p.m., she was in her house when she heard loud knocking on her front door. She went to the door, looked through the peep hole and saw a female black in her late teens to early twenties wearing pink sweats standing on her front porch. The female was holding a cellular phone. It is noted that the screen was illuminated and the female appeared to be talking on the phone baby was asleep so speaking in a low tone she asked, 'Who is it?" When the female did not respond, knocked lightly on the door. The female leaned in closer to the door, again asked, "Who is it?"
The female asked for told her that did not live in the house. The female replied, "Ok" and almost immediately noticed a vehicle (late model silver Chevy Impala with tinted windows) turning onto the street in front of her house noticed that the female was watching the car as it drove east in front of the house. It should be noted, residence is a corner lot. The female walked away in the direction the car was last seen travelling.
After a few moments, walked outside looked to the east and saw the vehicle she had seen parked along the south curb line facing east in front of her neighbor's residence. She memorized the license plate and called Cerritos Sheriff's station to report the suspicious activity. She provided the license plate for the vehicle when she called. It should be noted, when has read newsletters from the city. The newsletters discuss criminal activity within the city and describe how many burglaries in the area are accomplished stated a common practice of the suspect's is to knock on the front door to see if the residents are home.

If someone answers the door or makes themselves known the suspects will leave. When victims have not responded to the door knock, suspects have broken into their occupied homes. We concluded our interview with

LOS ANGELES COUNTY FIRE CAPTAIN SCOTT MILLER

On May 12th, 2015, I interviewed Los Angeles County Fire Department (LAFD) Captain Scott Miller The interview took place at LAFD Engine Company 35. Captain Miller related the following. On May 7th, 2015, at 4:37p.m., his station was dispatched to a call of a vehicle accident possible gun shot victim on the corner of Abana Place and Pires Avenue. They arrived on scene at 4:43 p m

He contacted deputies on scene and noted that the suspect/vehicle had not been cleared of potential weapons. Captain Miller surveyed the scene from a distance of 75 to 100 feet with binoculars and noted the following. The vehicle had sheared off a fire hydrant as well as a utility light pole. The vehicle was resting atop the fire hydrant. Water was flooding the street, covering the vehicle and rushing over the exposed wires of the utility light pole. For safety and per LAFD policy, Captain Miller ordered all personnel to stay clear of the vehicle and water until power to the utility pole could be turned off. They contacted Southern California Edison and at 5.38 p.m., personnel from Edison arrived and turned off the power. Fire personnel approached and turned off the water at 5.39 p.m. and pronounced the victim deceased at 5:40 p.m. It should be noted, Captain Miller was able to see into the vehicle with his binoculars. At no time while awaiting Edison did he see the suspect move. I concluded my interview with Captain Miller.

INVESTIGATION

On May 14th, 2015, Detective Torres gave me two cellular telephones (EV#5 and EV#6) that had been recovered from the suspect's vehicle. Additionally, Detective Lugo and Sergeant Ramirez gave me a cellular telephone (EV#3) that was taken from the female black on the date of the incident. For further information on the recovery of the aforementioned items refer to supplemental reports under the same file number written by Detectives Torres and Lugo and Sergeant Ramirez. I inspected the phones and noted that EV#3 was a Virgin Mobile, subscribed by Sprint, with a phone number of EV#5 was a Samsung flip phone, subscribed by Verizon wireless, with a number of EV#6 was a locked I-phone with a cracked screen.

On May 14th, 2015, a search warrant for phone company utility records (call details) as well as to forensically analyze the aforementioned cellular telephones was authorized by the Honorable Judge Shelly Torrealba of the East Los Angeles Court. An order for the requested phone records was faxed to Verizon Wireless and Sprint the same day.

On May 15th, 2015, Evidence items #3, #5 and #6 were transported to and booked into evidence with the High Tech Task Force under order number HT15-00290. On May 20th, 2015, they were returned along with DVD's containing a copy of the physical extraction from evidence items #3 and #5. Evidence item #6 was disabled and locked, no data was recovered. For further information regarding the retrieval of data refer to supplemental report under the same file number by Detective of the Task Force.

We received call detail records from Sprint for cellular telephone number to cellular telephone number on 5/7/15 at 1558 hours. The call ended at 1607 hours. The telephone records will be maintained in the Investigators case file.

As of August 18th, 2015, we have not yet received the phone records from Verižon Wireless for cellular telephone number.

The investigation continues with further reports to follow.

On May 7th, 2015, at approximately 1800 hours, Detective Adan Torres was detailed to respond to Cerritos Sheriff's Station to assist Homicide Detective Lugo and Detective Ramirez with investigating the circumstances surrounding a Deputy Involved Shooting. Detective Torres arrived at the crime scene and was given a brief synopsis of the occurrences which led to the Deputy Involved Shooting Detective Torres was detailed with documenting, and collecting any evidence at the scene where the suspect's car crashed after the Deputy Involved Shooting. Detective Torres was assisted by Los Angeles County Sheriff's Scientific Services Bureau Forensic Identification Specialist Michelle-Rene Marmolejo and Forensic Identification Specialist Yvette Gonzalez. Detective Torres was also assisted by Cerritos Sheriff's Station Deputy Tim Britt who authored a traffic collision report for this crash site.

Detective Torres noticed the termination of the pursuit and crash scene was located at the south east corner of Abana Place and Pires Avenue Detectives noted Abana Place to be situated in a residential area, at the aforementioned corner. Detective Torres noted Pires Avenue to be a north south residential street. The 17000 block of Pires Avenue intersects with Artesia Boulevard to the south. Directly north of Artesia Boulevard is Abana Place Detective Torres noted Abana Place to be an east west residential street which parallels Artesia Boulevard Detective Torres further noted Abana Place to be a cul-de-sac which is situated at the eastside of Pires Avenue.

Detective Torres noted a Silver Chevy Impala, bearing California license plate

Detective Torres noted this Silver Impala was atop the east sidewalk of Pires Avenue, south of the southeast corner Abana Place and Pires Avenue Detective Torres noted this vehicle had crashed into the west block wall of the west property line of Abana Court.

Detective Torres noted the vehicle had also crashed into a lamp post and fire hydrant which were situated at the southeast corner of Abana Court and Pires Avenue. Detective Torres noted the lamp pole bearing the street signs for Abana Court and Pires Avenue was lying atop the east sidewalk of Pires Avenue and had apparent collision damage.

Detective Torres noted both driver's side doors of the Impala were open. Detective Torres further noted the rear passenger door window was up and the front passenger door window was down. Detective Torres noted this vehicle had extensive traffic collision damage to the front passenger side, quarter panel, tire and bumper. Detective Torres also noted the front driver's side door window was shattered. Detective Torres could smell a strong odor of marijuana emitting from the inside of the Impala. Detective Torres noted a Black male sitting in the driver's seat of the Impala. Detectives noted this male had an apparent gunshot wound to the middle of his chest. Detective Torres noted this male to be leaning back and over the right side of the driver's seat, towards the center console.

Detective Torres noted the Impala's engine was turned off and had collected water at the floorboards. Detective Torres noted a fire hydrant which was broken off situated underneath the Impala Detective Torres was told the fire hydrant was gushing water in a geyser over the Impala after the suspect collided into it, prior to Detectives arriving at the scene. Detective Torres noted the remains of the aforementioned iamp pole and lights strewn atop the north and south bound lanes of Pires Avenue.

Detective Torres noted a woman's purse lying atop the rear seat of the Impala. Detective Torres further noted clothes lying atop the passenger floor board. Detective Torres also noted a scanner, celiphone, and what appeared to be latex gloves lying atop the driver's floor board. All of the aforementioned items were not collected at this time pending the authoring of a search warrant for this vehicle.

Detective Torres noted a Sheriff's Radio Patrol car bearing the Identification #SD6558 and California license plate #1291258 parked in the southbound lane of Pires Avenue facing south. Detective Torres noted this radio car was off and all its lights turned off.

On 05-07-2015, at approximately 2145 hours, Los Angeles County Coroner's Investigator Kelsi Weber arrived at the crime scene and began her investigation. Coroner Investigator Weber conducted a gunshot residue kit of the suspect situated within the car. This gunshot residue kit was ascribed identifying #C8980 and was collected at 2300 hours.

Detective Torres noted the suspect was wearing a green plaid button up shirt, tan pants, and tan shoes. During Investigator Weber's examination of the suspect's body, Detective Torres noted one gunshot wound adjacent to his left nipple. Investigator Weber recovered one pair of black gloves (Evidence Held Item AT1) from the suspect's right front pant pocket

The aforementioned Chevy Impala was towed to, and secured at, Vernola's Tow upon completion of the crime scene documentation.

The aforementioned Chevy Impala was towed to, and secured at, Vernola's Tow upon completion of the crime scene documentation.

On 05-11-2015, at approximately 1500 hours, Detective Adam Torres authored a search warrant for the Chevy Impala bearing license plate This search warrant was signed by the Honorable Judge Elden Fox of the LAX Court

On 05-12-2015, at approximately 1100 hours, Detective Torres served the aforementioned search warrant on the Chevy Impala bearing California license plate at Vernola's Tow in the City of Norwalk. Detective Torres was assisted by Forensic Identification Specialist Marmolejo and Forensic Identification Specialist Gonzalez. Detective Torres was also assisted by Senior Criminalist Phil Taramoto of the Sheriff's Scientific Services Bureau Firearms Detail.

Detectives noted one apparent bullet hole to the arm rest of the front passenger door of the Chevy Impala (Photograph Evidence A), one expended bullet (Evidence Held Item AT2) was recovered from within the door panel of the aforementioned door. Detective Torres noticed an iPhone (Evidence Held Item AT6) within the center console of the Chevy Impala Detective Torres also noticed miscellaneous paperwork (Evidence Held Item AT7) in this center console. Detective Torres noted miscellaneous jewelry (Evidence Held Item AT8) inside the cup holder within the center console of the Impala. Detective Torres noted this jewelry consisted of one class ring, one additional ring, one necklace, one bracelet, one pair of earrings, and one single earring.

Detective Torres noted a scanner (Evidence Held Item AT3) lying atop the driver's side floor board. Detective Torres also noted what he thought were latex gloves at the initial crime scene was water soaked tissue (Evidence Held Item AT4). This tissue was also lying atop the driver's floor board. Detective Torres noted an additional cell phone (Evidence Held Item AT5) lying atop the driver's floor board amongst the aforementioned items.

Detective Torres noted atop the front passenger seat was a denim jacket (Evidence Held Item AT10), and a black sweatshirt (Evidence Held Item AT9). Detective Torres noted a pair of "UGG" boots (Evidence Held Item AT11) lying atop the back floor board behind the driver's seat. On 05-07-2015 (Thursday), at approximately 1700 hours, Investigators Joseph Ramirez and Raymond Lugo were detailed from their respective residences to Palm Place in the city of Cerritos to investigate a deputy involved shooting. Investigators were advised the command post was behind the shopping center at the southwest corner of Artesia Boulevard and Carmenita Road in the city of Cerritos.

Investigators Ramirez and Lugo arrived at the command post at 1850 hours and contacted the handling patrol unit, 133, PM shift, Lakewood Deputies Salvador Rios and Deputy Patrick Chapman

Deputy Rios told Investigators that on 05-07-2015, at approximately 1620 hours, Deputy Fitzgerald responded to a suspicious person in a vehicle call, 925A, Tag #130. The call indicated a female black in her twenties was knocking on doors and acting suspicious. The call also indicated there was a grey Chevy Impala, license # Deputy Fitzgerald responded to the call and while checking the area he located a female on Palm Place standing on the south sidewalk. black (later identified as Deputy Fitzgerald contacted during which he noticed the suspect vehicle parked along the north curb on Palm Place in front of Palm Place. Deputy Fitzgerald saw the suspect in the driver's seat of the grey Chevy Impala seated in a reclined position. Deputy Fitzgerald gave the suspect several verbal commands to show his hands and exit the vehicle and the suspect did not comply. The suspect then began putting his hands in his waistband and searching the interior of the vehicle. Believing the suspect was retrieving a weapon, Deputy Fitzgerald requested emergency assistance. Deputy Ortiz and Deputy Long arrived at the location. At this time, the suspect accelerated his vehicle quickly and turned towards Deputy Fitzgerald. Fearing for his life, Deputy Fitzgerald fired two rounds from his duty weapon at the suspect and at the same time, the suspect's vehicle struck Deputy Fitzgerald. The suspect drove westbound on Palm Place nearly hitting Deputy Ortiz. Deputy Ortiz had to run out of the way of the vehicle to avoid being hit. The suspect drove westbound on Palm Place to southbound Pires Avenue. The suspect vehicle crashed into a light pole and fire hydrant at the southeast corner of Pires and Abana Place.

The Los Angeles County Fire Department Engine #30, under the direction of Captain Row, transported Deputy Fitzgerald to La Palma Hospital in Care Ambulance 3311 for pain to the left side of his body. The suspect was pronounced deceased at the scene at 1740 hours.

After the briefing, Deputy Rios and Deputy Chapman escorted Homicide Investigators and Lieutenant Eduardo Hernandez through the crime scene Deputy Rios said all the deputies involved were at Cerritos Sheriff's Station awaiting to be interviewed by Homicide Investigators.

Investigators Ramirez and Lugo were assisted by Sheriff's Homicide Investigators Robert Grey and Daniel Morris who were given the assignment of interviewing civilian witnesses at the scene and at Cerritos Station. Homicide Investigators Jeffrey Cochran and Adan Torres also assisted and were given the assignment of documenting the crime scene and overseeing the collection of evidence. They were assisted by members of the Scientific

Services Bureau (crime lab). Investigators Gray, Morris, Cochran, and Morris will submit a supplementary report which will become a permanent part of this investigation.

On 05-07-2015, at 2152 hours, Investigators interviewed WITNESS at Cerritos Station in a detective bureau office. Witness only speaks Korean and Investigators were assisted by Sergeant Jeffrey Kim who speaks Korean and is currently assigned at Compton OSS. Also present in the interview was Sergeant Katrina Khasaempanth from Internal Affairs Bureau and Sergeant Robert Maus from the District Attorney Investigators Office. The interview was recorded on a digital voice recorder and the following is a summary of the interview.

Witness told Investigators, she was on Palm Place dropping off her son's female friend. As they approached residence, she saw a patrol vehicle stop in front of residence. Witness said she saw a deputy standing next to the suspect's vehicle and believed the deputy was talking to someone in the suspect's vehicle.

Investigators asked Witness if the deputy had his gun drawn and she said she was not sure, but it appeared the deputy was making a normal contact.

Witness stated they were about a house or two behind the deputies' patrol vehicle Witness stated she also saw a female black on the south curb, parallel to the patrol car. She described the female black as having a small figure, in her 20s. Witness then observed another patrol vehicle approaching on Palm and at this time she heard a gunshot. Witness stated she believes the female black had a relationship to the person inside the suspect's vehicle.

Witness described the suspect's vehicle as a small, possibly a 4-door, and kind of grey. She said she could not see anybody in the suspect vehicle, but it appeared to her that the deputy was talking to somebody in the suspect vehicle.

Witness stated she was not paying attention to anything specific. She said she heard the gunshots, and the suspect's vehicle fled the scene. Investigator Lugo asked Witness what she saw just prior to the shooting and she responded she was not really paying attention at that moment and just thought the deputy was talking to someone. Witness stated the suspect's vehicle drove very fast.

Witness stated when the deputy was talking to someone in the suspect's vehicle, he was standing very close to the suspect's vehicle but when the vehicle sped away she was not sure how close the deputy was standing in relationship to the suspect's vehicle. Witness stated when she heard the gunshot, she only saw the suspect's vehicle drive past them. She stated the deputy was standing at the front door of the suspect's vehicle

when he was making contact. She could not hear what the deputy was saying and she did not see the deputy with his gun drawn.

Investigator Lugo asked Witness if she saw the deputy get hit by the suspect's vehicle. Witness stated she only saw the suspect vehicle drive away. She did not see the deputy on the ground. Witness stated they were stopped in their car on the south curb. Witness stated she heard three to four gunshots and when she heard the gunshots, she bent down. She stated the female black was sitting on the south curb Witness stated two patrol vehicles chased the suspect's vehicle. Witness stated she remained in her vehicle until she was contacted by deputies. She did not see the driver of the suspect's vehicle. Witness stated it was possible that two additional patrol vehicles that pulled up blocked her view of Deputy Fitzgerald. Witness stated she was not sure if the shooting occurred before or after the additional units drove up. She was unable to describe the deputy's uniform, but knew he was a deputy.

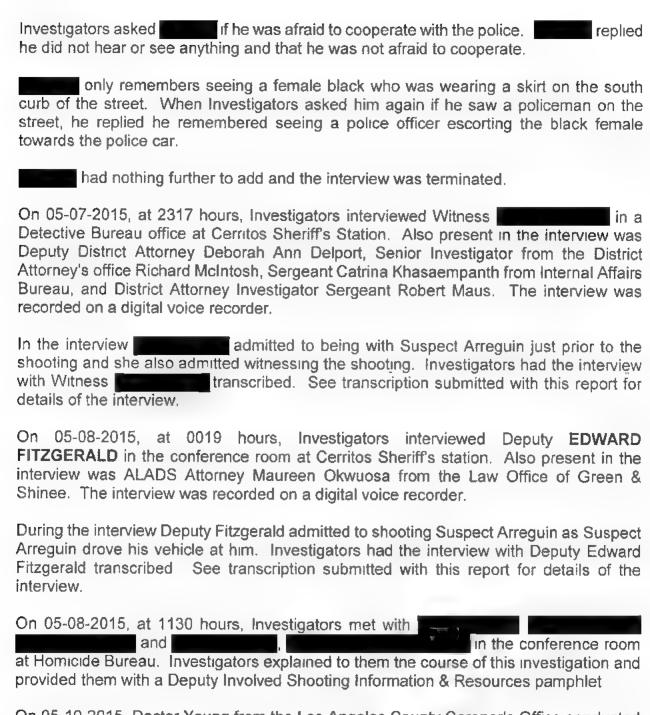

Witness stated she was seated in the front passenger seat was seated behind her, was driving, and was seated behind her father-in-law, who was driving a Scion.

Witness had nothing further to add and the interview was concluded.

On 05-07-2015, at 2235 hours, Investigators interviewed WITNESS Jackson at Cerritos Station in a detective bureau office. Witness only speaks Korean and Investigators were assisted by Sergeant Jeffrey Kim who speaks Korean and is currently assigned at Compton OSS. Also present in the interview was Sergeant Katrina Khasaempanth from Internal Affairs Bureau and Sergeant Robert Maus from the District Attorney Investigators Office. The interview was recorded on a digital voice recorder and the following is a summary of the interview.

Witness told Investigators that he was driving his white Scion on the street where the incident occurred. In his Scion with him was his daughter-in-law, who was seated in the right front passenger seat, his grandson, who was seated behind him in the rear passenger's seat, and his grandson's female friend, who was seated in the rear seat behind the front passenger.

said they were on their way to drop off his grandson's female friend at her residence and was driving towards her house when he saw a police car facing east parked in the middle of the street. It told Investigators he decided to pull over to the right curb approximately two houses from the patrol vehicle. He told Investigators he does not remember seeing a policeman near the police car. Investigators asked him if he saw a vehicle speeding away. He replied he was backing up his vehicle and never saw any vehicle drive away at a high rate of speed.

On 05-10-2015, Doctor Young from the Los Angeles County Coroner's Office conducted an autopsy on the body of Suspect Nephi Arreguin. Doctor Young concluded that the cause of death was a gunshot wound to the chest and the mode of death was homicide Doctor Young stated the bullet traveled through the heart from front to back. The bullet was removed from behind the heart. Doctor Young stated there were minor abrasions to

the body, right abdomen, forehead, left hand, and left neck area. A copy of the autopsy report will become a permanent part of the file.

On or about 05-11-2015, Investigator Ramirez contacted Detective Bob Hung from Monterey Park Police Department. Detective Hung stated he believes the suspect vehicle, a silver 2014 Chevy Impala license # was involved in a burglary crew which was part of the Black P-Stone gang members. Detective Hung further stated on 05-02-2015 at about 1640 hours, Deputy Sean Cariaga was off-duty when he reported a suspicious vehicle in Monterey Park. Deputy Cariaga reported that the vehicle appeared to be casing the area. The vehicle was occupied by a male Black driver and female Black front passenger. Deputy Cariaga began searching for the vehicle and eventually located the vehicle parked on the northeast corner of Grandridge Avenue and Andrix Street. At this time, he observed the female Black run from a rear_yard of an unknown residence towards the Chevy Impala. The male Black was ducking down into the driver's seat. Detective Hung stated he was unable to determine if a crime occurred at the location. His investigation revealed that the Chevy Impala was a rental vehicle from LAX Budget Detective Hung prepared a report under Monterey Park Police file number 15-22089.

On 05-12-2015, at 1435 hours, Investigators picked up the fired bullet recovered from Suspect Arrequin's body at the Coroner's office and transported it to the crime lab. The fired bullet was submitted under lab receipt #K679943. The coroner's hair kit, fingernail kit, and Suspect Arrequin's clothing was submitted into evidence at Homicide Bureau.

On 05-14-2015, Homicide Investigator Adan Torres told Investigators that a UCLA class ring with the name of inscribed on the inside of the ring was recovered from the cup holder in the center console of the suspect vehicle. Homicide Bureau Crime Analyst Romy Haas learned that an individual with the name of was a victim of a burglary under file #915-08909-1320-064. At 1200 hours, Investigator Ramirez contacted via telephone who stated that he and his wife were in fact victims of a burglary on 05-07-2015, under the above indicated file number where his UCLA class ring was taken. He also stated some miscellaneous jewelry was stolen along with a "Whoppers" candy coin bank. Investigator Ramirez contacted Lakewood Station Detective Bureau and Detective Roger McNichols was assigned the case.

On 05-21-2015, at 1800 hours, Investigators interviewed WITNESS in the Detective Bureau at Cerritos Sheriff's Station. The interview was recorded on a digital voice recorder and the following is a summary of the interview.
Witness told Investigators at approximately 1630 hours, he was sitting on the sofa in his living room when he heard someone yelling outside his house "get the hell out of the car, right now!" several times. He looked out of the living room window and saw a patrol car and a silver sedan. At the driver's window of the silver sedan, he saw a deputy with his arms in a position as if he was pointing a gun. Witness said there was no response to the occupants of the silver sedan. Witness said after a short time, two additional deputies arrived. The deputies rushed out of their patrol vehicles and at this time, the silver sedan sped away, almost hitting a deputy. The deputy was very close to the silver sedan. Witness said the deputy who almost got hit jumped out of the way of the silver sedan. The other two deputies then shot at the silver sedan.
Witness said he observed this from his living room window, and he heard two to four gunshots. Witness said he was interviewed on the day of the incident by Detective Cruz. Witness said he could not see who the driver of the silver sedan was because the windows were completely black. The deputy was also standing at the driver's door of the silver sedan. Witness stated the suspect vehicle sped away very fast. He thought if someone on the street was hit, he would have been killed. Witness did not notice a female black on the street.
Witness had nothing further to add and the interview was concluded.
On 05-28-2015, Investigators responded to in an attempt to recover surveillance video from the residence. Investigators saw that there was a video camera in front of the location which faced the street. Detective Dan Leicht from the Tech Crew responded to the location. After inspecting the video system, Detective Leicht stated there was no recoverable data for the date and time in question.
Further to follow. This case will be presented to the District Attorney's Office, JSID.

12	before Like I've never had all these problem with him.
13	LUGO: Okay. So, what - what mall were you headed to to buy your new
14	shoes? What kind of shoes were they?
15	Aditias
16	LUGO: Tennis shoes?
17	Yeah. I was buying some tennis shoes.
18	LUGO: What kind?
19	Tennis shoes
20	LUGO: What's the name of this Adidas tennis shoe?
21	They're Adidas. They're tennis shoes. They're athletic shoes. Um in the
22	Cerritos Mall.
23	RAMIREZ: That's where you guys were headed; to the Cerritos Mall?
24	That's where we were supposed to be going.

1	RAMIREZ: Did you guys stop anywhere before that?
2	No. Nowhere. No. We got gas in LA but no, we never stopped.
3	LUGO: Okay. You eventually wind up in a neighborhood in Cerritos How did
4	you get there? And what were you doing there?
5	We were getting weed. We drove. Those are the only things that I
6	knew. We never we never went anywhere else.
7	LUGO: Did you ever stop by a house, knock on the door, and ask for anyone?
8	No.
9	LUGO: You sure about that?
10	Yas,
11	LUGO: Because we spoke to someone. Our partners spoke to someone.
12	We-hun
13	LUGO: And they said that you knocked on their door, a few streets north of
14	where the shooting took place.
15	Uh ha
16	RAMIREZ: Did you get out of did you get out and knock on somebody's door?
17	No:
18	LUGO: They described you and they described the gray Impala with the license
19	plate. So, you're telling us that never happened?
20	Yes
21	LUGO: What are you telling us? It did happen?
22	No. I'm telling you that that never happened. I never knocked on I
23	never went to anyone's house and I never went anywhere. We went, literally, I hopped

- 1 in the car with him, gas station, I got something to drink from a -- like I never -- we never 2 -- we didn't even get to do anything. 3 LUGO: Okay. So, what happened this afternoon about 4:30, on Palm Street? 4 All I remember is that we were supposed to be getting some weed and I 5 was getting up. I was gonna go use the bathroom. 6 LUGO: Where at? On the -- like on the main street. 7 8 LUGO: Okay. But you weren't on the main street. 9 I'm sorry. I don't mean the main street. I mean the street I don't mean 10 -- I was gonna go pop a squat on the side. I didn't mean the main street like that. 11 meant like off on the side. But I didn't - um that was the only time I ever got out of the 12 car and then, when I turned around, --13 LUGO: Okay. Going back. What were you going to do? 14 I was gonna use the restroom. But when I turned around that's when the officer was -- was yelling at the car and then he pulled out his gun and then he told me 15 to sit down -- no, he told me, he told me to lay down and as I was laying down, that's 16 when the -- I heard the gun and the car just I didn't see who shot or any of that. 17 LUGO: Where were -- why didn't you see? What were you doing? 18 19 Because he told me to lay down. LUGO: You weren't sitting on the curb? 20 No. He told me to -- the guy, he told me to -- like he said, "Get down, lay 21 down" like the officer told me that. 22
 - RAMIREZ: And where did you lay down?

23

24 Right where I -- right where I was standing. Like I didn't make it --

1	RAMIREZ: In the street? On the sidewalk? On the grass?
2	Oh, in the street, I mean, on the sidewalk, in-between the if this is the
3	grass and then this is the little pieces and I was in that area.
4	LUGO: Is that the sidewalk? The little piece of cement?
5	Yes, the sidewalk.
6	RAMIREZ: And when you said you laid down, were you on your back or your
7	stomach?
8	On my stomach.
9	RAMIREZ: Was your head facing the deputy or facing away from the deputy?
0	At first, I just looked like side to side. I wanted to see did anybody like
1	could anybody see what was going on. Like I just looked and then I heard a shot
12	RAMIREZ: And where was Levi?
13	I never seen him. He was in the car the whole time, like he never got out
4	of the car or -
15	RAMIREZ: I know. He never got out of the car and was he the driver? Or were
16	you the driver?
7	He was driving.
8	RAMIREZ: Was anybody else with you guys?
9	No
20	RAMIREZ: It was just you and Levi?
21	(INAUDIBLE.)
22	RAMIREZ: And so, you're out of the vehicle, lying down on the sidewalk?
23	Oh, I had already been out of the vehicle but when the when he was
24	screaming at the car and all that, he was telling me to "Sit down and get down." And

1	then, he was telling him, like he's like, "Stop playing. Stop playing. I'm not playing with
2	you, guy. I'm not playing with you, guy."
3	LUGO: Who's saying this?
4	The officer.
5	LUGO: Did he have his gun out?
6	Yes
7	LUGO: At this time?
8	The whole time; yeah. All of the time he had his gun out. He had his
9	gun out when I was - when I when I when he got out of the car he had his gun out.
10	LUGO: And where were you at when he got out of the car?
11	I wasn't even 20 I wasn't even far. I wasn't far away at all.
12	LUGO: Were you on the
13	I wasn't even two, three houses away.
14	LUGO: Were you next to the gray Impala?
15	No
16	LUGO: Where were you?
17	was I would say the gray Impala was on the east side of the street
18	and I was on the west side of the street.
19	LUGO: Could it be possible that the Impala was on the north side of the street?
20	And I was on the south.
21	LUGO: Is that possible?
22	Yes
23	LUGO: Were you directly across from the Impala?
24	No.

1	LUGO: Where were you?
2	I was diagonal from the Impala so if that's the Impala and this is me.
3	LUGO: Right across the street?
4	Right across the street.
5	LUGO: Okay. And you were on the sidewalk?
6	(INAUDIBLE.)
7	LUGO: And you were lying down?
8	(INAUDIBLE)
9	LUGO: There were witnesses out there. Right? There was people on the stree
10	that said you were sitting on the curb.
11	I was lying down. They told me to lay down and then he somebody
12	came and got me up but he told me to lay down.
13	LUGO: You weren't sitting on the curb?
14	Um yeah, one time I was sitting on the curb but that was after the fact
15	That's when that was after everything. That was when everybody swarmed up and he
16	was asking me my name and asking me
17	LUGO: Was that before or after the shooting?
18	That was after.
19	LUGO: Long after the shooting?
20	Yeah. That was after that's when everybody came.
21	LUGO: Okay, okay. We're going to go back to when the officer comes out of the
22	patrol car and Levi's in the car.
23	I didn't see all of that.
24	LUGO: Okay.

1	I was going —
2	LUGO: Hold on. And you were trying to use the restroom. Did you eventually
3	use the restroom?
4	No, I never got a chance to. $1 - 1 - it$ was like he the guy - um the
5	officer pulled up. I was my back was facing the car and the patrol car. My face my
6	back was facing everybody so I didn't see. I just could hear something and I just looked
7	back, whatever, kept walking. No, I didn't even think anything of it. I just kept walking
8	and I was gonna go over to the side, by a car, and use the restroom.
9	LUGO: Is that a car that was parked on the street or a car that was parked in the
10	driveway?
11	Parked parked in the on the street.
12	LUGO: You were just gonna use the restroom there, right next to a car?
13	Real real yeah, real brief. I had to use the bathroom really bad. But
14	um I didn't even pay them any attention and I kept walking across the street from the car
15	and then
16	LUGO: From when you say "across the street from the car," it's from the gray
17	Impala; right? Is that yes?
18	Yes. I'm sorry; yes.
19	LUGO: Okay. want you to be honest.
20	No, I'm being honest with y'all. I didn't I don't mean to give you short
21	answers.
22	LUGO: I don't think you're telling us the truth the whole truth but I want you to
23	be honest with us. Okay?
24	Okay. Okay.

1	LUGO. All right? Remember there's other people out there.
2	No, I understand that.
3	LUGO: Okay? So, we kind of know the story. So, just tell us the truth.
4	. Okaγ
5	LUGO: All right? Now, when the officer gets out of the car, he starts talking to
6	you?
7	when the officer got out of the car, he asked he told me to, "Stop." He
8	said, "Where are you going? Stop." And then, I turned around and I looked and that's
9	when he started going towards
10	LUGO: And when you turned and looked and you saw that it was an officer, how
11	did you know it was an officer? What was he wearing?
12	He was wearing his uniform and he got out of a he was next to a patrol
13	car.
14	LUGO: And did you see that he was wearing like what was the color of his
15	uniform? If you could describe that.
16	It's like it was a sheriff's uniform. It was brownish green. It wasn't the
17	blue, like regular
18	LUGO: LAPD?
19	Right. It was different. It was green, it was brown.
20	LUGO. You're familiar with the sheriff's department and their uniform?
21	I mean yeah. It's different.
22	LUGO: And you knew that was a police a deputy sheriff, a police officer?
23	Little-\$0afti
24	LUGO: Is that yes?

1	I'm sorry; yes
2	LUGO: Okay. So, he started giving you commands?
3	Yes
4	LUGO: This deputy?
5	Yes
6	LUGO: And where was he standing when he?
7	He was standing next to his car and the other car, the Impala.
8	RAMIREZ: So, was he on his driver's side of the patrol car?
9	Yes. And also, the driver's side of the Impala.
10	RAMIREZ: Okay. And at that point, where were you?
11	I was on the south side of the street, across diagonal from the car so,
12	basically, in front of his car, a few, you know, like a house or down like, you know,
13	some space but they were this is the car, the Impala. That's on the north side of the
14	street. He was coming south. His car is on the south side of the street but he like
15	stopped immediately so kind of jagged. It was like in the middle of the street and he
16	was in the
17	LUGO: And you're talking about the patrol car?
18	Yes. I'm talking about the patrol car and he was in the middle of the
19	patrol car and the other car.
20	LUGO: The Impala?
21	Yes. And I was in front of the patrol car but a house away. I wasn't as
22	close, you know, I wasn't very close.
23	RAMIREZ: Okay. So, when you mean the "front of the patrol car," were you like
24	closer to the front end or were you like at a 90 degree angle

1	Like this is the front end of the patrol car and I may have been right here
2	but I was still in front of it and I was still on that side of the street.
3	LUGO: Okay. So, you're just east of the patrol car?
4	Right. You know I was close - I wasn't next to it, at all, or like I could get
5	it in or you know what I'm saying? Or actually hear what they were saying to each
6	other.
7	LUGO: Were you on the sidewalk there? On the south sidewalk?
8	Um I was on in the middle. I was in the street still, going to the side
9	like crossing over to the sidewałk.
10	LUGO: To the south sidewalk?
11	I believe that's the south side.
12	LUGO: Okay. And so, what did what did this deputy tell you? What kind of
13	commands did he give you?
14	He told me to, "Stop."
15	LUGO: Did you?
16	Yes. I did everything he asked.
17	LUGO: And then what did he ask you?
18	Um he told me to he said, "Stop." Um I don't know everything he said
19	like verbatim like that. He told me to, "Stop." He told me to, "Sit down." And he told
20	me.
21	LUGO: Did you?
22	Absolutely.
23	LUGO: And you sat where?
24	On the sidewalk — on the curb.

1	LUGO: On the curb?
2	Yes
3	LUGO: The south curb?
4	I don't know if it's the south or the north but I sat on the curb
5	LUGO: Okay. Directly across the street from where the Impala was parked?
6	No. The Impala, you're not getting it. When he told me to stop, I was not
7	far because, you know, there's not that much space on the street but I was not by the
8	car. I was not by his car. So, when the gun and all like it was like I looked and just,
9	you know, I happened to catch the last piece of it. I didn't get to see
10	LUGO: Okay. We're not there yet.
11	No. I understand that.
12	LUGO: We're not there yet. Hold on.
13	I want you to
14	LUGO. Hold on. You were across the street, sitting on the curb. You were
15	facing the the deputy? We'll call him the deputy.
16	I wasn't facing the house, the street. I wasn't facing anything because
17	the deputy, the police car, and the Impala were before me. I had walked passed all of
18	that. You know what I'm saying?
19	LUGO: But there's you're right across the street from the Impala.
20	RAMIREZ: So, if you walked passed them, are they behind you or in front of
21	you?
22	They're behind me. That's what I'm trying to say is this is the car and
23	this is me. I had already $-$ I got out of the car and I walked passed it. Well, when he
24	pulled up, he pulled up next to the car. So, me walking from the car, I'm passed all of

1	that already You know? Is what I want you guys to understand is that I was not right
2	there. I didn't see that.
3	RAMIREZ: Okay. My partner is going to he's just going to make a quick
4	drawing on his notebook and then you could put your initials where you were. Okay?
5	LUGO: This is recommend to the gray Impala was on the
6	. Right? If you could stand up. And this is the cul-de-sac on this
7	side. All right? So, it goes out and it goes around like this.
8	Un-truin
9	LUGO. And show us where the police car was. And I want to know where you
10	were at.
11	That was the police car. This is, I guess, this is the Impala
12	LUGO: The Impala. Uh-huh. You could put "Impala" in there, if you want to
13	write "Impala."
14	Okay. And then, I was like right here.
15	LUGO: Okay. So, you were further
16	RAMIREZ: Put your initials right there where you are.
17	LUGO: And could you put right here, "Police Car"?
18	RAMIREZ: And right where was the deputy at when he gave you commands
19	to stop?
20	The side of his car.
21	LUGO: Where was that at?
22	Right here. So, I guess this is his door opened and this is him
23	LUGO: Okay.

With his gun at the Impala.

1	LUGO: The whole time it was at the Impala?
2	The gun?
3	LUGO: Yeah. Point it at him?
4	Uh-huh. Yeah, because I I he didn't have a problem with me. You
5	know? Like he told me to stop, I stopped. He told me to sit down, I sat down. He told
6	me to drop my phone, I dropped my phone. So, it wasn't really
7	LUGO: Okay. So now you're sitting on the curb; right?
8	(INAUDIEUE)
9	LUGO: Then what happens?
10	Um when I'm sitting on the curb?
11	LUISO III
12	Nothing happened after I left
13	LUGO: We want the truth.
14	RAMIREZ: What did you hear the deputy say? What did he say? Not to you or
15	what was he saying? As far as your commands, he tells you to sit on the curb; correct?
16	Un-huhi
17	LUGO: Is that a yes?
18	Yes,
19	RAMIREZ: And what other commands do you hear him say?
20	I hear him say, "Get out of the car. I'm not playing. I'm not playing with
21	you. Get out of the car."
22	LUGO: He's talking to Levi?
23	Right. He's not yeah, he's not talking to me.
24	RAMIREZ: Could you see Levi in the car?

1	Na
2	LUGO: Why not?
3	RAMIREZ: Why not?
4	Because the I couldn't. The windows are tinted. I couldn't.
5	RAMIREZ: The windows were up or down?
6	Up.
7	LUGO: The windows are tinted? You sure about that?
8	(INAUDIBLE.)
9	LUGO: Is that a yes?
10	Yes
11	RAMIREZ: And what happens next?
12	Um and then I hear shots and the officer like jumped back onto like I
13	don't know if he fell on his car or he fell on the floor. It was just so fast. It was like a fast
14	jump back and the car the Impala speeds off and he comes walking up to me, asking
15	me who he was and I'm like well, he's like, "What's his first and last name?" I'm like,
16	"I don't know what you're talking about."
17	LUGO: Okay. Going back to before as the Impala speeds away. Could you
18	go over that again? What does the deputy do?
19	The deputy is getting off the ground.
20	LUGO: He had to get out of the Impala's way? Jump out of the way?
21	RAMIREZ: Do you know if how did the deputy end up on the ground?
22	I don't know. I just heard the shots and when I heard the shots I looked
23	and he was, you know, like on the ground and getting up off the ground. I didn't see

and I asked the deputy, I'm like, "What happened?" He said he shot at him so I didn't 1 2 know. I didn't know originally what happened. I was -3 RAMIREZ: How many gunshots did you hear? 4 I don't know. 5 RAMIREZ: Can you guess? 6 I don't want to -- I don't know. I don't know if --7 LUGO: We don't want you to guess but we want you think back. Okay? I don't know. 8 9 LUGO: We want you to think back. I don't know. 10 11 LUGO: All right? Try to. 12 I don't know. 13 LUGO: Okay. But could we try? 14 I don't know. I don't want to say something -15 LUGO: Like 10 shots? 16 No. It wasn't 10 shots. I don't know if it was three or if it was one and I 17 don't -- I don't know. I've never heard a gun before so I don't -- I don't really know. 18 LUGO: Did it scare you? 19 Yeah 20 LUGO: You were looking right at it. At the -- at the Impala speed away; right? 21 (INAUDIBLE.) 22 LUGO: Because you saw the deputy fall to the ground. 23 I saw the deputy getting up from -

24

LUGO: The ground.

1	the whole so I'm assuming. I don't know if he fell on his car, if he was
2	pushed back. I don't I didn't see. I didn't see any of that.
3	RAMIREZ: You don't know how he ended up on the ground?
4	I don't know if he was on the car, if he was on the ground. It just was like
5	a big, you know, like I just seen him getting up from springing up from it so I don't
6	know how it happened. I don't know what it was. If it was a reaction from the shooting
7	or the car. I don't know. Like I don't know what
8	LUGO: Did you see the Impala speed away just prior to the shooting?
9	Did I see what?
10	LUGO: The Impala, you know, Levi's car?
11	Did I see it speeding away?
12	LUGO: Yes.
13	Y-s
14	LUGO: Just prior to the shooting?
15	Yes
16	LUGO: And then, how many shots did you hear; if you remember?
17	I don't know.
18	LUGO: But it was at least one?
19	It was for sure a gunshot.
20	LUGO: Only one?
21	One or more. I'm not sure.
22	LUGO: Okay. Could it have been one or 10?
23	No. I'm not sure. I don't know. I can't answer the question. I don't
24	know

1	LUGO: Okay.
2	I don't have the answer.
3	RAMIREZ: Was the
4	LUGO: And
5	RAMIREZ: Was the go ahead, Ray. I'm sorry.
6	LUGO: And then, what happened after you saw the deputy get off the the
7	ground?
8	Um he made a call and then he started walking towards me.
9	RAMIREZ: Like a call on his radio? His police radio?
10	(INAUDIBLE)
11	LUGO: Is that a yes?
12	Yes,
13	LUGO: Did you see other patrol cars in the area?
14	Yes
15	LUGO: Where were they at?
16	Um they were on the streets and then they were gone and then they
17	came back and.
18	RAMIREZ: Did they chase Levi?
19	Mo
20	RAMIREZ: Or follow or try to follow him?
21	i don't know.
22	RAMIREZ: They just left?
23	I don't know. I just asked at that moment, that's when the officer was
24	walking up to me and I'm like, "Whoa. What happened?" And he said, "He shot at me "

1 I mean, he was like, "I shot at -- I had to shoot at him." That's what he said. The officer 2 had to shoot at Levi and I'm like, "Why? What? You know what, you know, why?" I 3 didn't understand how it had jumped - escalated from - to that, you know, so he was 4 saying that and then he -- he told me to turn over and sit right. I did that. And then, he 5 tossed my phone in the grass and I just sat there for a little while and somebody came 6 and picked me up. 7 RAMIREZ: Was there anything -- any vehicles parked in the street, blocking your 8 view of the deputy and Levi's car? Or did you have a clear view? 9 Was there a car in front of them? 10 RAMIREZ: Like was there anything blocking your view, in-between you, the 11 patrol car, and Levi's car? 12 Huh-uh. 13 RAMIREZ: So, you had a clear view? 14 Yes 15 LUGO: And you were sitting on the curb at the time? Yes. 16 LUGO: Okay. Earlier you mentioned that you were lying down and didn't see but 17 18 that wasn't true. Is that correct? 19 Weff, I was -- I did both. 20 LUGO: All right. 21 I did both. I sat and I laid. 22 LUGO: Okay. No, no, no. But at the time of the shooting, at the time Levi sped

23

away.

1 I'm sorry I don't - I don't - I don't - I don't - the way you're asking me 2 the questions, I'm -3 LUGO: Okay. Maybe you misunderstood. 4 Maybe I'm not paying attention. 5 LUGO: Okay. 6 Maybe I'm tired. 7 LUGO: I'm going to ask you again. 8 Maybe I been -- I don't know. 9 LUGO: At the time of the shooting. 10 At the time 11 LUGO: At the time the Impala sped away. 12 Uh-huh. 13 LUGO: You were sitting on the curb. 14 No, I was lying down. I was lying down and he walked over to me, after 15 the Impala sped off, after the other cop cars sped off, he walked over to me to ask me 16 who he -- who the guy in the car was and he took - took my phone and he turned me 17 over and I asked, I said, "Whoa. What just happened? Did he shoot you?" He said, 18 "No. I shot at him" and I turned over. Like I didn't -- I was -- I was on my stomach at 19 that time. LUGO But you had -- you were facing the Impala and you were facing the 20 21 officer. 22 was on my stomach and I was just looking around, like I'm on the 23 ground. Does anybody -- like I just want -- I just -- did anybody see it? You know what

I'm saying? Like it just -- it was all so unexpected so I'm looking to see does anybody 1 2 see what's going on. 3 RAMIREZ: At the time that the deputy is, you say, giving Levi commands, how 4 close is he to Levi's car? 5 Not -- not far. Not far. 6 RAMIREZ: How many feet? Or where in this room? 7 It's not even -- I don't even -- I don't even think it was more than two, 8 three feet after, you know, his hand was extended with the gun. Like it wasn't that much 9 space. So, it was like, you know, this is the car. Here's the car. 10 RAMIREZ: The wall? Oh. 11 No 12 LUGO: Sergeant Moss? 13 Close to that sergeant; yes. 14 RAMIREZ: Oh, okay. 15 LUGO: Okay. 16 It was very -- it -- the street isn't very big and then, like I said, the way the 17 officer pulled up, he didn't pull up straight. He pulled up jagged so his car was --18 LUGO: At an angle? 19 Right 20 RAMIREZ: And for record, Sergeant Moss, you're how far, do you think? 21 MOSS: Approximately three feet. 22 RAMIREZ: Three feet away. 23 LUGO: For purposes of the tape.

RAMIREZ: And was the deputy alone?

1	Yeah, I believe so.
2	LUGO: Did you see any other patrol cars drive up?
3	No. Not no.
4	LUGO: You didn't notice any?
5	Well, yeah, yeah, it was. I just don't know when. But, I mean, he was
6	there by his he came by hisself and then I was on my stomach and I then it was like
7	two cars there so I don't know when they pulled up or how it happened but originally,
8	when he pulled up, he was by hisself. When he got out of his car, he was by hisself.
9	When he told me to stop walking, he was by hisself. Now, when I was on my stomach
10	and I was asking him about the, you know, what had just happened, who shot at who,
11	police cars were going around so I don't know when they pulled up or any of that.
12	LUGO: Okay. we're going to go back to Levi. Do you kind of like Levi, a
13	little bit?
14	Yeah, he's nice. Yeah.
15	LUGO: And you had been dating him a couple months; right?
16	We've just been talking on the phone. Like we haven't really hung out
17	very much. I don't know why but he just, you know, recently started texting me
18	(INAUDIBLE).
19	LUGO: Okay. Would you could you tell us what his last name is?
20	I don't know what his last name is.
21	LUGO: If you knew, would you tell us?
22	Yeah. You guys have him; don't you?
23	LUGO: Yeah. We do.
24	There's nothing I don't have a problem with that.

1	LUGO: Okay. Catrina, do you have a question?
2	KHASAEMPANTH: When when Levi drove away, which side of the patrol car
3	did he go on?
4	On the driver's side.
5	RAMIREZ: When he drove away, could you see what direction he left in? Like
6	did he drive did you see him turn at any time?
7	Oh, yeah, yeah, yeah, no. I understand what you're saying now.
8	No. I just I just seen that and then the officer started walking towards me so, you
9	know, my focus went and I was still in shock so I was asking like, you know, what had
10	happened because
11	RAMIREZ: Were you surprised that he sped away?
12	Hell yeah. I was I didn't know who shot or what hap I didn't know
13	until he until the officer told me. Like I didn't really have a full I didn't really know
14	exactly what had happened.
15	LUGO: And when the when Levi drove off, was he driving at a high rate of
16	speed?
17	Um yeah, I guess.
18	LUGO: He was driving fast?
19	(INAUDIBLE.)
20	LUGO: Is that a yes?
21	Yes wes.
22	LUGO: Okay. Deborah, do you have any questions?
23	DELPORT: Just one to clarify. When Levi sped off, I think you mentioned earlier

that you saw the deputy fall back. Is that correct?

1	I'm not he was getting up. I don't know if he had like just fell back on
2	the hood of the car or if he was, you know, like using that to get out of I don't really
3	know what it was. I just know it was a reaction of him getting up.
4	DELPORT: When he was getting up, was he getting up off the street? From the
5	ground?
6	It was he was on the car. Like so I don't know, you know, I just caught
7	that last part and I'm like he's on the ground.
8	DELPORT: And are you talking about the patrol car?
9	Yeah. That's the car I'm talking about I'm sorry.
10	DELPORT: And was he leaning against it?
11	Yeah. It was like he was on it
12	DELPORT: Was he on the hood of the car?
13	Not the hood. Well, yeah yeah, the hood. The top the beginning
14	where the lights are.
15	LUGO: Where the motor is?
16	Yes yes
17	DELPORT: And what side of his body was leaning against the
18	The back his back was on the hood. I could see his his chest and
19	his face.
20	DELPORT: Could you tell whether his feet were on the ground or off the
21	ground?
22	No. I just seen that he looked like he first of all, I've never seen a
23	police officer on the floor so it was just like oh shit.

DELPORT: And you saw the deputy in this position right after Levi sped off?

1	I seen him in this position after I heard the gun
2	DELPORT: Okay. And was that before, during, or after the time Levi sped off,
3	when you heard the gun?
4	(INAUDIBLE.) I'm sorry. Say that again?
5	DELPORT: Okay. Did you hear the you didn't see who shot. Correct?
6	I saw that no. I saw that before this thing went off.
7	DELPORT: Him against the hood?
8	Yes. Him looking disabled.
9	DELPORT. And did you hear the gunshot before or after you saw the deputy
10	disabled?
11	I heard the gunshot before.
12	DELPORT: But you did not see who shot?
13	No. I just heard it.
14	DELPORT: And was the deputy's gun still in his hand when you saw him leaning
15	against the hood?
16	I don't remember.
17	LUGO: Sarge, you got a question?
18	MOSS: Did you take any video or camera shots of the incident with your phone?
19	Did I take any pictures?
20	MOSS: Video or pictures with your phone?
21	No, not today. I didn't make any posts. Is that what you mean?
22	MOSS: Yes no Did you take anything while this incident was going down with
23	the deputy?
24	No.

1 MOSS: Okay. 2 I didn't – no. 3 MOSS: Have you ever known Levi to carry a gun or any weapons? No. I didn't -- I don't even -- you guys are asking me like about his --4 about gangs and stuff. I don't even know any of that or if any of that is true so I don't --5 6 no. I don't know 7 LUGO: Rich, do you have? McINTOSH: No. I'm good. 8 9 LUGO: Okay. Do you have anything? 10 RAMIREZ: No. I don't have anything. 11 LUGO: Anybody else? KHASAEMPANTH: When you said that the deputy was yelling at Levi, did you 12 13 hear Levi say anything? 14 Huh-uh. The windows were up. 15 KHASAEMPANTH: Okay. 16 It was just like he was talking through the window.

LUGO: Okay The time is 2353 hours. We are ending the interview with

3	INTERVIEW OF DEPUTY EDWARD FITZGERALD
4	Taken at Cerritos Sheriff's Station. Interview conducted by Detective RAY LUGO and
5	Sergeant JOE RAMIREZ, Los Angeles Sheriff's Department, Homicide Bureau. Case
6	is under File No. 015-01773-2318-013.
7	-00000-
8	LUGO: Today's date is May 8, 2015. The time is uh 0019 hours. My name is
9	Detective Ray Lugo and my partner is Sergeant Joe Ramirez. We're from Sheriff's
10	Homicide. We are presently at Cerritos Sheriff's Station, in the Conference Room, here
11	at Cerritos Station, speaking to Deputy Edward Fitzgerald, in regards to a deputy
12	involved shooting that occurred earlier today, earlier yesterday on the 7th of May, a
13	approximately 1630 hours, in front of Palm Street in Cerritos, under Sheriff's File
14	No. 015-01773-2318-013. Also present in the interview room is uh Attorney Maureer
15	Okwuosa from the Green & Shinee Attorney's Office.
16	Okay, Ed We want to know a brief history of when you started with the sheriff's
17	department. What day you were hired.
18	FITZGERALD: I was hired January 1st, sworn in 1990.
19	LUGO: And uh were you hired off the street or did you go to the academy?
20	FITZGERALD. Yes, I was hired off the street prior to that and then went to the
21	academy in '99 or '89, and graduated in '90.

LUGO: Okay. Uh what day were you hired?

- 1 FITZGERALD: I became a County employee, I want to say it was -- it was
- 2 summertime; August of '89.
- 3 LUGO: Was that like an off the streeter?
- 4 FITZGERALD: I was off the street or assigned to the Hall of Justice Jail.
- 5 LUGO: Okay. For about six months or so?
- 6 FITZGERALD: Yeah. Three months.
- 7 LUGO: Oh, three months?
- 8 FITZGERALD: And then went to the academy.
- 9 LUGO: Okay.
- 10 RAMIREZ: What academy class?
- -11 -FITZGERALD: 259.
- 12 RAMIREZ After the academy what was your first assignment?
- 13 FITZGERALD: Men's Central Jail.
- 14 LUGO: What year was that?
- 15 FITZGERALD: From '90 to '95
- 16 LUGO: And in 1995?
- 17 FITZGERALD: In '95 I went to Lakewood Station, patrol.
- 18 LUGO: Do you remember what month?
- 19 FITZGERALD. No.
- 20 LUGO: And when did you leave Lakewood?
- 21 FITZGERALD: I left Lakewood, I was assigned to Cerritos when Cerritos
- became their own station, I want to say, in '99 or 2000, I went to Industry Station.
- 23 LUGO: In 2000?

1	FITZGERALD: Yes.
2	LUGO: And then you went to Industry?
3	FITZGERALD: Yes.
4	LUGO: For how many years?
5	FITZGERALD: I want to say three years.
6	LUGO: 2003?
7	FITZGERALD: Yeah, because I was assigned there for two and then they sen
8	me back here on loan as a TO.
9	LUGO: So, you came back here in 2002?
10	FITZGERALD: 2000 yeah, I believe so.
11	LUGO: And you've been here ever since?
12	FITZGERALD. No 2008 I went to GET for a year. And then, in 2009, came
13	back to train again.
14	RAMIREZ: Here at Cerritos?
15	FITZGERALD: Yes.
16	RAMIREZ: Are you currently assigned to patrol?
17	FITZGERALD: Yes, as a Special Assignment Deputy.
18	RAMIREZ: Okay. So, you're not training anybody right now?
19	FITZGERALD: No.
20	LUGO: Do they call it SAO?
21	FITZGERALD: Yes.
22	LUGO: For the City of Cerritos?

FITZGERALD: Yes

1	RAMIREZ: And as a Special Assignment Deputy, what are your what is your
2	duties?
3	FITZGERALD: We're tasked with whatever problems come up in the city.
4	Anything from residential burglaries, gang problems, tagging, transients; whatever the
5	city deems a problem we're tasked to deal with it.
6	LUGO: And how many deputies are part of this?
7	FITZGERALD: There are six of us plus a sergeant.
8	LUGO: It's like a special problems team?
9	FITZGERALD: Yes.
10	LUGO: Okay. Earlier this afternoon, there was an incident on
11	FITZGERALD: Yes
12	LUGO: Could you what brought you to that location?
13	FITZGERALD: Well, prior to that, we had received a call of a female black
14	knocking on a resident's door, wearing pajamas, and asking for somebody who didn't
15	live there.
16	LUGO: Where was that location, if you remember?
17	FITZGERALD: It was 13 the 13000 block. I want to say
18	is just east of They called in the description of the female and gave us a
19	license plate of a car that was associated with her.
20	LUGO: And do you remember what color that vehicle was and what type of car?
21	FITZGERALD. It was I ran the car. It's a silver car, Chevy Impala, that was
22	registered to a rental company.

RAMIREZ: Wait. Were you assigned the call or --

1 FITZGERALD: Yes. 2 RAMIREZ: That was your call? 3 FITZGERALD: I was the assist on that call. 4 LUGO: Oh, okay. And today, what was your assignment for today? 5 FITZGERALD: Today, we -- I do burglary suppression; residential burglary 6 suppression. We're tasked to try and find burglars in the city. 7 RAMIREZ: Is there a problem with that right now? FITZGERALD: Yes, yes. Our team, that's our main job now is residential 8 9 burglars in the city. 10 RAMIREZ: How long have you guys had that problem had, if you were to --11 FITZGERALD: Two, three years. 12 LUGO: And what were your hours? 13 FITZGERALD: My hours are from 11:00 AM to 7:00 PM. 14 LUGO: And what was your car assignment? 15 FITZGERALD: 230George3. 16 RAMIREZ: And is that in a black and white? FITZGERALD: Yes. A marked black and white. 17 18 LUGO: And you were dressed as you are now, in a long-sleeve Sheriff's 19 Department uniform, with patches --20 RAMIREZ: Class A? 21 LUGO: Class, A patches on the shoulders and green pants? 22 FITZGERALD: Yes.

LUGO: I noticed that you're not wearing a Sam Browne at this time.

1	FITZGERALD: No.
2	LUGO: What happened to the Sam Browne?
3	FITZGERALD: When the fire department responded to check me, I had to take it
4	off because I had to take my shirt off so they could take my vital signs.
5	RAMIREZ: And normally what do you wear on your Sam Browne?
6	FITZGERALD: Ammo, extra ammo, pepper spray, a radio, two handcuff cases in
7	the back, and my .9 millimeter Beretta.
8	RAMIREZ: Your duty weapon?
9	FITZGERALD: Yes.
10	LUGO: And going back to that call on
11	RAMIREZ: Beach.
12	LUGO: on Beach, did you respond to that location?
13	FITZGERALD: I responded that area of the call. So, I drove down the street
14	where the call was generated from.
15	RAMIREZ: As you were responding to the call are you aware of the
16	surroundings? Are you looking for anybody?
17	FITZGERALD: Yes. I'm looking for what was described in the call. The car and
18	a female black in pajamas.
19	LUGO: And you eventually found a female black?
20	FITZGERALD: Yes.
21	LUGO: Wearing what you believed were pajamas?

LUGO: Okay. And where did you locate this individual at?

22

23

FITZGERALD: From where I saw her, they were sweat pants or pajamas.

1	FITZGERALD: I was driving eastbound
2	LUGO: And what did you do?
3	FITZGERALD. I turned down the street and I saw that she was walking across
4	the street southbound, so she was walking from the north side to the south side of
5	, talking on a cell phone. As I approached, I also saw that there was a silver car
6	parked on the north side of Palm Street.
7	LUGO: And where did you stop your patrol car?
8	FITZGERALD: I stopped my patrol car, I want to say, maybe a car length away
9	from the silver car because I couldn't see inside to see if there was anybody in there,
10	more in the middle of the street.
11	LUGO: And the Impala was parked on the north curb?
12	FITZGERALD: It was parked on the north curb, facing west.
13	LUGO: And what happened next?
14	FITZGERALD. I couldn't see if there was anybody in the car because the side
15	windows were tinted dark. So, as I walked up I looked through the front windshield and
16	didn't see anybody in the front seat.
17	RAMIREZ: In the front seat; you mean the driver's seat or passenger seat or
18	both?
19	FITZGERALD: Both. I just didn't see anybody in the car. What I was thinking
20	was that person that she's with is already out of the car and is burglarizing a house.
21	RAMIREZ Is that what you were thinking based on the call?
22	FITZGERALD: Based on the call and what they were doing.
23	LUGO: Your experience?

FITZGERALD: Yeah, through my experience, we know that I know that
someone will go to a residence somebody's door, knock on that front door, waiting to
see if anybody answers it or not. If somebody answers they make an excuse of why
they're there and then they leave. If nobody answers the door that's when the other
people will come out, jump over the fence, and break into the home.

RAMIREZ. Has that been the general MO in a lot of burglaries in the area here?

FITZGERALD: The majority, yes. I would say 99 percent of all our residential burglaries is someone will go up, knock on the door first, to see if anybody's home, because they want an empty house. If nobody answers, they immediately go into the backyard and break a window and go into the home.

RAMIREZ: And based on the call, you were thinking that -- were you thinking that they could possibly be involved in a burglary?

FITZGERALD: Based on the call and when I ran the car and found out that it was a rental car, which is commonly used by our burglars out here that we've caught, I was thinking they were there to do a residential burglary.

RAMIREZ: Okay.

LUGO: Recently, you've had a lot of problems with burglaries and suspects are from all nationalities?

FITZGERALD: Up here, lately, we've been seeing a lot of African-Americans. We've noticed in the last couple weeks that it's been a male and a female from talking to other witnesses and neighbors when we get a residential burglary to see what did they see in the neighborhood.

1 LUGO: I see. So, after you made contact with the female? Did you eventually 2 make contact with her?

FITZGERALD: Yeah. When I didn't see anybody in the car, I wanted to contact her and detain her so I could see if there was somebody else in the neighborhood so I called to her because she was still walking away from me. She hadn't turned around. I don't even think she knew I was there yet. So, when I called to her, she turns around and out of the corner of my eye I catch movement inside the silver car. So, I look and realized that there is somebody sitting in the front seat but he's reclined all the way back.

LUGO: And how far are you from the suspect vehicle; the gray Impala?

FITZGERALD: At that time, I'm at the left front wheel because I can't see through the side windows because they're too dark so I have to look through the front windshield to actually see into the car.

LUGO: And you were able to see someone?

FITZGERALD: And I see someone's lying down I immediately order -- draw my gun and order him to show me his hands. No compliance, at all. He's lying there like he's asleep. So, I actually hit the hood of the car and bang on it to wake him up and he kind of sits up and rubs his eyes. I'm like, "Let me see your hands." He keeps putting his hands down to his waist. So, I'm yelling at him.

RAMIREZ: What are you thinking?

FITZGERALD: I'm thinking he's got a weapon with him and that's why he wants to put his hands down. So, I'm on him and also trying to keep an eye on the female that I have across the street.

- 1 LUGO: And where's the female at?
- 2 FITZGERALD: She is directly across the street, I would say, one house length
- 3 away from me. So, she's more up --
- 4 LUGO: To the east or to the west?
- 5 FITZGERALD: She's going to be to the east of me.
- 6 LUGO: Okay.
- 7 FITZGERALD: So, the southeast.
- 8 RAMIREZ: So, closer toward the cul-de-sac?
- 9 FITZGERALD: Yes. So, she's at the house where there's like a bamboo awning
- 10 hanging over the front.
- 11 LUGO: Is she complying with your orders?
- 12 FITZGERALD: Yes. She stops when I told her to stop and she's complying.
- 13 LUGO: And what do you tell her?
- 14 FITZGERALD: I tell her to stay right there and don't move and she complies.
- 15 LUGO: She's standing?
- 16 FITZGERALD: She's standing.
- 17 LUGO: On the curb or on the sidewalk?
- 18 FITZGERALD: I think she is on the grass between the street and the sidewalk.
- 19 LUGO: Okay. Then what happens?
- 20 FITZGERALD: I still give him orders to show me his hands. He's not showing
- 21 me his hands. That's when I get on the radio and request units to my location Code 3
- 22 RAMIREZ: Do you remember how you put that out?

- 1 FITZGERALD: 10-33, give me the patch. I'm detaining -- I need a unit to my
- 2 location regarding the 925A call.
- 3 RAMIREZ: Is that the way the call came out; 925?
- 4 FITZGERALD. Yeah. It came out as a 925A.
- 5 LUGO: And so, then what happened?
- 6 FITZGERALD: He's still putting his hands down. I'm staying there because I'm
- 7 like okay, at least here I can see him. If he comes up with anything, I see it coming. I
- 8 hear my radio car -- I hear a siren coming so I know backup is coming. So, I'm holding
- 9 right there. He's looking at me, I'm looking at him.
- 10 LUGO Is the car on.
- 11 * FITZGERALD: The car is off. "The car is off. Then my first unit arrives, which
- 12 was Deputy Long, who was working 230George1. He steps out of the car. He could
- 13 have been out of the car for maybe a second or two. I heard the -- I see the seat go up
- in the suspect vehicle. He sits up and he turns the car on.
- 15 LUGO: Do you see what he looks like?
- 16 FITZGERALD: I know he's a male black.
- 17 LUGO: Okay.
- 18 FITZGERALD: At that point, when the car comes on, I start backing away. I go,
- 19 I don't want to be here, I'm backing out.
- 20 RAMIREZ: How close are you to this vehicle?
- 21 FITZGERALD: I would say I was at the driver's wheel because I wanted to still
- 22 be able to see him. But once the engine turns on, I back up. I probably get one or two
- 23 steps backwards and to my right and the car --

- 1 LUGO. So, to a southerly direction?
- 2 FITZGERALD: Yeah. So, I want to get away from the car because I know he's
- 3 got enough -- he's got enough room to go straight so if I go that way I'm good because
- 4 he's just gonna drive right by me.
- 5 RAMIREZ: Uh-huh.
- 6 FITZGERALD: Then the car accelerates and it turns towards me and I feel the
- 7 front of the car hit the left side of my body.
- 8 LUGO: At the time the car was coming towards you, how did you feel?
- 9 FITZGERALD: I was scared because I'm thinking okay, he's trying to smash me
- 10 into my car to kill me. And I'm like, okay, he's -- he had plenty of opportunity to go
- 11 straight and avoid me but no he's coming at me. He wants to hurt me.
- 12 LUGO: So, what did you do?
- 13 FITZGERALD: When I felt my body go a little bit forward and my right foot was
- 14 still on the ground but when I felt that come off -- start to come off the ground, that's
- when I got scared. I was like you know what? He's gonna smash me into my car and
- 16 I'm dead. I fired two rounds into the windshield and kind of, with my left hand, pushed
- 17 away from the hood, hoping to get some distance, and my right foot caught on the
- ground and it spun me 180 degrees so now I'm facing westbound and I go down on the
- ground, on my hands and knees, and I think I actually hit the bumper of my car.
- 20 LUGO: So, he kind of like clipped you and spinned you. Is that how you're
- 21 describing it?
- 22 FITZGERALD: Well, I was going forward on the car and --
- 23 LUGO: On the suspect's car?

- 1 FITZGERALD. On the suspect's car. So, I was leaning forward on it because he 2 had taken the left side of my body out from under me.
- 3 LUGO: So, he hit you?

4

5

6

7

8

10

11

12

13

- FITZGERALD: Yes, he hit me and picked me up. When my right foot started to come off the ground I -- I'm like okay, I'm at his mercy now, you know, he's gonna kill me and smash me into the side of my car and drive away so I fired my two rounds into the windshield and kind of pushed to try and get away from the car. And the momentum threw me, basically, face first onto the ground.
- 9 LUGO: Okay. And then what -- what happened?
 - FITZGERALD: At that point, I'm thinking okay, either dive under my car because he's going to hit me or get to my feet and = get on your feet and get away. When I don't get hit and he goes by, I just get up on my feet, I hear Deputy Long put out a "998" until the second unit that pulled up. I never saw them get out of the car so I don't know who it was -- what had happened and they both went after the vehicle.
- 15 LUGO: And what did you do?
- FITZGERALD: I turned my attention back to the girl that was standing on the curb. I put her on the ground -- ordered her to get on the ground, handcuffed her, and detained her and then asked for another unit to come to my location because I was detaining a second suspect.
- 20 LUGO: Is the female, at the time of the shooting, standing up or sitting on the 21 curb?
- 22 FITZGERALD: You know, at that time, I don't know because I wasn't really 23 focused on her.

- 1 LUGO: Uh-huh.
- 2 FITZGERALD: All I know is when I got back onto my feet she was on the
- 3 ground.
- 4 LUGO: Okay. On her stomach?
- 5 FITZGERALD: Yeah, I believe so.
- 6 RAMIREZ: So you didn't have to order her to lie down on the ground?
- 7 FITZGERALD: No.
- 8 RAMIREZ: She was already on the ground?
- 9 FITZGERALD: She was compliant.
- 10 LUGO: Going back to just prior to the shooting. We want to know what went
- 11 through your mind, again, as the vehicle started heading towards you.
- 12 FITZGERALD: Okay. My first instinct was get out of the way, you know,
- 13 because I don't want to get run over by the car.
- 14 LUGO: Uh-huh
- 15 FITZGERALD: When I got caught up in the car, that's when I was scared. I'm
- 16 like okay, I'm going to die. He's just going to smash me into my car and I'm dead. I
- 17 mean, that's what was going through my -- I'm gonna get smashed right here in the
- 18 middle of the street.
- 19 LUGO: And then, what did you do?
- 20 FITZGERALD: I fired two rounds, hoping to stop him from running me over and
- 21 then pushed away.
- 22 LUGO: Into the windshield?
- 23 FITZGERALD. Into the windshield. Yeah.

- 1 RAMIREZ: Fitzgerald, at any time did he say anything?
- 2 FITZGERALD: No.
- 3 RAMIREZ: Did you hear him say anything, at all?
- 4 FITZGERALD: No.
- 5 LUGO: Once you -- once you -- once the suspect vehicle drives away and you
- 6 order the female to the ground, do you eventually handcuff her?
- 7 FITZGERALD: Yes.
- 8 RAMIREZ: And she was already on the ground?
- 9 FITZGERALD: Yeah. She was already on the ground.
- 10 LUGO: Oh, okay.
- 11 RAMIREZ: So, you didn't have to order her to the ground?
- 12 FITZGERALD: No. I just told her to put her hands behind her back.
- 13 LUGO: And you handcuffed her?
- 14 FITZGERALD: And I handcuffed her.
- 15 RAMIREZ. Okay.
- 16 LUGO: And then then what happened?
- 17 FITZGERALD: I asked her if she knew who he was and she said, "Oh, I just met
- 18 him." I go. "What are you guys doing out here in Cerritos?" "Oh, we're going to the
- 19 mall." I told her, "You guys are nowhere near the mall. What are you doing here?" And
- 20 she looked at me and she said, "Oh, I'm here to pick-up some marijuana from a friend."
- 21 I go, "Pick up marijuana from a friend? Are you guys even from Cerritos?" She didn't
- 22 answer me.
- 23 RAMIREZ: Eventually, you said that your fire department responded?

- 1 FITZGERALD: Yes.
- 2 RAMIREZ: And you were treated at the scene by the fire department?
- 3 FITZGERALD: Yes.
- 4 LUGO: Were you transported to a hospital?
- 5 FITZGERALD: Yes. La Palma Hospital in the City of La Palma.
- 6 LUGO: For what kind of injuries did you have?
- 7 FITZGERALD Pain to my knee, my left knee, my left elbow, and my left
- 8 shoulder.
- 9 LUGO: Okay And just prior to being transported, they had you -- the fire
- 10 department, you mentioned earlier, that they took your vitals and you had to remove
- 11 your uniform shirt?
- 12 FITZGERALD: Yes.
- 13 LUGO: And what happened with your Sam Browne?
- 14 FITZGERALD: It was handed over to another deputy at the ambulance.
- 15 LUGO: And when you were transported to the jail, they never gave you back
- 16 your Sam Browne?
- 17 FITZGERALD: No.
- 18 RAMIREZ: Transported? You said to the jail.
- 19 LUGO: Oh, I'm sorry, to the hospital I'm sorry.
- 20 RAMIREZ: To the hospital.
- 21 FITZGERALD: No, no.
- 22 LUGO: And you were transported via?
- 23 FITZGERALD: Ambulance

- 1 LUGO. Ambulance?
- 2 FITZGERALD: I want to say it's CARE Ambulance.
- 3 LUGO. Okay. All right. For purposes of the tape, Sergeant Cochran from
- 4 Sheriff's Homicide has your Sam Browne.
- 5 FITZGERALD: Okay.
- 6 LUGO: And your duty weapon and he will bring your Sam Browne in a few
- 7 minutes Okay? You have any questions?
- 8 RAMIREZ: I don't have any other questions.
- 9 LUGO: Maureen, do you have any?
- 10 OKWUOSA: No questions.
- 11 LUGO: Okay All right, the time is 0043 hours. We are ending the interview with
- 12 Deputy Edward Fitzgerald.
- 13 (BREAK IN INTERVIEW.)
- 14 RAMIREZ: Okay, we are on.
- 15 LUGO: Today's date is May 8, 2015. The time is 0104 hours. Again, we are
- 16 talking to the victim in this case, Deputy Fitzgerald, and we forgot to ask you, Ed, how
- 17 you carry your weapon.
- 18 FITZGERALD: I carry it in my Sam Browne --
- 19 LUGO: Your service weapon.
- 20 FITZGERALD: My service weapon. I carry it in my Sam Browne, in my duty
- 21 holster.
- 22 RAMIREZ: Okay. And what kind of weapon is it?
- 23 FITZGERALD: It's a .9 millimeter Beretta.

- 1 RAMIREZ. Do you know what model?
- 2 FITZGERALD: 92F.
- 3 RAMIREZ: And how do you carry it as far as it being loaded?
- 4 FITZGERALD: 15 in the magazine and one in the chamber.
- 5 RAMIREZ: For a total of 16 rounds?
- 6 FITZGERALD: 16; yes.
- 7 LUGO: Okay. All right. Any other questions?
- 8 RAMIREZ: No.
- 9 LUGO: Okay. The time is 0105 hours. We are ending the interview with Deputy
- 10 Ed Fitzgerald.

3	INTERVIEW OF DEPUTY ROBERT LONG
4 5 6	Taken at Cerritos Sheriff's Station. Interview conducted by Sergeant ROBERT GREY and Detective DAN MORRIS, Los Angeles Sheriff's Department, Homicide Bureau. Case is under File No. 015-01773-2318-013.
7	-ooOoo-
8	GREY: Today's date is May 7, 2015. I've got 2344 hours. We are here at
9	Cerritos Sheriff's Station, in the Captain's Conference Room. I am Sergeant Robert
10	Grey, Sheriff's Homicide. My partner is Detective Dan Morris, also from Sheriff's
11	Homicide. Also present is Sergeant
12	ADAMS: Sergeant John Adams, form Internal Affairs.
13	GREY: This is an interview with Robert Deputy Robert Long and also in the
14	room, representing Mr. Long?
15	OKWUOSA: Maureen Okwuosa with Green & Shinee.
16	GREY: Okay. So, Robert, do you have a middle name?
17	LONG: Earl, E-A-R-L.
18	GREY: Earl. And then L-O-N-G; right?
19	LONG: Yes, sir.
20	GREY: And what's your employee numbers?
21	LONG TO THE PARTY OF THE PARTY
22	GREY
23	LONG:
24	GREY: All right. Do you remember your hire date?

LONG: 11-8-94 as a deputy.

- 1 GREY: 11-8-94. Okay. So, that means you graduated sometime in '95? 2 LONG: Uh-huh. 03-31-95. 3 GREY: 03-31-95? You think that's it? Okay. So, let's say that's going to be the 4 day when you went to custody. I imagine? 5 LONG: Uh-huh. 6 GREY: Where did you go to? 7 LONG: South Facility Wayside. 8 GREY: How long did you spend there? 9 LONG: Probably about four months, five months, and then I moved to Lynwood. 10 Opened Lynwood jail in '95 -- or CRDF. 11 GREY: In '95, you said? 12 LONG: Yes, sir. 13 GREY: So, you only spent a little time at South? 14 LONG: A short time; yeah. 15 GREY: Short time? Okay. LONG. I got out of training, did a few months, and I was falling asleep driving 16 17 home so they suggested I do a transfer down here. GREY: Good idea. 18 LONG: They needed deputies at CRDF anyway. 19 20 GREY: Okay. So then, that's from '95 'til when? 21 LONG: 2000. 22 GREY: 2000? And where did you go in 2000?
 - (28)

LONG: Went to Industry. And I was at Industry -- I was involved in a fight at

Industry and at the end of my training I got -- was retiring actually and then, after about

23

- 1 a year and a half into that, going through the medical process and all that, I came back 2 to work and went back to LCMC. 3 GREY: When was that? 4 LONG: When was that? 5 GREY: When you went back to LCMC? LONG: Probably 2003. Right around 2003. Then I came here in 2004. June 6 7 3rd, 2004. 8 GREY: Been here ever since? 9 LONG: Yes, sir. 10 GREY: So, you've been here a little bit. So, you've been here what, 11 years? 11 LONG: Yeah. That wasn't the plan but yeah. GREY: So, today, you were working what unit? 12 13 LONG 230George1. 14 GREY: 230George1. PM shift? 15 LONG: Yes, sir. 16 GREY: What time does that start? 17 LONG: 11 to 7 is our regular hours. 18 GREY: 11 to 7. So. 11 AM to 1900? 19 LONG: 1900; yes, sir. 20 GREY: Okay. And you are dressed in Class A uniform right now.
- 21 LONG. Yes, sir.
- 22 GREY: Is this the way you were dressed?
- 23 LONG: I had a vest on but yeah. Same stuff but no vest
- 24 GREY: A vest underneath your --

- LONG: Underneath my uniform shirt.
- 2 GREY, Okay, So, Class A, metal badge, you have Sam Browne, I mean, Sam
- 3 Browne basket weave gun belt, Class A pants, boots; okay. Standard Class A uniform,
- 4 short-sleeve. Remember what rooftop your car was?
- 5 LONG: 558.
- 6 GREY: I'm going to try to get the whole number.
- 7 LONG: SD6558.
- 8 GREY: SD --
- 9 LONG: 6558.
- 10 GREY: Got it. Okay. So, we're here to talk about this deputy involved shooting
 11 and I understand about 1620 hours a call came out. Where were you when the call
- 12 came out?
- LONG: When it came out I was probably at 166th Street and maybe Norwalk,
 when the call initially came out.
- 15 GREY: Okay. Do you remember what kind of call it was?
- 16 LONG: "925A" in the area of It was at an address but I 17 by the numbers so I coordinated with Ed Fitzgerald, 18 230George3, and we had the call. I had the handle, he had the assist. We work the 19 burglary team and if there's stuff like that that comes out and other guys are busy we 20 take the burglary calls or the audibles or whatever. If there are in-custodies we follow. 21 So, we coordinated that. I decided Ed would take the east of Shoemaker because the 22 car had left, then informant was 911N and I would take the west of Shoemaker, so we 23 could canvas the neighborhoods. That area of the city has been getting hit a lot with 24 burglaries lately. In fact, six this week in that general area, that RD specifically. And so,

- 1 as I'm canvassing the west side of Shoemaker, in the neighborhood were the call
- 2 initially came out, Ed went east into the east of Shoemaker neighborhoods. So, you
- 3 want me to keep going through this?
- 4 GREY: Yeah, yeah. Just keep going.

5 LONG: So, when -- probably, I don't know, maybe five, six minutes after we got 6 into the neighborhoods, Ed "10-33." He wanted a unit Code 3. And on the mapper, 7 which is the one good thing about those things, I could see where Ed was already on the mapper. So, I knew where he was. I was going to be there in less than one, which I 8 9 took the Code 3 in less than one. As I went across Shoemaker, onto Beach, to hit a 10 couple streets to get through the neighborhood, to go around, back where Ed was on 11 -- east on later than I passed Ortiz, who followed me and took the code with me. We went around, I turned the corner up to Pires, 12 13 northbound. Eastbound onto Palm and I pull up and I see Ed's radio car facing kind of 14 offset from the suspect vehicle, the car that was described, at least the color and the 15 model of the car that was in our call. I remember when I pulled up, I saw a female black 16 on the grass, on the right, cooperative, and I seen Ed holding the car at gunpoint. So, I 17 get there. We put ourselves Code 6, whatever, and when I went up, Ed was yelling, 18 "Show me your hands" and I went up to Ed's right side and then I seen the driver kind of 19 just -- to me, he wasn't listening to anything Ed had to say. He was just kind of like -- it 20 didn't even sound like he cared or look like he cared. So then, I don't know whether the 21 car was running or started. All I know is that he turned left and turned right into Ed. 22 And Ed, when the driver moved, Ed — it hit Ed's legs I don't know what leg. All I know 23 is we were at the car, he drives to the left, into Ed. Ed wasn't even in front of the car. 24 He was like at the front quarter panel on the driver's side. So, as the car turned into Ed,

I see Ed take start to fall down and I don't know if he was falling in front of the car or next to it. All I remember is Ed's next to me, going down, and as I'm moving back Ed fired two rounds. It looked like close proximity to the window because it was — like the car was on him. So, as he went down, he kind of got pushed to — out of the way by the car. We moved — I moved back and apparently Ortiz was to my right or behind me or I don't even know where Ortiz was in proximity to me. And Ed hit his car, it looked like, and then I don't know how the car got away, to be honest with you. I don't know. I'm only guessing he had to go right and I don't know if he went up the curb or what. I don't remember how close proximity Ed's car was to the curbline but either way the car takes off west. After the two rounds are fired, I put out "10-33" — "998" traffic. We were already on the patch, I believe—I yell on the radio to Ortiz to get that car because I seen Ed was conscious, wasn't out of it, and could hold his own. I didn't want the bad guy to get away.

GREY: Right.

LONG: So, I jumped in my car, I yelled at Ed that I'm, we're going to get the car, and I yelled at Ortiz, I believe that's on the radio, and I threw my car in reverse. Ortiz was blocking me so he had to make a three-point turn and I just threw it in reverse and went passed him and I went in reverse all the way to Pires, spun my car around in the intersection to go south, where the guy went. There's a gardener on the corner. I yelled at him as I was turning, "Which way?" And he just gave me this weird look and then, as I manipulated the -- he didn't even know what to do, it was crazy. So, when I looked down -- I know he went south. I saw him go south in the mirror. I just saw like chaos; water and crap everywhere. So, I went -- obviously I went down there. Ortiz followed me. And as we stopped, there was water shooting everywhere. At first it was only on

the car and the car's windows were up. I jumped out Ortiz got out and I don't know if Ortiz went with me. I'm talking for myself so I went up to the car. The door is locked. Water still wasn't on us yet. And then, I didn't know if the guy had a gun. In fact, I was trying to say on the radio, "I don't know if he has a gun" because when guys are coming up to the car, when our assisting units, everyone was coming up, we still didn't know if he was shot, if he was alive, if he was holding a gun, and I don't know what he's doing. He didn't listen over there. I don't know if ne's sitting in there, waiting for me to walk up to shoot me. So, I looked in the front window when the water stopped hitting the windshield and I could see him lying back but he wasn't moving but he was — I seen his chest rising and falling. So, I tried to breach the window with my asp, just to get a better view or if we have to render aid or to get a — just I wanted to see him. So, I couldn't get it with my baton but I have a little window punch.

GREY: Uh-huh.

LONG: Because another time I couldn't break a window. So, I used that and it popped the window and then I cleaned it out with my baton and then I seen him like gasping and then the water came on us and then Luke Lu, got covered in water as I bent the door open and the driver wasn't moving still. Breathing but not doing anything that I was concerned with, really. He wasn't jumping on me. He wasn't getting --reaching or anything. So, water gets us. Me from about chest down and Luke got covered so we backed off and it was just, basically, the water was -- there was no way -- other than climbing in the car and staying in the car with the suspect, there was no way to even try to get in. Plus now I was told there are wires everywhere, that I was walking over and I didn't even know that. So, once I was told "Keep my ass out of there," basically, because of the wires, I kept my ass out of there.

- 1 GREY: So, was this the driver's side you went up there and broke the window?
- 2 LONG. I went -- no. Passenger side.
- 3 GREY: Passenger side?
- 4 LONG: And I bent the door open. It was like smashed in so I just pulled on it
- 5 and bent it open.
- 6 GREY: Okay.
- 7 LONG: And after that, I went back. I had deputies showed up there. We -- I
- 8 knew that was safe now. Deputies are there. The guy's not doing anything so I asked
- 9 Ortiz to watch this spot and then I went back to make sure Ed was okay. Even though I
- 10 knew the sergeant hauled as up there to get him -- help him, but I just wanted to finish
- 11 my mind to make sure Ed was okay.
- 12 GREY: Right.
- 13 LONG: So, when I got up there, the sarge kept us away and then I knew he was
- 14 okay so then we had to stay -- he made me stay on one side of the street and Ed was
- 15 on the other side of the street.
- 16 GREY. So, when this call comes out you said you were like at 166th and
- 17 Norwalk? Around that area?
- LONG: It was right around there; yeah. It might have been right at that light but
- 19 somewhere right there when the call actually came out.
- 20 GREY. And you mentioned -- so, is 20 -- I'm sorry. 230George units, are those
- 21 burglary?
- 22 LONG. Yes.
- 23 GREY. So, that's -- those are the unit assignment -- or unit numbers for the
- 24 burglary cars?

1 LONG: Right now yeah. We're a Burglary Suppression Team/we file the cases 2 on the in-custody burglaries and stuff. 3 GREY: And you mentioned there were six burglaries? LONG: There were six, in fact, we had a meeting yesterday in this room. Six res 4 5 burgs in that -- 2318 is that RD where they were and that's where six have happened 6 this week. 7 GREY. And you are aware how these little burglary teams operate? 8 LONG: Oh, absolutely. Absolutely. 9 GREY: And is it similar to the call that came out? 10 LONG: Absolutely That's why Ed and I, beat feet to get there. We already 11 knew we had a burglary likely. 12 GREY: You knew you had - yeah, you had a burglary going on so you get there 13 You get to the area where the call originally came out. Did the call describe? 14 LONG. Yeah. It described a silver or gray Impala with the actual license plate, 15 which I pinned on that when the guy -- when I walked up to the car, I pinned on that 16 license plate because I said, "That's the fricking car right there." And then, it said male 17 black, a female black." I think the call said the "female black had a black T-shirt on or a 18 black sweatshirt and unknown occupants, other than the male driver and the female that knocked on the door" on the original call. So, it actually described it to a "T" but the 19 20 plate was golden because that was the car. 21 GREY: That's the car. So, you know you -- so, you're 927 seeing, west of -- is 22 it --

23

LONG: Shoemaker.

- 1 GREY. Shoemaker and Ed Fitzgerald is 927 seeing, checking the area, east of 2 Shoemaker 3 LONG. Yes, sir. GREY: He puts out "10-33" traffic? 4 5 LONG: Yes. 6 GREY: He's got a burglary suspects detained and you respond. 7 LONG: Yes, sir. GREY: While you're en route, Ortiz gets behind you. 8 9 LONG: Yes. 10 GREY: You guys -- so, are you coming -- when you're -- do you comes up 11 Pires? 12 LONG: Yes. We went through -- we're west of Ed but there's a -- it's a loop 13 where you have to go around, back to Artesia, to get back up to Pires to get where Ed 14 was. 15 GREY: Right. Because Palm doesn't go through. 16 LONG: No. 17 GREY: It dead-ends at Pires. 18 LONG: It dead-ends at Pires. 19 GREY: Okay. 20 LONG: So yeah. 21 GREY. So, you're swinging around and you come in -- would that be north if 22 you're coming from Artesia? 23 LONG. We went north on Pires. Yes.
 - (136)

GREY: Then you're going to make a right or eastbound on Pires?

- 1 LONG: Yeah - on Palm. 2 GREY: On Palm, I'm sorry Palm. So, here's my little map and it's kind of -- a 3 few people have drawn on it but so -- and I didn't draw all the houses but this is Palm. 4 LONG: Okay. 5 GREY: And this little arrow right here is north. So, Artesia would be up here? 6 LONG: Uh-huh. 7 GREY: Beach is one street south of here. 8 LONG: North of; yeah. 9 GREY: North, I mean. 10 LONG. Uh-huh. 11 GREY: North. You're coming in. Where do you see Ed's car? 12 LONG: Where's the suspect's car? Is this the suspect's car? 13 GREY: Well, you tell me where it was. 14 LONG: Okay. Well, you want me to draw another spot? 15 GREY: Yeah. You know what? 16 LONG: Because I'm going to tell you where this guy tells me and I don't know. 17 GREY: Okay, here. Why don't you do it right up here. 18 LONG: So, if this is Palm. 19 GREY: Right.
- LONG: North. We're coming up. I'm coming up. Ortiz is behind me. We make our eastbound turn onto Palm and without knowing how many houses are there, the

24 suspect vehicle is at the curbline, facing west.

LONG: Pires.

GREY: Uh-huh.

20

- 1 GREY On the north curbline, facing west?
- 2 LONG: Yes. And Ed's car was on the -- on the westbound lanes, facing east,
- 3 pretty much -- nah, maybe not that close. Maybe like right about here.
- 4 GREY: Okay.
- 5 LONG: And at a little bit of an angle, facing to the north, so he's actually near the
- 6 north curbline but he's not blocking the car.
- 7 GREY: So, is he facing like northeast a little bit?
- 8 LONG: He's facing more east but, you know, like he was driving and then went
- 9 ooh, that's him.
- 10 GREY: Okay.
- 11 LONG: So -- and then, I end up -- I ended up -- I was going to go here but there
- 12 was no room to do like a head-on felony T-stop so I just went around it and put my car
- 13 somewhere right here. And then, Ortiz -- I don't even remember. I think Ortiz went right
- 14 here somewhere because he had to be right here because when I backed up he had to
- 15 move out of my way and I went back.
- 16 GREY: Okay
- 17 LONG: So, Ed was maybe 5-6 feet --
- 18 GREY: Draw a little "X" where he was.
- 19 LONG: Ed?
- 20 GREY: Yeah.
- 21 LONG: Right around here.
- 22 GREY Okay. So, in the front of the car. Would you say in front of the
- 23 windshield or even with the windshield?

1 LONG. I would say just -- well, I would not -- I would say a little bit back from the 2 windshield, facing the guy. 3 GREY: Offset from the windshield? 4 LONG. Offset from the windshield. Yeah, definitely offset from the windshield. 5 He was away from the vehicle and back maybe -- maybe two, three feet from the 6 windshield. 7 GREY And you mentioned when you got out of your, you heard Ed saying 8 something? 9 LONG: "Show me your hands. Show me your hands." 10 GREY: Did Ed have his gun drawn, at all, do you --11 LONG: Yes. 12 GREY: "Show me your hands." Can you see in the car? 13 LONG: When I came up to Ed's right, I could see in the car 14 GREY: Can you see the -- anybody in the car? 15 LONG: I seen the driver of the car. 16 GREY: The driver? Okav. 17 LONG: That's all I seen was the driver. I don't know if the back windows were 18 tinted more or if the front ones weren't and back ones were. Either way, I saw the driver 19 and I did not see a passenger so I knew it was just the driver and I think the back 20 windows were tinted because I didn't even see anything in the back. 21 GREY: But you also see the female that matches? 22 LONG: When I first pulled up, I seen a female lying on the ground, on the grass,

right around here somewhere. Maybe -- yeah, right around there.

1 GREY: So, you're drawing a little mark on this near the south curbline, almost 2 parallel with the suspect's vehicle? 3 LONG: Yeah. It was probably one and a half houses east of being parallel with 4 the suspect's rear. 5 GREY: Okay. So, closer to the cul-de-sac? LONG: Not way -- not that far but it was -- it wasn't at us, because I was not 6 7 really concerned with her being behind me because I can almost see her in my 8 peripheral. 9 GREY: Okay. 10 LONG: So, she was probably one -- maybe one or two house lengths away from 11 me -- us 12 GREY Okay. 13 LONG On the south curbline. 14 GREY: And so, take me through this again. So, you're out of the car now. You 15 can see her, you can see this guy in this -- the car that matches the description. You 16 already saw the plate. You know in your mind this is the car? 17 LONG: Uh-huh. Yes. 18 GREY: What happens then? 19 LONG: What happens when I pull up? 20 GREY: Well, you're out of the car; right? 21 LONG: Yeah, I'm out of the car. 22 GREY: Okay. 23 LONG: Ed's at the car.

24

GREY: Uh-huh.

LONG: I come up to Ed's right and as I'm looking at the driver, it looked like he was debating what to do, to me. It looked like he was making a decision whether to listen or just say screw it, I'm out of here. It was just -- he was just like weird. Like he was just deciding something. He was just like contemplating something. He was like this and then he just kind of -- not even just -- not even -- not looking at us; just deciding. To me, it looked like he was deciding to do something or deciding what to do. So, I get to Ed's right. The car -- the wheels weren't turned left, at first. I don't, I would have probably keyed in on that. So -- and not that I recall that that car was turned left, but it definitely turned left because when I was watching him, and when he -- it was instantaneous. When I got out of the car it only took about, shit, five -- four or five seconds for the guy to automatically just turn left into Ed. It was, I mean, I didn't have time to focus on what the hell was going on yet. I just got there and then, all the sudden, you know, he turns into Ed, I see Ed fly -- hit. I seen him get hit in the legs and then he went rolling to my left and then I just got out of the way. In fact, I was -- I almost shot as well but when Ed fell down and I didn't see the car going on Ed again, I wasn't going to get hit. I was out of the way. I was just at the side of the car. I just didn't shoot after all; I didn't pull the trigger. And so, which is surprising on the new gun. The trigger pull is light.

GREY. Oh, yeah; on that Smith? So, do you hear the engine rev? Tires squeal? Were you hearing any noise?

LONG: I heard the engine rev because I was like -- I couldn't believe the guy would just do -- I thought he was got. I didn't think he could get out of where he was.

GREY: And you don't recall which way he went but you're thinking, because of where you guys position, he must have went along the north curbline?

- 1 LONG: He had to. He had to. There's no way he could have gone another way
- 2 because I was to Ed's left. It was like a felony T-stop, just with the guy up on Ed's grille.
- 3 So yeah, he had to go. I don't know if he went up the curb or what. I don't even
- 4 remember that. I just remember he didn't hit Ed so if he went to the left, he would have
- 5 ran Ed over and he wouldn't have gotten as far as he got because I would have
- 6 unloaded on him.
- 7 GREY: Well, he hit him. He just didn't hit him he just didn't run him over.
- 8 LONG: Right. That's what I'm saying If he would have kept going left he would
- 9 have ran Ed over.
- 10 GREY: Okay. And then, -
- 11 LONG: Or pinned Ed between the radio car and his car.
- 12 GREY' So, you quick check, okay, Ed looks like he's -- he's okay, you know, not
- 13 in any grave danger and you yell at Ortiz, "Get that car."
- 14 LONG: Uh-huh.
- 15 GREY: And you jump in your car and you go after it.
- 16 LONG: Yes.
- 17 GREY, Okay,
- 18 MORRIS: That's everything.
- 19 ADAMS: I think you've covered everything.
- 20 GREY: Yeah. Okay.

I conducted an examination of the below cellular phone evidence brought to our office by Detective Morris, of Homicide Bureau.

Detective Morris, obtained a search warrant to examine the contents of the phones. He stated he wanted all possible data from the phones.

Item 012 - Cellular Phone. ZTE. Awe. N800, S/N 322442040677

On 05-19-15, I placed the device into the Paraben Strongbox which prevents it from connecting to any outside source when powered on. I powered it on and saw that it had not already been placed in Airplane mode. I placed it into Airplane Mode and removed it from the box.

I connected it to our lab computer and used the "Cellebrite" software application to connect to the phone. It was the Cellebrite UFED4PC (Version 4.2.1.3). Cellebrite accessed the data on the phone and completed a "Physical Extraction".

I then used Cellebrite Physical Analyzer (Version 4.2.1.7) to view the results.

<u>Item 012 - Cellular Phone, Apple, iPhone 6, A1586, IMEI 3569600606949</u>

On 05-19-15, I placed the device into the Paraben Strongbox which prevents it from connecting to any outside source when powered on. I powered it on and saw that it had not already been placed in Airplane mode. I also saw that the phone had been disabled and the screen stated to connect it to iTunes. I also discovered there was no SIM card. The screen was locked and I was unable to access the menu to place it into Airplane mode. I removed it from the box.

COUNTY OF LOS ANGELES - SHERIFF'S DEPARTMENT SUPPLEMENTAL REPORT

I connected it to my lab computer and saw that this iPhone was running on I.O.S. version 8.1.3.

The phone was disabled most likely from someone entering the wrong passcode too many times. It also was running a version of I.O.S. of which the passcode cannot be bypassed with available software.

Unfortunately, the data from this phone cannot be accessed without the connecting it to the owner's iTunes account and having the owner's passcode.

Detective Morris was advised of the above findings and that the evidence and Cd's were ready for pickup.

Laboratory Examinations

Firearm Examination / Function Testing

Background on Laboratory Examinations Performed

A firearm examination generally consists of an identification of physical characteristics, an
inspection for damaged, altered, or missing parts, an evaluation of the safety mechanisms, a
determination of trigger pull weight(s), and the test firing of the firearm.

Laboratory notes and supporting documentation exist in the case file at the laboratory and will be retained indefinitely

Subject: Robinson, Anthony MB/10/20/1990

Coroner's Case Number 2015-03160

On May 7, 2015, at the request of Detectives R. Lugo and J. Ramirez # I responded to Palm Street, Cerritos. The request was to assist detectives in the documentation of the scene and collection of evidentiary items pursuant to an assault with a deadly weapon on a Peace Officer, that resulted in a Deputy involved shooting investigation. I arrived at the location and contacted Homicide Detective J. Cochran, who gave me a walkthrough of the crime scene

Observations

The scene consisted of a public residential street that runs east/west. The area of P There were two Los Angeles County Sheriff's Department patrol vehicles parked on the street facing east. One vehicle was a sedan and it was just north of the middle of the roadway, the second vehicle was a sport utility vehicle and it was closer to the south curb line. Near the sedan, there were two cartridge cases on the street; one east of the vehicle (front) and the other north of the vehicle (driver side). There was also a cellular phone on the hood of that vehicle.

Scene Examination

I photographed the overall scene and the indicated items and areas as they appeared upon my arrival. I marked and photographed evidence items 1 through 3 and A through C. I then measured the location of evidence items 1, 2 and A through C and completed an evidence legend. I additionally completed a hand drawn sketch diagram of the location to further document the crime scene. I collected evidence items 1 through 3, evidence items A through C required no additional processing and remained at the scene.

At the request of Detective Cochran, I photographed possible witness perspectives at photographs were taken from within the living room of the residence, looking through the south facing window toward Palm Street.

Detective J. Cochran advised me that Deputy Fitzgerald's gear belt (Sam Brown) with attached gear and duty weapon (firearm) were at the location. Detective Cochran added that these items had been collected at the scene prior to my arrival and remained at the scene secured inside a patrol vehicle.

I contacted Lakewood Station patrol Deputy P. Chapman unit 133/P, who was in possession of the items. I photographed the gear belt and attached gear, I then removed the duty weapon from the belt. I marked the duty weapon with attached magazine and ammunition contained within as evidence item 4, I then photographed it and took possession of it from Deputy Chapman.

Evidence Inventory

- EV 1 Cartridge case
- EV 2 Cartridge case
- EV 3 Cellular phone, "Virgin Mobile", gray
- EV 4 Deputy Fitzgerald's duty weapon, "Beretta", model 92FS, semi-automatic, 9mm, pistol, serial #E01082Z one magazine containing thirteen cartridges, one loose cartridge
- EV A Los Angeles County Sheriff's Department patrol vehicle #SH1170
- EV B Los Angeles County Sheriff's Department patrol vehicle #SD4947
- EV C Vehicle: white Scion XB, 4 door, CA. license

Evidence Disposition

K650346 Evidence items 1 and 2 were submitted to the Firearms section

K650347 Evidence item 4 was submitted to the Firearms section

Detective Cochran took possession of evidence item 3 from me at the location

Evidence items A through C only required photographic documentation and were not collected

One CF memory card was submitted to the Photo/Digital Imaging section

Requests for analysis can be submitted to the respective section supervisors.

Crime scene notes, rough sketches, and supporting documentation are kept in the case file at the laboratory and will be retained indefinitely. This report is supplemental to the Laboratory Examination Report dated May 14, 2015 under the above file number. On May 12, 2015, Detectives A. Torres and R. Lugo of the Los Angeles County Sheriff's Department Homicide Bureau requested a comparison of the submitted fired cartridge cases and the fired bullets to a firearm.

Examination Conclusions:

The two (2) fired 9mm Luger caliber cartridge cases, items 1 and 2, and the fired bullet, item AT-2, were identified as having been fired from the Beretta pistol, item EV-4.

Item C1 is a medium caliber lead bullet core and has no microscopic comparison value.

Evidence Submission and Disposition

The following item was collected during a vehicle examination on May 12, 2015 and submitted to the Firearms Identification Section under laboratory receipt number K648258:

Item AT-2 One fired bullet.

The following item was received from Senior Criminalist M. lezza of the Firearms Identification Section on May 13, 2015 under laboratory receipt number K648257:

Item EV-4 Test fires generated from a Beretta, model 92FS, 9mm Luger caliber semiautomatic pistol with serial number E01082Z.

The following items were received from the Evidence Control Section on May 13, 2015 under the indicated laboratory receipt numbers:

K650346

Items 1 & 2 Two (2) fired 9mm Luger caliber cartridge cases bearing "WIN 9mm LUGER" head stamp.

K679943

Item C1

One County of Los Angeles, Department of Medical-Examiner-Coroner Projectile Evidence envelope bearing decedent's name "Arreguin, Nephi" and Coroner's Case #2015-03160, containing one fired bullet core. (envelope 1 of 1)

The above-listed evidence items were repackaged and sealed for return to the Los Angeles County Sheriff's Department Homicide Bureau.

Laboratory Examinations

Comparison Microscopy

Background on Laboratory Examinations Performed

When a firearm is fired, microscopic marks can be imparted onto the fired ammunition components from the various parts of the firearm that they come into contact with. Depending on the type of firearm and ammunition used, microscopic marks may be imparted onto live ammunition by the cycling process alone. Comparison microscopy permits the evaluation of the microscopic marks present on ammunition components to determine how many firearms were used to fire them. If a firearm is submitted for examination, test fire specimens may be produced for the purpose of determining whether or not that particular firearm was used to fire the ammunition components.

Laboratory notes and supporting documentation exist in the case file at the laboratory and will be retained indefinitely.

Report Date:

Vlctim: Fitzgerald, Edward Subject: Arreguin, Nephi

On May 12, 2015, at the request of Detective A. Torres of the Los Angeles County Sheriff's Department Homicide Bureau, a vehicle examination was conducted at Vernola's Towing, Boulevard, Norwalk. Forensic Identification Specialists M. Marmolejo and Y. Gonzalez of the Crime Scene Investigation/Latent Prints Section were present for photographic documentation.

Observations

A silver Chevrolet Impala with California license was examined. The vehicle was observed to have severe front-end collision damage. The right rear tire and both front tires were deflated. The side view mirror of the driver's door was observed broken and remained suspended from the door. The driver and front passenger door windows were both observed broken from their frames.

Scene Examination

The following bullet hole was observed:

Bullet hale in the armrest of the front passenger's door. The bullet traveled downward in a left to right and slightly front to rear direction, perforated the armrest, and impacted the interior side of the door. A fired bullet was recovered from within the door and assigned item AT-2 for identification.

Evidence Inventory

The following evidence item was recovered:

Item AT-2 One fired bullet recovered within the front passenger's door, related to hole "A".

Evidence Disposition

The above listed item was submitted to Firearms Identification Section under laboratory receipt number K648258.

Background on Scene Examinations Performed

- Bullet hole/impact determination is performed through the examination of observable physical characteristics, the presence of chemical residues, and/or the presence of a bullet. The same concepts apply for defects caused by shotgun-related projectiles.
- A bullet's trajectory, or flight path, may be determined through an examination of the physical characteristics of a bullet hole or other damage indicative of the passage of a bullet. Bullet trajectory may be further defined when there are two or more points of contact or, alternatively, when a bullet passes through a sufficiently thick object. The same concepts apply for holes or other damage caused by shotgun-related projectiles.

Anatomical Summary

Fatal gunshot wound entering the left chest, 1 4" below and 2" right of the left nipple. Wound is 3/8" round with wide marginal abrasion extending 7/16" superior, 4" left, 5/16" inferior, and 0" right. Soot, stippling, searing, or muzzle stamp is not seen.

Bullet perforates the left $5^{\rm th}$ intercostal space (near the sternum) and the right ventricle of the <u>heart</u> causing an 800 cc left hemothorax and 200 cc hemopericarium.

A medium caliber lead \underline{bullet} is recovered from behind the heart within the pericardial sac. Jacketing is not seen.

Direction is front to back.

Abrasions:

- 3 small abrasions on the right upper abdomen.
- Dry brown abrasion on right lateral ankle
- Three light linear abrasions on left lateral neck, about 1/2" each
- Light abrasion on central forehead. There is no skull fracture or intracranial bleed.
- Several light abrasions on the posterior left hand.

Please see separate toxicology report.

CIRCUMSTANCES:

Please see Investigator's Report.

EXTERNAL EXAMINATION:

The body is identified by toe tags and is that of an unembalmed refrigerated adult male who appears the reported age of 21 years. The body measures 70 inches, weighs 187 pounds, and is normally developed. Hydration and nutritional status are grossly normal. Examination of the skin reveals no evidence of jaundice. The skin is free of bruises, or lacerations. Scars: left foot and forearm. No burns are present. Tattoos: none. Rigor mortis is moderate. Livor mortis is fixed and posterior.

The head is normal in size and shape. The scalp hair is black in color. There is no temporal or vertex balding. Mustache is present. Beard is present. Examination of the eyes reveals irides that appear to be brown in color and sclerae that are white. The conjunctivae are not congested. There are no petechial hemorrhages of the conjunctivae of the lids or the sclerae. The oronasal passages are unobstructed. There is no foam in the nares or oral cavity. Upper and lower teeth are present and atraumatic. Frenulae and oral mucosa are intact. No nasal fractures are palpated. Examination of the neck shows no abnormal mobility, fingernail marks, contusions.

There is no chest deformity. There is no increased anterior-posterior diameter. The abdomen is not unusual. The genitalia are those of an adult male. The external genitalia are without trauma or lesions. The extremities show no lacerations, contusions, immersion wrinkling, edema, joint deformity, abnormal mobility, or needle tracks. No fractures are present.

EVIDENCE OF THERAPEUTIC INTERVENTION:

None. Recent needle punctures are absent. There has not been post mortem intervention for organ procurement.

Page 3

INITIAL INCISION:

The body cavities are entered through the standard coronal incision and the standard Y-shaped incision. No foreign material is present in the mouth, upper airway, and trachea.

NECK:

The neck organs are removed en bloc with the tongue. No lesions are present nor is trauma of the gingiva, lips, or oral muccsademonstrated. There is no edema of the larynx. Both hyoid bone and larynx are intact and without fractures. No hemorrhage is present in the adjacent throat organs investing fascia, strap muscles, thyroid, or visceral fascia. There are no prevertebral fascial hemorrhages. The tongue when sectioned shows no trauma. No fractures of the cervical vertebrae are present.

CHEST/ABDOMINAL CAVITY:

There are no pleural adhesions. The parietal pleurae are intact. Soft tissues of the thoracic and abdominal walls are well-preserved. The organs of the abdominal cavity have a normal arrangement and none are absent. Ascites is not present. Minimal (a few cc) peritoneal fluid is present and is straw in color. No blood is present in the peritoneal cavity. The peritoneal cavity is without evidence of peritonitis. There are no adhesions.

SYSTEMIC AND ORGAN REVIEW:

Note: The conditions appearing in the Anatomic Summary and Description of Injuries are not necessarily repeated in the Systemic Review. The systemic review is, in essence, a description of the decedent prior to sustaining injuries. All diagrams and descriptions are made using the standard anatomic position at all times.

MUSCULOSKELETAL SYSTEM:

No abnormalities of the uninjured bony framework or muscles are identified.

AUTOPSY REPORT

No. 2015-03160 ARREQUIN, NEPHI

Page 4

CARDIOVASCULAR SYSTEM:

The thoracic and abdominal aorta have no atherosclerosis. There is no tortuosity or widening of the thoracic segment. There is no dilation of the lower abdominal segment. No aneurysm is present. The major branches of the aorta show no abnormality.

The heart weighs 310 grams. It has a normal configuration. cardiac silhouette is not globular and the myocardium is not flabby. The right ventricle is 0.3 cm, the interventricular septum is 1.3 cm in thickness, and the left ventricle is 1.3 cm in thickness. The chambers are normally developed and are without mural thrombosis. The valves are thin, leafy, and competent. No cardiac valve vegetations are present. Circumferences of the valve rings are within normal limits. There is no endocardial discoloration. There are no infarcts or lesions of the myocardium. There is no abnormality of the apices of the papillary musculature. There are no defects of the septum. The great vessels enter and leave in a normal fashion. The ductus arteriosus cannot be probed. The coronary ostia are patent, located at or below the sinotubular junction and are relatively centrally located within their respective sinuses. The coronary artery distribution is right dominant. Serial sectioning of the coronary arteries show no atherosclerosis.

RESPIRATORY SYSTEM:

Scant secretions are found in the upper respiratory and lower bronchial passages. No froth or soot is present in the upper or lower airway. The mucosa is intact and pale. The right lung weighs 550 grams and the left lung weighs 300 grams and is collapsed. The visceral pleurae are smooth and intact. The pulmonary vasculature is without thromboembolism. There is no evidence of pulmonary infarction.

GASTROINTESTINAL SYSTEM:

The esophagus is intact throughout. Esophageal varices are not present. The stomach contains approximately 200 cc of thick tan liquid. The mucosa is unremarkable. The small intestine and

colon are unremarkable. The appendix is present and normal. The pancreas occupies a normal position. There is no necrosis or trauma. There is no evidence of pancreatic fibrosis or of pancreatitis.

HEPATOBILIARY SYSTEM:

The liver weighs 2000 grams, is of average size, and is redbrown in color. The capsule is intact and the consistency of the parenchyma is firm. The cut surface is smooth. There is no evidence of cirrhosis. There is a normal lobular arrangement. The gallbladder is present. The wall is thin and pliable. It contains a moderate amount of bile and no calculi.

URINARY SYSTEM:

The right kidney weighs 130 grams and the left kidney weighs 130 grams. The kidneys are normally situated and the capsules strip easily revealing a surface that is smooth and glistening. The corticomedullary demarcation is preserved. The pyramids are not remarkable. The peripelvic fat is not increased. The ureters are without dilation or obstruction and pursue their normal course. The urinary bladder is unremarkable. It contains approximately 0.5 cc of cloudy, yellow urine. The urine is not tested by the dipstick method.

GENITAL SYSTEM:

The prostate is without enlargement or nodularity. Both testes are in the scrotum and are unremarkable and without trauma.

HEMOLYMPHATIC SYSTEM:

The spleen weighs 100 grams and is of average size. The capsule is intact. The parenchyma is dark red and soft. There is no increased follicular pattern. Lymph nodes throughout the body are small and inconspicuous. The bone is not remarkable. The bone marrow of the rib is unremarkable.

Page 6

ENDOCRINE SYSTEM:

The thyroid, adrenal, and pituitary glands are unremarkable. The parathyroid glands are not identified. The thymus is the usual appearance for the age.

SPECIAL SENSES:

The eyes are not dissected. The middle and inner ear are not dissected.

HEAD AND CENTRAL NERVOUS SYSTEM:

There is no subcutaneous, subgaleal, or subperiosteal hemorrhage in the scalp. The external periosteum and dura mater are stripped showing no fractures of the calvarium or base of the skull. There are no tears of the dura mater. There is no epidural, subdural or subarachnoid hemorrhage.

The brain weighs 1600 grams. The leptomeninges are thin and transparent. A normal convolutionary pattern is observed. Coronal sectioning demonstrates a uniformity of cortical gray thickness. The cerebral hemispheres are symmetrical. There is no softening, discoloration, or hemorrhage of the white matter. The basal ganglia are intact. Anatomic landmarks are preserved. Cerebral contusions are not present. The ventricular system has a normal appearance without dilation or distortion. Pons, medulla, and cerebellum are unremarkable. There is no evidence of uncal or cerebellar herniation. Vessels at the base of the brain have a normal pattern of distribution. There are no aneurysms. The cerebral arteries are without arteriosclerosis.

SPINAL CORD:

The cord is not dissected.

EVIDENCE COLLECTION:

One bullet is recovered from the decedent, placed in a labeled envelope, sealed with evidence tape, signed and dated across the seal, and placed in evidence drop box on 5/10/15.

HISTOLOGIC SECTIONS:

Representative sections from various organs are preserved in one storage jar.

TOXICOLOGY:

Samples of chest and femoral blood, bile, stomach contents, and vitreous are submitted to the laboratory for homicide screen. An EDTA tube is collected for blood typing.

PHOTOGRAPHY:

At scene photos are available. Photographs have been taken prior to the course of the autopsy.

RADIOLOGY:

2 x-rays are taken and show the bullet described above.

WITNESSES:

Detectives Lugo and Ramirez, LASD; also DA investigator McIntosh.

DIAGRAMS USED:

Diagram forms #20, 21, 22, 23 were used during the performance of the autopsy. Coroner diagrams are not intended to be facsimiles nor are they drawn to scale.

OPINION:

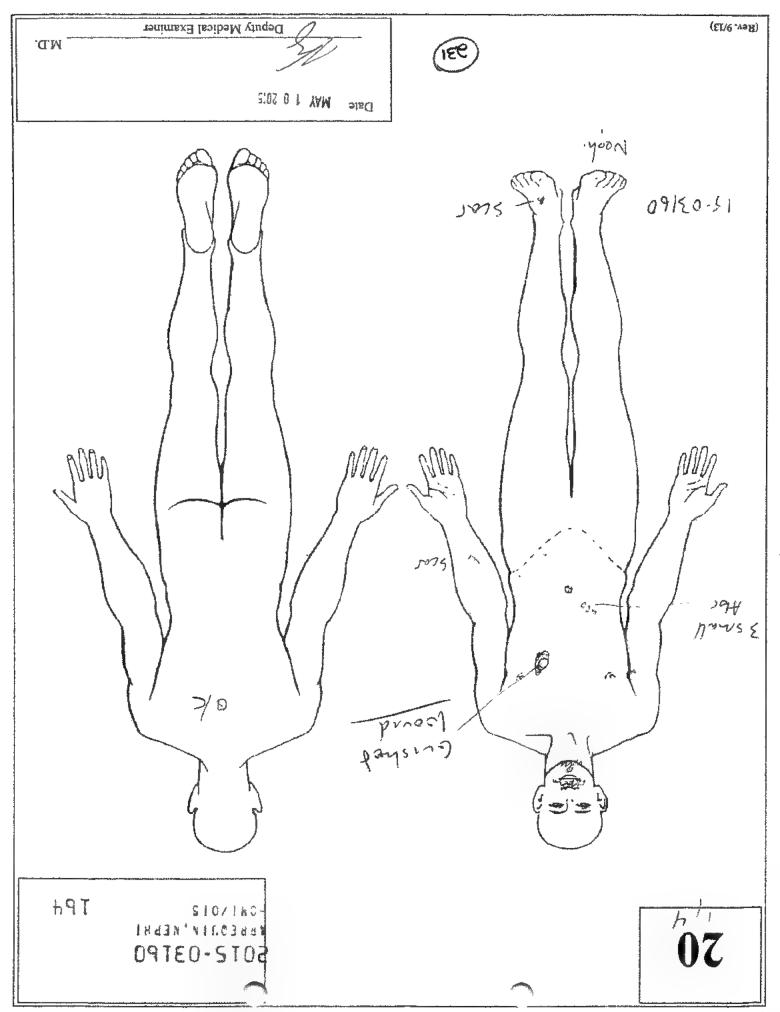

The cause of death is gunshot wound to the chest. The range of fire is unknown by autopsy. The manner of death is homicide.

FORM #3 NARRATIVE TO FOLLOW? 📝

County of Los Angeles, Department of Groner Investigator's Narrative

Case Number: 2015-03160 Decedent: ARREQUIN, NEPHI

Information Sources:

1- LASD Homicide Bureau / Detective Torres

2- On-scene investigation

Investigation:

On 05/07/2015 at 1827 hours Officer Ayala from the LASD Homicide Bureau reported the officer involved shooting death of an unidentified male to Gabriel Rodriguez at the Coroner's Office reporting desk as a first call notification. At 2030 hours Coroner Assistant Chief Winter reported that the sheriffs were ready for Coroner personne, to respond to the location and at 2031 hours I was assigned this case by Investigator Kristy McCracken. I arrived at the location at 2140 hours and departed on 05/08/2015 at 0005 hours. Forensic Attendant L. Montoya assisted with removal and transportation of the decedent to the FSC.

Location:

Place of injury. Vehicle located in front of Control C

Informant/Witness Statements:

According to information provided by the LASD Homicide Bureau, all of the following is preliminary and subject to change as the police investigation remains on-going at this time. On 05/07/2015 at approximately 1600 hours, deputies responded to a report of a suspicion person(s) and suspicious vehicle made by a resident in the neighborhood near the above injury location. Upon arrival deputies located a woman near the reported suspicious vehicle and began to question her. Deputies then noticed the decedent in the driver's seat of the vehicle, with the seat reclined. A deputy approached the parked vehicle and told the decedent to show his hands. The decedent did not follow commands and abruptly started the car and accelerated lowards the deputy. The vehicle struck the deputy and the deputy subsequently brandished his weapon and fired at the decedent. The decedent continued driving, however, after driving approximately five brocks the vehicle crashed into a light pole and fire hydrant before coming to rest. LACOFD Engine #30 responded to the location and had to shut off the water and power supply to the fire hydrant and light pole before safely accessing the decedent. Paramedics then found the decedent unresponsive in the driver's seat of the vehicle, and pronounced death without medical intervention at 1740 hours, LASD recovered two casings from the shooting location. The weapon is in LASD custody

Scene Description:

runs north and south and runs east and west on the east side only. A silver Chevy impala was observed on the south corner of the intersection. The vehicle was up on the sidewalk facing southeast. The front end of the vehicle was crashed into a cinderblock wall. Massive damage was viewed to the front end of the vehicle. There were trees and planters with shrubbery at the edge of a residential yard alongside the driver's side of the vehicle. The driver's door was unable to be opened. All three remaining doors were open. The decedent was viewed seated in the driver's seat. The seatbelt was fastened across him. The seat was reclined and the decedent was leaning back. He was slightly slumped to his right side with his head hanging to the right resting on his right shoulder. His right arm was hanging behind the front passenger seat touching the car floor. The entire interior of the vehicle was wet. Broken glass was observed on the front passenger seat.

County of Los Angeles, Department of Froner Investigator's Narrative

Case Number: 2015-03160 Decedent: ARREQUIN, NEPHI

Evidence:

I collected GSR Kit #C8980 at the scene on 05/07/2015 at 2300 hours.

I collected fingernail standards at the scene on 05/07/2015 at 2345 hours.

I collected hair standards at the scene on 05/07/2015 at 2355 hours.

Body Examination:

The decedent was viewed at the scene as a male black clothed in a green plaid shirt, tan pants, grey underwear, tan socks, and tan shoes. All of his clothing was wet. A pair of black fleece gloves was found in the decedent's front right pocket. I released the pair of gloves to LASD FIS Marmolejo at the scene. Rigor mortis was noted at a 2 throughout. Livor mortis blanched with light pressure and appeared consistent with the position found. An ambient temperature and a 1 ver temperature were not obtained as the time of incident was known. EKG patches were observed to his upper chest and right lateral chest. An apparent gunshot wound was observed to the left side of the decedent's chest. Apparent abrasions were seen to his abdomen. His back appeared unremarkable.

Identification:

The decedent was identified as: Nephi Sidon Arreguin DOB: 06/06/1993, through AFIS DOJ fingerprints on 05/08/2015 at 0101 hours.

DISTRICT ATTORNEY'S CONCLUSION:

The following is an excerpt from the District Attorney's Letter of Opinion.

"It was reasonable for Fitzgerald to believe that he had no time to escape the path of danger of the oncoming Impala. Arreguin's actions placed Fitzgerald in fear of imminent death or great bodily injury and he reasonably responded with deadly force."

"We conclude that Deputy Fitzgerald acted in lawful self-defense when he used deadly force against Nephie Arreguin. We are therefore closing our file and will take no further action in this manner [sic]."

ADMINISTRATIVE RIGHTS Force/Shooting Investigation

I am Sergeant Jonathan Hoyt and this is Sergeant Ronald Ridley of the Internal
Affairs Bureau, which is commanded by Captain John Roberts
You are about to be questioned as part of an official Los Angeles County Sheriff's Department investigation relating to your performance during the force/shooting incident that occurred on May 7, 2015, including your performance preceding and following the incident.
You are being afforded your rights pursuant to California Government Code Section 3300 et seq. (Peace Officer's Bill of Rights) because you could be subject to discipline after this incident is reviewed by the Executive Force Review Committee. The EFRC is responsible for determining whether or not your performance (including, but not limited to, your use of force and your tactics) complied with Department policy. The EFRC may find your performance within policy or may find your performance violated policy and determine discipline based on this force/shooting investigation, without requiring a subsequent interview from you.
Do you have a Policy and Ethics Chapter of the Manual of Policy and Procedures? Yes No
Are you familiar with its content? Yes No 🗆
You are specifically reminded that Policy and Ethics Sections 3-01/040.70 and 3-01/040.75 require that you make full, complete, and truthful statements. A refusal to make full, complete, and truthful statements may result in additional discipline, up to and including discharge.
Because you are being required to submit to this interview, neither your answers nor any information gained from your statements can be used against you in a criminal proceeding. However, your statements may be used by Department managers to determine whether or not you violated Department policy.
You will be asked questions specifically related to the performance of your official duties and/or your conduct related to your employment with the Department.
You have the right to have a representative of your choice, who is not involved in the incident, present with you during your interview. You may tape record this interview. You are ordered not to discuss the investigation or the content of your interview with anyone other than your designated representative.
I have read the above admonishment and I understand its contents.

ADMINISTRATIVE RIGHTS Force/Shooting Investigation

I am Sergeant Jonathan Hoyt and this is Sergeant Ronald Ridley of the Internal
Affairs Bureau, which is commanded by Captain John Roberts
You are about to be questioned as part of an official Los Angeles County Sheriff's Department investigation relating to your performance during the force/shooting incident that occurred on May 7, 2015. , including your performance preceding and following the incident.
You are being afforded your rights pursuant to California Government Code Section 3300 et seq. (Peace Officer's Bill of Rights) because you could be subject to discipline after this incident is reviewed by the Executive Force Review Committee. The EFRC is responsible for determining whether or not your performance (including, but not limited to, your use of force and your tactics) complied with Department policy. The EFRC may find your performance within policy or may find your performance violated policy and determine discipline based on this force/shooting investigation, without requiring a subsequent interview from you.
Do you have a Policy and Ethics Chapter of the Manual of Policy and Procedures? Yes 🗹 No 🔲
Are you familiar with its content? Yes 🗵 No 🔲 💮
You are specifically reminded that Policy and Ethics Sections 3-01/040.70 and 3-01/040.75 require that you make full, complete, and truthful statements. A refusal to make full, complete, and truthful statements may result in additional discipline, up to and including discharge.
Because you are being required to submit to this interview, neither your answers nor any information gained from your statements can be used against you in a criminal proceeding. However, your statements may be used by Department managers to determine whether or not you violated Department policy.
You will be asked questions specifically related to the performance of your official duties and/or your conduct related to your employment with the Department.
You have the right to have a representative of your choice, who is not involved in the incident, present with you during your interview. You may tape record this interview. You are ordered not to discuss the investigation or the content of your interview with anyone other than your designated representative.
I have read the above admonishment and I understand its contents.
